AND
"The Trojan"
The New EATON Plug for Ford's

IS TO BE SOLD at 45c. Is that not a special price? And you can buy this plug with every assurance that it will give satisfaction, for it has been tested and proven. Remember the name—"Trojan" and the price—45c.

Two Special Demonstrations Are Being Given in the Auto Accessory Section

ONE is a demonstration of the "Safety First" Storm Cloth, for automobiles, street cars and locomotives. A chemically-prepared cloth which, with one application to wet windshield, will cause rain or snow to run off, giving driver perfectly clear vision. It is non-smearing; will not injure gloves and one application lasts entire storm. Each, 50c.

The other is a demonstration of "Nonolio" Polish, which is dustproof, and which contains no acid, alkali, grit or harmful substances. It cleans, polishes, waxes and protects. Try it on your car. 16 oz. tin, 85c; 32 oz. tin, \$1.50.

STORE HOURS:
8.30 a.m. to 5 p.m.
SATURDAYS
8.30 a.m. to 1 p.m.

YOU'LL
READILY
REALIZE

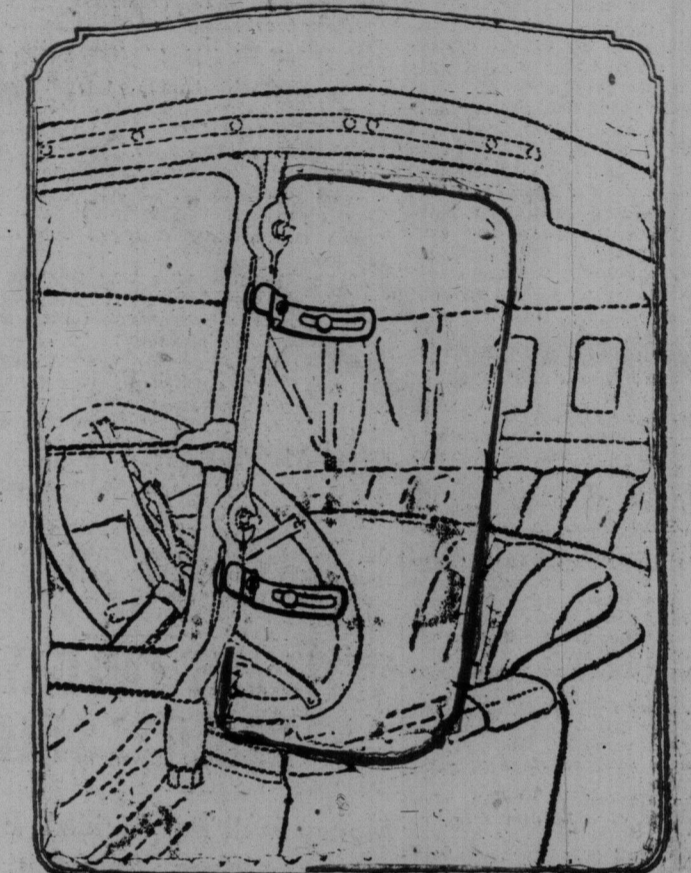

THAT the following tires for the large type of cars are special when you see their prices.

32 x 31-2 Groove Tread tires are priced at \$19.50; 31 x 4 Groove Tread tires are priced at \$23.50; 32 x 4 Non-Skid tires are priced at \$27.50; 33 x 4 Groove Tread tires are priced at \$27.75; 34 x 4 Groove Tread tires are priced at \$28.75; and 34 x 4 "Non-Skid" tires are priced at \$31.00. They're guaranteed for 4000 miles, and they're fresh and new from the factory of a well-known Canadian tire maker, who uses only the most reliable fabric and rubber. Motorists who need tires, and those who haven't an immediate need for them, will do well to put in a supply at such special prices; just how special they are will be quite apparent to everyone who is acquainted with tires and their present prevailing prices.

Remember the Location---

Main Store.

AND OF COURSE
"Win-D-Flectors"
For All Cars at \$14.75 Are Special

PERHAPS you've heard of these or have seen how they eliminate draughts, save the eyes, protect the clothes from dust and enable one to drive in the rain without the use of curtains. Or if you wish a breeze, you simply adjust the thumb screw with a turn of the fingers and you get a direct, cool breeze from the side, instead of a hot draught from over the engine. The "Win-D-flector" is of simple construction; there are no cumbersome hinges, bars, nuts or bolts, consequently it is easily installed. It is of plate glass with ground and polished edges and rubber washers on both sides, which do away with possible breakage through jar and vibration. Slots permit quick adjustments, bracket is of resilient steel, triple plated on copper. The price is \$14.75.

MINISTER'S TRIP WAS BUSINESS ONE

How Manning Doherty Says
He Will Pay for Private
Car.

Hon. Manning Doherty, minister of agriculture, returned yesterday from his trip to the west. "While in British Columbia," he said, "I spent some time on forestry matters, and am making a report on this subject to the prime minister. "On my return trip, I spent some time in Alberta, where I gathered considerable information as to the working of their better grading system, and also had an opportunity of visiting three or four of their agricultural schools, which are being operated along somewhat similar lines to those being conducted in this province at the present time. I found their experience of great interest and much value. "Returning to Ontario, I spent several days in the northwestern part of the province, in the vicinity of Port William. A few miles from Port William is located the prison farm operated under the provincial secretary's department, and this department has been conducting a plant breeding station at the same place. I went into the whole matter carefully from every standpoint, and the subject will be taken up with the government in a

short time and a policy decided upon with respect to both branches of the work. While at Port William I also opened the Horticultural Show, and was much impressed by the exhibits of vegetables and flowers, which I had the opportunity of inspecting.

Was Purely Business Trip. "While the date of this trip was determined by the unfortunate illness of my brother, which terminated fatally, I may say that because of the matters above referred to, the trip would have been made this fall in any event. The news as to my brother's condition caused me to leave earlier than was otherwise the case, but as I arrived only in time to attend the funeral, my whole trip, with the exception of three days, was devoted to public business of very considerable importance."

Referring to recent criticisms in regard to the private car, Hon. Mr. Doherty corroborated the statement which was made by the prime minister, to the effect that all the expenses in connection with the trip were borne by himself personally. He added: "As the province has not been asked to pay any of my expenses, I do not know that this phase of the subject is of any further public interest. I may say, however, that the province of Ontario never has and never will be allowed to pay any portion of my personal expenses when personal matters are involved. I made one trip last spring in the car 'Whitney' with Premier Doherty, and I saved this province from

\$200,000 to \$500,000. During my trip to the west, although the business of vital importance to the province occupied over 80 per cent. of my time, the province of Ontario will not be to the expense of one dollar because of the fact that the personal element of visiting my brother's family entered into it. I have always paid my own way in this world, and shall certainly continue to do so."

Urges Negotiations Over Terauley Street Extension

According to Mayor Church the work of acquiring land by negotiation for the Terauley street extension should be proceeded with forthwith. The land from Grenville to College, he opined, could be acquired right away. The bylaw for the widening, which has not yet been passed, will come before the council on September 25 next. Property owners are being notified that the city will bear 75 per cent. of the cost and 25 per cent. will be charged to the parties directly benefited.

MANY SPEAKERS WANTED

Sept. 6 is scheduled to be one of the busiest days on the calendar of the U.F.O. organization. To date, labor bodies have requested speakers for less than eight Labor Day picnics.

MARCONI WIRELESS PLANT FOR ONTARIO

Site Secured in Markham
Township—Messages
Direct to England.

According to plans divulged by a party in close touch with the Marconi Wireless Company, erection is to be immediately commenced of a \$100,000 wireless station to be a central plant for the whole of Canada, and to be of such power as to be capable of sending messages to England without the necessity of relaying them. The plant is to be situated on lot No. 1, concession 5, in Markham township, and will utilize some twenty-three acres of land, which have been purchased from the local realty firm of Anglin & Norcross.

The plans of the Marconi Company are said to contemplate serious competition with the ocean cables, and for the affording of adequate service, additional plants will be erected at Winnipeg and western points. The Toronto station will, however, be the central one for this country, and will handle the despatching of all European messages.

The location which the company has

chosen is said to be particularly suitable, owing to its elevation and its remoteness from high tension wires. For the operating of the station, it will be necessary to construct a heavy power line from Yonge street.

CARUSO'S CHOICE OF PIANO.

In his September Canadian tour, which includes Toronto and Montreal, the world's greatest living tenor, Caruso, has given explicit instructions that a Concert Grand piano of Ye Olde Firme Heintzman & Co., Limited, shall be placed at his disposal. Tone and purity of singing quality in a piano are first essentials with a great artist, and these Caruso knows he will obtain in this high-grade Canadian-made piano.

STRUCK BY MOTOR CAR.

John Hogg, aged 60, of 84 Geoffrey street, was knocked down by an automobile driven by Alexander Peter, 109 Montrose avenue, yesterday, at Queen and Northcote. Mr. Hogg had got off a street car and started for the sidewalk. When near the sidewalk he turned back onto the road and was hit by the automobile. He received cuts about the face, but was able to be taken home.

An optometrist is a fellow who buys hair-restorer from a bald-headed barber.

MANY MOTHERS ARE ASKING ASSISTANCE

Owing to the huge pile of work the Mothers' Allowance Commission are to meet again tomorrow. Over one hundred applications have been received for the position of executive secretary, and the same number for investigators. The commission made a number of appointments, but no announcements will be made until approved by the Ontario Civil Service Commission. Almost one hundred mothers have applied already for assistance, and as soon as the commission finishes its work the investigators will be sent out, and arrangements will be made to issue the cheques on October 1.

ORDERS INVESTIGATION.

Mayor Church has ordered an investigation into the death of Ronald Stewart, who was killed at the Jail Farm on Saturday.

WITHDRAWAL POINT AU BARIL SLEEPER.

Canadian Pacific sleeping car now operated between Toronto and Point au Baril will be withdrawn for season 1926 as follows: Last sleeper from Toronto, September 10. Last sleeper from Point au Baril September 13.

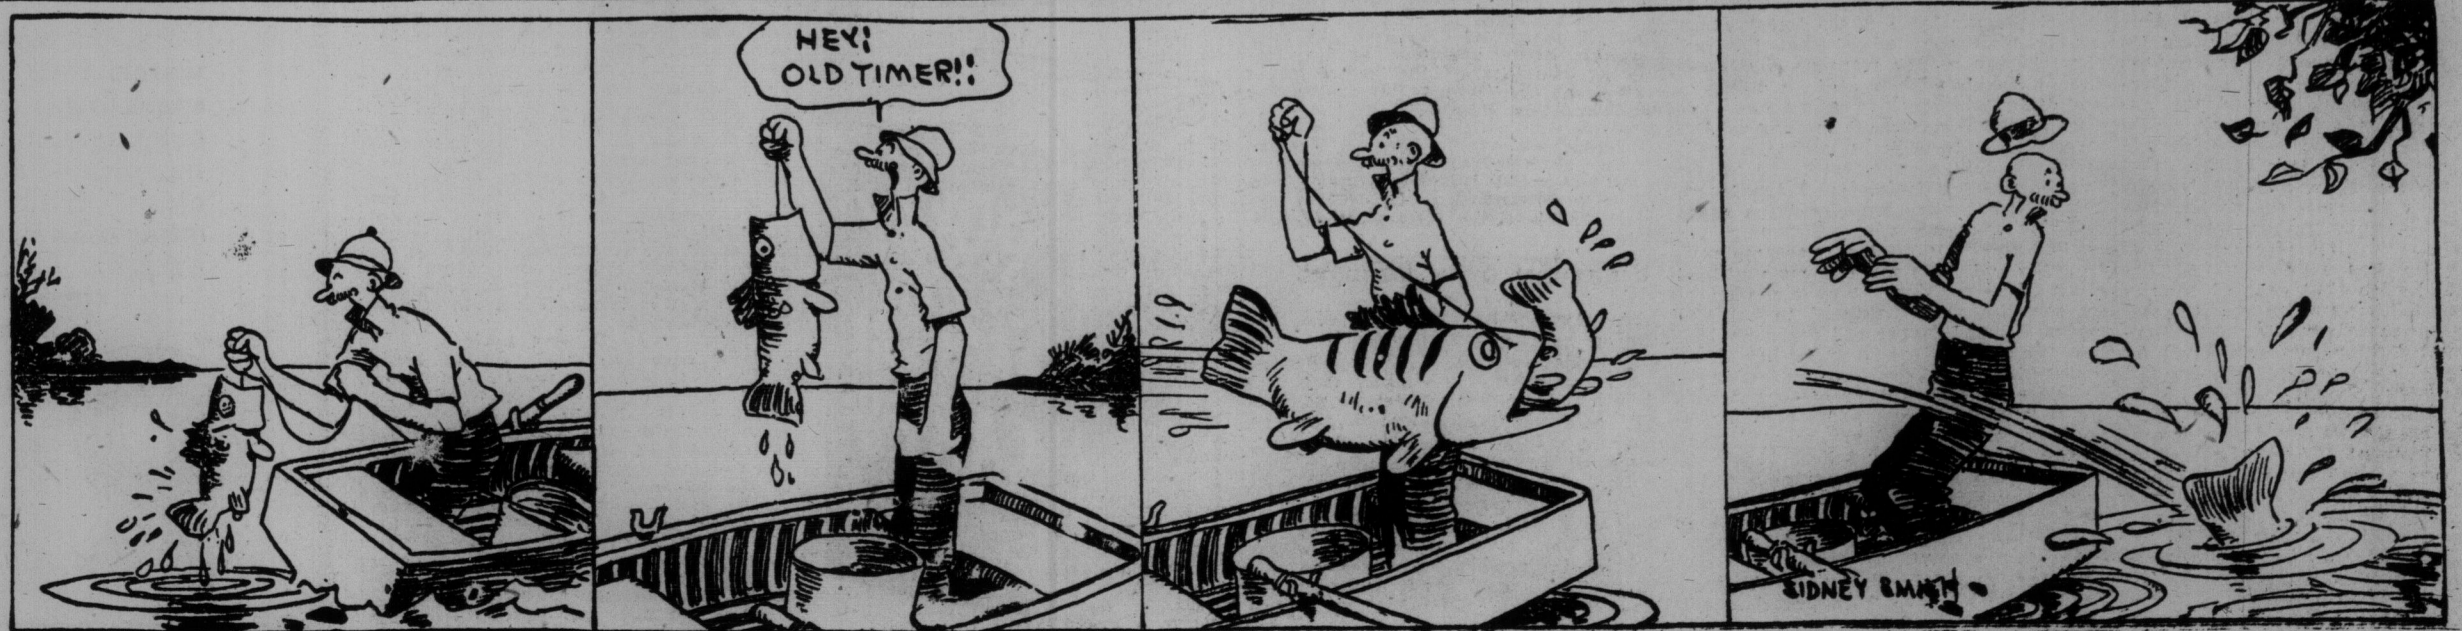

FARMERS TO OPPOSE HIGHER PHONE RATES

Public ownership of the telephone system is a problem of too great magnitude to be tackled at present by the U.F.O. organization, according to the statement yesterday of Secretary J. J. Morrison. Mr. Morrison stated that the farmers would certainly oppose the schedule which the Bell Company are seeking, but beyond that they could take no action. "The policy of the farmers has always been for public ownership of all utilities and had previous administrations carried this out the present situation would not have arisen, he declared.

T. S. R. UNDECIDED OVER REPRESENTATIVE

Just what would be the nominee of the Toronto Railway Company to represent them in the forthcoming arbitration in connection with the taking over of the T. S. R. Manager R. J. Fleming yesterday said he was not prepared to state. The name of W. H. Moore had been suggested, but Mr. Fleming pointed out that it might not be to the advantage of the company to have a man so closely connected with the street railway as its nominee. He did not think it likely that an expert from the States would be brought in.

THE GUMPS—ANYTHING IS BAIT AT SHADY REST.

Be Slender

A new way to become slender, agile, healthy is now yours. See the pictures, the shadows are to give you idea of size before reduction of weight. No need of starving, no need of exhausting exercises.
