SOUTHERN PITCH PINE LUMBER, timber, plank and boards suitable for railroad, bridge and factory work, car stock, etc.

CYPRESS—the coming wood. A perfect substitute for White Pine for tanks, interior finish, etc.

CORRESPONDENCE SOLICITED.

**MALCOLM'S
Patent Sanitary Wash Basin**

This Wash Basin does not give the disagreeable and unhealthy odor that comes from the overflow of all other wash basins in the market. The overflow is from the bottom of the basin, and being trapped at that point, completely stops the smell that would otherwise arise. It is neater and better than any other in the market. Call and see it at our show rooms, 89 and 91 Church Street, Toronto.
