Rev. C. Jeff McComb of Toronto gave a most interesting address at the gospel temperance meeting in the Wonder-lend Theatorium this afternoon. He urged that the church and state goland in hand, so that by religious persuasion and legislation the liquor traffic, the community, might be completely abolished. This evening meeting at Wonderland brought the season's gospel temperance meetings to a close. City Clerk Conron read the financial state rrent, which showed that the total receipts were \$102.65. The hall rent amounted to \$77.4\$, and \$15.22 went for incidentals. This left a balance of exactly \$10, and this amount was handed over to the orchestre, whose services have been much appreciated at all the meetings. The program this evening included recitations by the Misses Gladys, Pearl and Valetta Monroe, and solos by Douglas Stanbury, the eight-year-old by tenor from Toronto. The Empire Made Quartet gave several pleasing selections at the afternoon meeting. The hall was filled to overflowing on both occasions.

Rev. Dr. Pidgeon preached an excellent sermon at Victoria Presbyterian Church to-night. The substance of the address was a plea that men and women should dispense entirely with all the paraphernalia and ceremony that was such a prominent feature in the Christian church to-day. "Indeed, it has happened," said the speaker, "that man has come into personal touch with his Creator without any human intermediary wnatsoever." Dr. Pidgeon cited two instances of this one was where a young Toronto man of dissolute habits was sitting in his room trying to count how many friends ing. At the same time he impressed to hear a voice telling him he had and, finding that he had none taking full advantage of the opportunity now given of extending the infinity now giv
