

- (vii) identification of the persons or agencies responsible for implementation of the remedial measures in question;
 - (viii) a process for evaluating remedial measure implementation and effectiveness;
 - (ix) a description of surveillance and monitoring to track the effectiveness of the remedial measures and the eventual elimination of the contribution to impairments of beneficial uses from the Critical Pollutants;
 - (x) a process for recognizing the absence of a Critical Pollutant in open lake waters.
- (b) The Parties shall classify efforts to reduce Critical Pollutants by their stages of elimination progressing from the definition of the problem, through the selection of remedial measures, to the implementation of remedial programs, the monitoring of recovery, and the removal of designation as a Critical Pollutant when it is no longer likely to cause, singly or in synergistic or additive combination with another substance, impairment of identified beneficial uses.
- (c) Lakewide Management Plans shall be submitted to the Commission for review and comment at four stages:
- (i) When a definition of the problem has been completed under subparagraphs 6 (a) (i), (ii) and (iii);
 - (ii) When the schedule of load reductions is determined under subparagraph 6 (a) (iv);
 - (iii) When remedial measures are selected under subparagraphs 6 (a)(v), (vi) and (vii); and
 - (iv) When monitoring indicates that the contribution of the Critical Pollutants to impairment of identified beneficial uses has been eliminated under sub-paragraphs 6 (a) (viii) and (ix).

7. Reporting Progress

- (a) Point Source Impact Zones that are associated with direct significant discharges of industrial and municipal wastes shall be identified, delineated and reported to the Commission beginning September 30, 1989. They shall be reviewed biennially and their limits revised to achieve the maximum possible reduction in size and effect in accordance with improvements in waste treatment technology and consistent with the policy of virtual elimination of persistent toxic substances.
- (b) The Parties shall report, by December 31, 1988, and biennially thereafter, to the Commission on the progress in developing and implementing the Remedial Action Plans and Lakewide Management Plans and in restoring beneficial uses. Information from these reports shall be included in the Commission's biennial report under paragraph 3 of Article VII."
