Prize Fight Aftermath

If the cable report is true, that Burns was hissed by the spectators when upon entering the ring for his contest with Moir, he attempted to state that he was a Canadian and not an American as the United States papers claimed him to be, the day of an end. Surely there was nothing wrong in Burns' wishing to state that he regarded Canada as his home, and if there was any credit coming to a athlete as Burns, surely the Englishmene did not begrudge Canada the

tle credit for the victory, altho the same Hart had a short time before colored heavyweights, Jack Jackson, affighter allowed to be in the front rank and after Burns got thru with him the slippery Philadelphian looked like pion heavyweight of Australia and record should from an unprejudiced point of view, entitle the Canadian to be classed as one of the best of heavyweight champions.

CORBETT'S RECORD.

After Corbett won the championship from the broken down John L. Sulli var the papers across the line herald. defeat at the hands of the aubur haired Australian, Bob Fitzsimmon who was little more than a midd weight. Was there one newspape the United States that dubbed Corb a third rater? Not one, and what he Cerbett ever done? He fought a dra with Peter Jackson, a lame man, ar had beaten the back number, Char Mitchell, but outside those two figh he had done nothing of any account

From this distance it looks like t persistency of Burns in claiming Ca ada as his native country is the on reason that many of the sporting wr ers across the line do not admit h to be a first-class heavyweight figh er. They eannot deny him the world championship, as there is no way disputing his right to the title, b they can call him a third rater. It would be just as consistent to call him

AN INTERVIEWS

A Los Angeles despatch brings the news that Jim Jeffries still insists on his retirement and makes the exchampion say of Burns: "Wouldn't I look sweet in a ring alongside of a shrimp like that Canadian?" Only a short time ago it was given out at Los Angeles, probably by the writer of the above alleged interview, that Jeffries would surely again enter the ring to regain the title from a "foreigner," Burns being classed as a native son. This was probably the big fellow's intention, while the statement that he referred to the champion as a shrimp is a pure fabrication. Burns and Jeffries are the best of friends and the fact that they are unequal in size would have less bearing on the result, if a match were made than the condition of the men. Appearances are that Jeff might get in shape to defeat all the fighters, Yan kee or foreign, with the single exception of Tommy Burns, the Canadia who is undisputed heavyweight champion of the world.

Most of the trouble is that Burn doesn't need a manager. He know how to make matches, and he know how to handle his money and protect his own interests. That, perhaps, why he isn't well liked by some of th Yankee rewspaper sporting writer who would like to declare in.

Searching His Qualifications. 'So you have at last secured a servant for your rural home?" 'Yes," answered Mr. Trelliboy. "Do you think you will manage to keep her?"
"I don't know . I am not a very good

hand at marketing and my wife is quite inexperienced as a cook." Perceived Scant Progress.

Bliggins says that his two-year old baby knows most as much as its "Humph." rejoined Mr. Sirus Bar-"what can the child have been

NOTE AND COMMENT Centrals Break Two Records Single Frame and High Score

Roll 1046 Second Game and 2811 Grand Total-Win Two From Royals B .- Results in Other Leagues.

Living up to the press notices, the Cen trals and Royals B, in the City League to enthuse any hardened old official who has it in his noddle that bowling is a game that should be hindered, not boosted. in the city.

No less than two records were broken. the Centrals rolling 1046 the second game he is but a third rater, which goes which is the highest single frame score

were installed. Another record also went to the same team, being that of high team score, the Centrals rolling 2811, which is only 42 pins behind the world's record, made by Thompson's Colts at the C.B.A. tourney here last spring. The Centrals, needless to say, with this rolling annexed the first two, and their supporters, confident that their team would repeat the last game, offered to bet, whereupon the loyal Royal supporters grabbed up the coin in sight for keeps, as the Royals won the clesing one by a margin of 48 pins.
