

LINDSAY ONT.—W. A. Woods, architect, is preparing plans for a four-roomed 2 storey brick school house at Kinmount, to cost \$3,500. Same architect has prepared plans for remodelling the interior of the Lindsay Post newspaper office, recently damaged by fire. — The town clerk is taking tenders on supply of cement.

VICTORIA, B. C.—A Government bill has been introduced in the Legislature authorizing a loan of \$5,000,000 for railway construction, and \$500,000 to bridge the Fraser river near Lewis Westminster. — A special meeting of the city council is to be held for the purpose of taking final action in respect to the paving of Government street.

OTTAWA ONT.—It is the intention of the Canada Atlantic Railway Company to build a new road from St. Justine to Vaudreuil, for which surveys are being made.—Mr. Mather, architect, has prepared plans for a four storey brick building to be erected on Rideau street by R. B. White.—Tenders are invited by the Department of Public Works up to Saturday, May 25th, for construction of breakwater at Chance Harbor, St. John county, N. B.—Hon. Mr. Tarte has stated that the erection of an addition to the House of Commons will be undertaken immediately, to consist of six additional rooms and one large committee room.—Building permits have been granted as follows: F. Gowgan, double brick veneer dwelling, Nepean street, cost \$3,000; Thomas Mitchell, brick veneer dwelling, Concession street, cost \$1,800; French Presbyterian church, Wellington street, cost \$4,000; A. McQuaig, brick dwelling, Preston street, cost \$1,200; J. J. Neville, eight terrace houses, Cartier street, cost \$6,000.

MONTREAL, QUE.—Tenders are invited up to June 15th for electric street lighting after the expiration of the present contract. Particulars from L. O. David, city clerk.—The Mount Royal Cemetery Co. have had plans prepared for a commodious office building to replace the one recently burned.—It has been definitely decided to submit to the ratepayers a by-law to provide \$100,000 for four additional fire engines, two chemical engines, new fire station, hose ladders, etc.—Over sixty building permits were issued during April, among them being one to J. Joseph for a large building near the Board of Trade property.—It is understood that the Montreal Light, Heat & Power Co. have an option on the Barron property as a site for proposed office building.

VANCOUVER, B. C.—E. C. Guenther has designed a commodious hotel to be

built by R. Minaty at Howe Sound.—Several well known German residents of this city intend building a summer hotel on the Capilano, on property purchased from W. J. May.—W. R. Wilson, architect, has taken tenders for addition to brick building for B. C. Land & Investment Agency.—F. M. Rattenbury, architect, invites tenders up to May 15th for building addition to Hotel Vancouver, to be of pressed brick and terra cotta. The intention is to remove the whole of the present structure except one small wing at the rear. The new hotel will contain 230 bedrooms, and will cost about \$400,000, of which the Georgia street wing to be built first will represent about one-third.

TORONTO, ONT.—Gouinlock & Baker, architects, invite tenders in this issue for erection of an addition to the Canadian General Electric Co.'s works at Peterboro, Ont.—The Baptist Church Extension Board, of Toronto, have recommended the erection of a new church on Sheridan avenue.—Tenders are invited by the city up to noon to-day (Wednesday), for furnishing 500 feet of cotton fire hose, and 600 feet of inch rubber chemical engine hose.—Alterations are about to be made to Sherbourne street Methodist church, including the extension of the gallery along the sides and the replacing of the opera chairs by the usual church seats.—The Ontario Association of Architects have asked the Ontario Government that the plans for the new science building of Toronto University be open to public competition.—G. M. Miller & Co., architects, have prepared plans for the new library and convocation hall to be built at the Ontario

Agricultural college, Guelph, by the Massey Estate, and tenders will shortly be invited. Plans have also been prepared for the physical and biological laboratory to be built there by the government.—The works committee of the city council have accepted the engineer's original report in favor of a separate system of sewerage for the Indian Road district. The cost will be about \$15,000.—The property committee has recommended the erection of a new fire hall on Cowan avenue, to cost \$7,500, and the illumination of the city hall clock, to cost \$2,500.—The following works have been recommended by the city engineer. Macadam roadway, Wilton avenue, Parliament to Sumach, cost \$4,640; River, Queen to Gerrard, cost \$8,410; George street, Queen to Gerrard, cost \$10,580; asphalt pavement on Gerrard street, Sherbourne to Parliament, cost \$14-
