they were joined by Mr. McWilliams things  
looked blacker. Mr. Frank Turner was  
present at the meeting, and as he is not a  
member of the Council, and it can hardly  
be ascertained in the face of facts that he  
would be allowed to be present as a rate-  
payer, the only inference that can be ad-  
vanced is that he is also assisting the op-  
erations of the company. Mr. Turner likewise  
joined the whispering party, and Reeve  
Duncan, who had only at that moment ar-  
rived, was also accused.

**The Reporter Fired.**  
A return was then made, and the Reeve  
quietly asked the withdrawal of the re-  
porter.

**Star Chamber Business.**  
Two large township ratepayers were af-  
terwards interviewed, and expressed them-  
selves anything but satisfied with such star  
chamber proceedings. One suggested that  
a measure of public opinion should be taken  
in this matter certainly is should never be  
taken up at a meeting in which the members  
indemnity is paid for by private parties.

**The World was assured that nothing in-  
tended to be entered into, and that the meet-  
ing would only revise the draft agreement  
submitted, and the completion would be  
made at a subsequent date.**

**The record of the present Council stands  
high order throughout the municipality,  
but meetings of this nature cannot serve to  
enhance the good opinion held of the present  
government.**

**Make It Public.**  
The agreement submitted has not yet  
come into the public hands, but from state-  
ments gleaned at the reading on the first  
point of its presentation, there are many  
points that would stand clipping in the  
interests of the ratepayers.

**For the exclusive privilege of free use of  
the municipality's roads, power and light  
rights, and many other concessions of a  
municipal nature, the whole to extend over  
a period of 35 years, the only privilege re-  
tained for the township seems to be the  
right of the ratepayers to pay the rate set  
for such by the railway company.**

**A feature of the event not the least no-  
ticeable is that Solicitor McWilliams, now  
high order throughout the municipality,  
but meetings of this nature cannot serve to  
enhance the good opinion held of the present  
government.**

**It Made Them Hot.**  
The first application of this concern un-  
derwent mild criticism in a former issue,  
and the projectors evidently did not like  
the exposure that the draft agreement re-  
ceived. Monday next is the regular session  
of the Council, but the business of this  
corporation was of too important a nature  
to wait till that time, and a special meet-  
ing called yesterday will be held for out of  
the funds of those anxious to get through  
the deal.

The World's young man, on entering the

Messrs. Royce and McWilliams, the two so-

Toronto, June 30.—In April, 1896, the case  
of Mr. Charles Gilchrist was reported in  
the Canadian press. His own statement  
was printed, and the gentleman referred to  
in a despatch published last week has

**The World Scared Them Out.**  
The World's young man, on entering the  
office, caused quite a consternation to  
Messrs. Royce and McWilliams, the two so-  
licitors representing the unknown company,  
and rapid and significant glances were ex-  
changed between them. The hurried exit  
of Messrs. Royce and Bull to an adjacent  
room boded ill for the scribe, and when

**DOUBLE EVIDENCE.**  
Two Letters Which Throw Light  
on the Case.

Both from the One Man-Dated Years  
Apart-But they do not Conflict  
in their Testimony.

Toronto, June 30.—In April, 1896, the case  
of Mr. Charles Gilchrist was reported in  
the Canadian press. His own statement  
was printed, and the gentleman referred to  
in a despatch published last week has  
clipped in his scrap book which describes  
Mr. Gilchrist's case in his own words:  
"I have been a sufferer," he said, "for ten  
years with Diabetes and Kidney disorder.  
At times my urine was of a dark brickly  
color, which would cause me great pain  
passing. I have tried everything in the  
way of medicine, but could get no relief  
from the way of doctors, and at last I was  
advised to use Dodd's Kidney Pills.  
I did so and am happy to say I am cured.  
This is what Mr. Gilchrist had to say  
about Dodd's Kidney Pills in 1896. In 1899,  
three years after, his cure still held good.  
And further, he was still grateful for the  
medicine that brought it about—Dodd's  
Kidney Pills.  
The following letter was lately received  
from Mr. Gilchrist:

Port Hope, May 28, 1899.  
Dear Sir—Your letter came to hand this  
morning. I was in a pretty bad state when  
I first used Dodd's Kidney Pills. I had a  
miserable time in my back and was in perfect  
pain all the time. I am well now and owe  
it all to Dodd's Kidney Pills. I have not  
suffered so often other than parties who said  
they saw my testimonial and a good many  
people of this town came to me and told  
me that Dodd's Kidney Pills were first-class.

Yours truly,  
Charles Gilchrist.  
Dodd's Kidney Pills are for sale by all  
druggists or by the direct of price  
from the Dodd's Medicine Co., Limited, To-  
ronto, Ont.

**Woodbridge.** June 30.—(Special.)—What  
happened to Mr. George Locke as he was  
drawing gravel for the corporation. Whilst  
crossing a temporary bridge across the  
Humber River, near the mill, a horse  
slipped near a steep grade, which  
drew the horse backwards over the bridge.

**North Toronto.**  
Charles and Daniel McPhy of Aurora got  
into an altercation with Conductor Moses  
on a car at Glen Grove late last night. Their  
names were taken by Const. Constable  
Tomlinson, and they walked on the way  
home. The men were followed by Con-  
stables Lawrence and Tomlinson, and ar-  
rested, and before Magistrate Ellis this  
morning were fined \$1 and costs for disor-  
derly conduct.

**The Baptists of York Mills and a large  
company of friends spent yesterday after-  
noon at the grounds of Mr. David Duncan  
at Don. The occasion being the annual  
don party. The event had to be postponed  
on Wednesday owing to the weather, but  
suffered none in point of numbers through  
the delay.**

**A movement is on foot among the people  
of Deer Park to get a supply of water from  
the town of North Toronto. The move-  
ment is but averse to granting the  
supply if the laying of the main line is  
arranged.**

**The County Clerk has notified the town of  
the intention of the county to suspend pay-  
ment for the electric light now placed at  
York Mills, and the township will now be  
asked to assume responsibility for payment  
of the light.**

**An offer will be made by the town to the  
Township of York to water half the front  
of Mount Pleasant Cemetery on Yonge-  
street, if the latter body will lay the dust  
along the other half.**

**Mr. W. A. Clarke, Clerk of York Town-  
ship, fell out of a buggy while out for a  
drive on Wednesday night and sustained  
severe injuries to his right leg.**

**The Finance Committee met last night,  
but only the Mayor, the whole to extend over  
a period of 35 years, the only privilege re-  
tained for the township seems to be the  
right of the ratepayers to pay the rate set  
for such by the railway company.**

**A feature of the event not the least no-  
ticeable is that Solicitor McWilliams, now  
high order throughout the municipality,  
but meetings of this nature cannot serve to  
enhance the good opinion held of the present  
government.**

**It Made Them Hot.**  
The first application of this concern un-  
derwent mild criticism in a former issue,  
and the projectors evidently did not like  
the exposure that the draft agreement re-  
ceived. Monday next is the regular session  
of the Council, but the business of this  
corporation was of too important a nature  
to wait till that time, and a special meet-  
ing called yesterday will be held for out of  
the funds of those anxious to get through  
the deal.
