

*Proceedings on Adjournment Motion*

ing to develop this. The operators themselves all conscious of the situation, and very largely of course realize that if this is going to be the matters related in the article are in the a permanent industry, the fish must be sus- past tense and are under control. tained. I can assure him our officers, the Motion agreed to and the house adjourned R.C.M.P. and the operators themselves are at 10.26 p.m.
