### GERMANY'S GOVERNMENT MUST **AMEND CONSTITUTION OR ALLIES** OCCUPY MORE TERRITORY

Supreme Council of Peace Conference Decides To Send a Strongly Worded Note To Germans—The Article Complained of Must Be Supp ressed Within the Next Two Weeks.

Paris, Sept. 2.—The supreme council of the peace conference decided today to send a note in forcible terms to the German Government, pointing out the contradiction with the Versailles treaty of the provision in the new German constitution providing for the representation of Austria in the German Reichsrath.

The council demands the suppression of the article within a fortnight, declaring 'hat otherwise the Allies will be compelled to undertake a further occupation of the left bank of the Rhine. The article objected to in Article 61 of the German constitution as in contrast with Article 80 of the German peace treaty, forbidding German interference in Austrian affairs.

Article 80 of the Versailles treaty reads:

"Germany acknowledges and will respect strictly the importance of Austria within the frontiers which may be fixed in a treaty between that state and the principal Allied and associated powers; she agrees that this independance shall be inalienable, except with the consent of the council of the league of nations."

The text of the paragraph in the German Constitution referred to has not been received in this country. It appears, however, that the clause applied to all the territories of German-speaking peoples in Europe, and therefore to German Austria with the effect of providing that Austria might have a certain number of representatives in the German Parliament proportionate to the Austrian population.

UNANIMOUS NOMINATION

Conservatives Will Likely Have A. A. Lefurgey As Opposing Candidate.

Charlottetown, P. E. I., Sept. 2 .-It is confirmed here that Hon. W. L. Mackenzie King, Opposition leader, will probably be the Liberal candidate for Prince County in the by-election to be held October 27. It is understood that he will accept a unanimous nomination. A convention is to be held at Summerside next Thursday. King was offered the nomination by the Liberal delegates from Prince County at the Ottawa convention, just after he was elected Liberal leader.

In Prince, at the last general election, the late Capt. Joseph Reed, had a majority of only 324 over his nephew, A. A. Lefurgey.

The latter will be King's opponent unless he is appointed lieutenant-governor, his name being prominently mentioned in this connection with this position.

Premier Lloyd George is expected to remain in France another fortnight, but he has already virtually finished his holiday and is busily engaging himself in the affairs of the nation. He is consulting members of the cabinet personally on home problems and is in constant telephonic communication with both Paris and London.

Interest in this city centres about the new campaign by the newspapers which is reminiscent of the one which overthrew the Asquith Government. It seems to make Andrew Bonar Law, former chancellor of the exchequer, and present Government leader in the Commons, the scapegoat for any governmental mistakes and shortcomings and exonerate the premier on the ground that Bonar Law was virtually acting premier in London, while Mr. Lloyd George was engaged at the peace conference in Paris.
