BISHOP O'CONNOR AT WHITE RIVER.

Peterborough, Aug. 8.—A special despatch from White River, in Northern Ontario, under date of August 2, will be read with interest:
Rt. Rev. Bishop R. A. O'Connor, of Peterborough, was a visitor here from Thursday to Saturday, and attended several services at the pretty little Catholic Church. High Mass with choral service, was celebrated on Friday morning, when His Lordship addressed the congregation. His sermon was simple in language, earnest in expression, and in exhorting his people to be guided in all their life conduct by the church, they would then be best serving Almighty God, and death would find them welcomed by Christ to His Kingdom. Confirmation was administered later, and the Bishop took the opportunity of giving the boys recently confirmed some excellent advice. He received promises from them that, at least until they reached manhood, they would not touch intoxicants, and in a few grave words, warned them against the evil effects of the drink habit. He congratulated the people generally on the pretty appearance of their little church. They were quite right, he said, in making their church beautiful. The house of God should always be the best house. He commended the singing of the choir, and suggested more singing practice with the children. The right reverend prelate was accompanied by Mr. T. J. Crowley, a student, and was the guest, during his stay here, of Mr. and Mrs. J. Coughlin. The distinguished visitor left for the east on the Imperial Limited on Saturday.

THE KILLALOE PICNIC.

Eganville, Aug. 9.—Notwithstanding the heavy downpour of rain, over one thousand seven hundred people responded to the call, "Put me off at Killaloe," on the 7th. This little village is situated about twenty miles west of Eganville on Brennan's creek, which supplies power for two saw mills and a sash and door factory. It contains two hotels and several business places. On the hill overlooking the village is the Catholic Church in aid of which the picnic was gotten up. The church grounds contain about eight acres, one-and-a-quarter of which is used as a cemetery. It being almost dinner time when the train arrived, the crowd wended its way to the picnic grounds adjoining the church. Here everything was in readiness for the reception of those fortunate enough to be there. Dinner over, the sports began. The baseball match was the opening event and although Renfrew team won, the Bradenells put up a good game and with a little more team practice could make a better team than Renfrew hustle to give them an even game. The event of the game was a "home" by Jack Murphy of Renfrew, who, owing to his avoidance, should have engaged a runner. Hon. Mr. Latchford was present and got a royal reception.

FIFTY YEARS MARRIED.

Alexandra, Ont., Aug. 9.—A very pleasant anniversary was celebrated on Thursday at St. Finnan's Cathedral, when His Lordship Bishop Macdonnell celebrated mass in commemoration of the marriage of Mr. and Mrs. Angus J. R. McDonald, 13-3 Kenyon, which took place in this county fifty years ago. Mr. McDonald is a most highly respected resident of the

county. Mrs. McDonald was formerly Miss Anne Cameron of Martin-town. The aged couple are cheered in their old age by a large and respected family. The two sons are John P., who resides in the west, and Mr. J. D. McDonald of Montreal. The daughters are Mrs. Hoey, Mrs. Kilkerry and Miss Sarah McDonald of Montreal, Mrs. H. McDonald, Greenfield, Mrs. McGillis of Ashland, Wis., Sister Alexander of the Order of the Holy Cross, Montreal, and Miss Catherine McDonald at home. Our readers will join us in congratulating Mr. and Mrs. McDonald on their long and happy life.

McCabe of the Normal School returned to town yesterday from Caledonia Springs, and is now busy making the final arrangements for the meeting of the Dominion Educational Association which will open at the Normal School next Wednesday. Dr. McCabe expects about 300 delegates to attend the convention. The ministers of education for the different provinces or their representatives will be present at the directors' meeting on Tuesday evening. Hon. Boucher de la Bruere and Hon. R. Harcourt, Ministers of Education for Quebec and Ontario, respectively, expect to be present in person, and also Dr. MacKay, Dr. Inck and Dr. Goggin, chief superintendents of education respectively for Nova Scotia, New Brunswick and the N. W. T. Prince Edward Island and Manitoba will be represented.

M. P. DAVIS' NARROW ESCAPE.

Quebec, Aug. 3.—M. P. Davis, the well-known contractor, narrowly escaped instant death last night at the site of the Quebec Bridge. He was ascending from the interior of the big sub-marine caisson, when, reaching up to move a bolt which he thought was to further open the trap door at the top, he unfortunately brought it down with terrific force upon his forehead, severely cutting himself and causing excessive bleeding. His engineer, Mr. Hoare, who was immediately behind him was nearly covered with blood flowing from Mr. Davis' head. Had the full force of the blow fallen upon the top of Mr. Davis' head it is feared his skull would have been fractured. As it is, he is in a fair way towards recovery.

WEDDED AT MARMORA.

Peterborough, Aug. 3.—On Monday last at seven o'clock a.m. a happy event took place at the Catholic Church, Marmora, when Mr. William O'Keefe, of Norwood, and Miss Nellie O'Neil, also a former resident of Norwood, were joined together in the holy bonds of matrimony by the Rev. Father Murtagh. The bride was attended by Miss Mary Shannon, while the groom was assisted by Mr. Laughlin, of Norwood. After the ceremony the bridal party repaired to the home of Mr. Thomas Cain, uncle of the bride, where a reception was held. About twenty of the most intimate friends and relatives of the happy couple were present.

IRISH SOCIETY'S PICNIC.

London, Ont., Aug. 8.—Glorious weather and a great crowd were features of the Irish Benevolent Society's picnic at Port Stanley to-day. The thousand of merry-makers who were in attendance were favored with the presence of the combined bands of the Cleveland City Railway Company and the 7th Regiment. The first train from London consisted of fifteen crowded coaches and was followed at intervals by others that were also well filled.

LOCAL AND DISTRICT NEWS.

CATHOLIC CHILDREN'S AID.

There are at present under the care of the Children's Aid Societies of Ontario the following children, for whom it is desirable to obtain good Catholic homes: Two girls aged seven years, two aged four years, two aged three years, and one baby (girl) of ten months; also three boys aged seven years.

Even when children are required chiefly for the assistance they can give it is better that they should be taken young before troublesome habits have been formed, and they will in after years amply repay the care that has been bestowed upon them.

Persons wishing to obtain any of these children will kindly apply, giving references, number in family, distance from church and school, etc., to Mr. William O'Connor, Inspector Neglected Children, Parliament Buildings, Toronto.

INDEPENDENT FORESTRY.

The July report of application for the month just published shows that 5,418 were accepted, the State of Michigan taking first place in point of numbers of any High Court jurisdiction, with Ontario second, and of the Ontario jurisdictions Central Ontario now leads. The new jurisdiction of Australia gives its quota of three hundred applications for the same period. At a recent Forester function at Sackville, N. B., Hon. Senator Wood, one of the speakers, is reported in the Sun as follows: "Senator Wood did more than welcome the visitors to Sackville. He did that heartily and gracefully, and his personal tribute to Dr. Oronhyatekha and Supreme Secretary McGillivray was sincerely eloquent. But he went further, and as a business man commended the Order of Independent Foresters as a business institution as well as a fraternal organization. He spoke with knowledge and conviction on that point, for he was chairman of the Banking and Commerce Committee of Parliament when the Order went before that body seeing certain legislation. At that time, he said, there was a feeling that fraternal insurance orders were not conducted on financially sound principles, and therefore might be expected to go to wall. It was, therefore, only after the most careful inquiry that the I. O. F. got the legislation it sought. It had twice secured amendments to its charter, each time in the direction of greater security to its members. With its very large surplus, which he was satisfied was prudently invested, it partook more of the nature of a mutual insurance company from the business standpoint, than a fraternal organization. Its affairs have been managed with very great ability and it gave the best guarantee of security to its membership of any organization of its kind in the Dominion."
