William Duke, with nuptial message. The bride wore a becoming suit of white serge with picture hat and carried a bouquet of carnations. She was attended by Mrs. Albert Graham who was neatly attired in a suit of white with pink trimmings. Pte. Philip Moore supported the groom. Mr. and Mrs. McDonald will make their home at 87 Somerset street. The groom is a native of Sydney, N. S., and served overseas with a battalion from Halifax. NOW FACES CHARGE OF THEFT OF A WATCH

Following closely upon the remand of Arthur Johnson in the police court this morning on a charge of stealing a ride last evening on the outbound Boston express in the vicinity of the cantleaver bridge, Detective Briggs and Duncan set to work on a theft case which they believed involved the prisoner.

Yesterday morning a man answering the description of Johnson entered Robinson's bakery in Celebration street and before he left he got away with a gold watch belonging to Fred Nobles, who is employed there. The watch was hanging in a rack on a rest on the wall. Johnson now faces the charge of theft of the watch, valued at \$25.

The watch was recovered by Detective Briggs this morning in Gilbert's second hand store in Mill street. It is understood it was sold there for \$2. The man who sold it signed under the name of Johnson of Halifax.

Johnson is an Englishman and it is said came to the city early yesterday morning from Nova Scotia. The affair will be tried in the police court within the next few days.

HERE'S A CHANCE TO ENCOURAGE THE BOYS

The thoughtful onlooker at the opening game of the Boys' Club League last evening on the Petry playground at the foot of Hanover street saw more than the alert lads who played or cheered the game. He could see in fancy, other forms running the bases, the forms of enough former members of the league make a full team, and quite a number who played last year, but who are today playing a bigger game in France.

More than a hundred boys large and small were on the playground last evening. One wondered where the fathers and mothers and sisters were, that none of them thought it worth while to encourage the players by their presence. Rattling good ball will be played on this diamond this season, four evenings per week for the working boys' league and practically every evening for the small boys after the latter begin their series.

Why do not the people in that section of the city get together and provide some swings, leetors and other equipment for the children on parts of the field not used for base ball? Who will take the lead and make the place a real playground?

RIOT IN SARAGOSSA

Cheer for Germany at Demonstration for Allies Starts Trouble

Madrid, May 22, via Paris.—Manifestations in which violent incidents occurred are reported from Saragoassa. The disturbances were started by a person on a street car cheering for Germany as the car passed where a demonstration was being held in favor of the Allies. A crowd promptly attacked the car and a free fight followed between the supporters of the allies and adherents of Germany. Eventually the police dispersed the rioters, but not before many of them were injured.

Saragoassa is the capital of the Spanish province of Saragoassa and of Aragon and lies about 175 miles northeast of Madrid.

NOTED WRITERS IN PROVINCE ON SALMON FISHING EXPEDITION

Prominent Men in Newspaper and Magazine World in Party Organized by Joe Page

The party of American writers referred to yesterday as having arrived at Fredericton for a week of salmon fishing in New Brunswick numbers some very noted men.

Among them are Hugh Fullerton of the Chicago Tribune, baseball expert, prominent short story writer and the author of several volumes; Grantland Rice, of New York, another noted sports writer, one of the best known penmen in the United States; Jack Leigh, playwright, magazine writer, novelist and contributor to the Chicago Herald; Maximilian Foster, another whose stories in the Saturday Evening Post had a wide circle of readers; W. P. McCarahan, sporting editor of the New York Tribune; L. O. Armstrong, lecturer of the bureau of economics, Washington, D.C.; and Freeman Owens, moving picture operator, one of the best in America.

Also in the party are J. M. Gibson, chief of the C. P. R. publicity department, and Allan Seymour, also of the C. P. R. They are guests of the C.P.R. The idea of the trip was conceived by Joe Page last year. He knows the men well on account of association with them in his baseball activities and during last summer he arranged for them a trip here for the fall in quest of the lordly moose. The writers, however, found it impossible to get together at that time and decided on a salmon fishing expedition this year. And now they are with us. Several others tried to make the trip with them but could not get away.

It was to be hoped that weather that greeted the party with better success than they have encountered, for it is a bit chilly. But they will no doubt enjoy the change from their daily routine at home. Their visit should prove of much value to New Brunswick when they get back and begin to give the reading public something of their experiences in the New Brunswick woods.

Page, to whose initiative the expedition is primarily due, was not able to be with the party as his duties keep him elsewhere at this time.

MORE CHEERY WORD FOR THE HOUSEWIFE

Prices of Some Staples Show Reduction for First Time in Many Weeks

There is some encouragement for the consumer to be found by a glance over the market prices for the last week. For the first time in many weeks the list of principal products shows several reductions.

The most important feature, of course, was the drop in flour. Manitoba now being quoted at 40 lower and Ontario at a reduction of sixty cents as compared with the figures a week ago. The reduction, it is said, has not had the effect of stimulating sales, as purchasers insist on waiting until they are sure the bottom has been reached.

Sugar also shows a reduction, all grades being quoted twenty cents a hundred lower than last week, although the raw sugar market is firm.

Yellow-eyed beans have dropped twenty-five to thirty cents and are now fifty cents a bushel lower than white beans.

Eggs and butter are easier and prices slightly lower.

Compound lard, canned apples and certain grades of canned salmon all show small advances.

Oregon apples and California oranges are somewhat higher, while grapefruit is lower.

Bermuda onions and Florida tomatoes are quoted at lower prices this week and cucumbers and fresh pineapples have made their appearance on the local market.

Potatoes continued their upward course the demand being stimulated by planting operations and the wholesale price now is \$750 a barrel.
