

United Nations Conference on Environment and...—*Cont.*

Trade factor, GATT, etc., 74:15, 24-6

See also United Nations Conference on Environment and Development (UNCED '92)—Developing countries—National report

See also Appendices *passim*; Urbanization

United Nations Environment Program see Head, Ivan—

References; United Nations Conference on Environment and Development (UNCED '92)—Stockholm 1972 conference

United States see Acid rain; Air pollution—Standards—United States toxic air pollution; Automobiles—Emission controls; Canada—United States relations; Canadian Coalition on Acid Rain; Chemical/toxic substances; Climate change *passim*; Electricity—Coal plants—Exports/imports; Energy—Productivity/efficiency; Forest industry—Private ownership of resource; Fuels—Contamination; Gasoline—Coal oil—Contaminated; James Bay hydro-electric project—Electricity exports to United States; Natural gas—Exports to United States; Nuclear energy—Other countries; Oil spills—*Exxon Valdez*; Ozone layer depletion—Chlorofluorocarbons factor; Pesticides—Toxaphene; Railways; Soil erosion; Souris River; Urea formaldehyde foam insulation

United States Congress

Environmental initiatives, 1:38-9

See also Acid rain; Federal Environmental Assessment Review Office—Order in Council appointment; Great Lakes—Water pollution

Universities see Environment Department—Atmospheric Environment Service

University of British Columbia see Appendices—Copeland; Forest industry—Reid; Forests—British Columbia; Organizations appearing

University of Victoria see Organizations appearing

University of Waterloo see Appendices—Robinson; Organizations appearing

Uranium see Climate change—Fossil fuels factor; Nuclear energy

Urban areas see Climate change—Forests; Population growth—Density

Urbanization

Environmental implications, United Nations Conference on Environment and Development (UNCED '92), etc., 62:28-9; 63:8; 68:28, 30; 74:28-30, 68

Urea formaldehyde foam insulation

Canadian/United States policies, 42:45

Urgency see Air pollution; Climate change

User-pay policies, 7:12

Valdez, AK see Oil spills—*Exxon Valdez*

Valhalla Society see Appendices—Copeland; Forests—British Columbia; Organizations appearing

Value-added manufacturing see Forest industry—British Columbia

Van De Walle, Walter (PC—St. Albert)

Climate change, Committee study, 42:18, 32-3

Environment, 42:32-3

Polluter-pay policies, 42:32

Vanclief, Lyle (L—Prince Edward—Hastings)

Agriculture, 47:19-20

Climate change, Committee study, 28:54-5; 42:34-6; 47:19-20

Electricity, 28:55

Environment, 42:35-6

Pollution, 42:34-5

Procedure and Committee business, witnesses, 42:34

Vancouver, B.C. see Climate change; Committee—Travel

Vancouver Island see Oil spills

Vancouver Island Pipe Line see Oil and natural gas industry

Vandalism see Nuclear energy—Safety

VanKleeck Hill, Ont. see Acid rain—Maple syrup industry

Vegetables see Pesticides—Imported vegetables

Vehicles see Automobiles

Venus see Climate change—Geological history

Vertical axis water turbines see James Bay hydro-electric project—Technology

VIA Rail Canada Inc.

Cut-backs

Atlantic provinces, concerns, Trans-Canada Highway concerns, comparison, 36:38-40

Disabled and handicapped, impact, 36:44-5

Environmental implications, EARP study, Environment Department role, etc., 9:29-30; 10:31-2, 35-6; 16:9-10, 15, 28, 31-3, 37; 18:12-3, 21; 19:36-7; 36:26, 32-5, 37; 41:24-5; 57:13

Railway electrification, energy efficiency, climate change/carbon dioxide emissions factors, relationship, 16:11-3

See also Climate change—Automobile emissions factor

Legislation, lack, factor, 36:49

Toronto, Ont. position, 49:13-5, 27-9

See also Appendices; Canadian Environmental Protection Act (amdt.)(Bill C-22)—References; Ozone layer depletion—Chlorofluorocarbons factor

Vienna Convention for the Protection of the Ozone Layer see Ozone layer depletion

Vinyl chloride see Chemicals/toxic substances—Spills

Volatile organic compounds see Air pollution—Transportation factor

Volcanic activity see Climate change

VOX see Volatile organic compounds

Wallaceburg, Ont. see St. Clair River—Drinking water

Walpole Island Indian Reserve see Air pollution; St. Clair River

Walpole Island, Ont. see Incineration—Detroit, MI

Walsh, J.A. (Du Pont Canada Inc.)

Climate change, Committee study, 29:14-5
