BRAZILIAN GOES BACK FOLLOWING RECENT CLIMB

Declaration of Regular Dividend by Directors Reacts on Stock

HIGHER PRICES, BIG TURNOVER IN WALL ST.

General Motors Jumps to New High, With Initial Sale of 5,000

Canadian Press. MONTREAL, Oct. 15.—Due no doubt, to the fact that the directors of Brazilian Traction declared only the regular dividend, that stock at the opening of the Montreal Stock Exchange this morning, suffered a recession of 2½ points at 77. On the next sale, it touched the low of 70½. A number of local operators predicted an increased dividend or a bonus owing to the renewed strength of milreis, coupled with the hopes that the Brazilian government would allow the company more generous privileges. Cuban Canadian Sugar common came in for a great deal of attention, and registered an overnight gain of ½ at 96½. Consolidated Smelters at 156½ was up 2½.

IN WALL STREET

NEW YORK, Oct. 15.—Rising prices accompanied the turnover of unusually large blocks of stocks at the opening of today's stock market. General Motors jumped two points to a new top price at 122 on an initial sale of 5,000 shares, while McCrory "D" with an overnight gain of four points, led a vigorous upturn in the mercantile issues. A good demand developed for U. S. Steel, American Smelting, International Nickel and other representative industrials.

Deep sea divers engaged in salvaging the wreck and recovering bodies from the sunken submarine S-51, off Block Island, R. I., now have a new peril—sharks—added to their difficult work. This shows a big shovel-nose shark that had just been hooked aboard the U. S. S. Camden.

Spinal Patient Taken From London To Paris By Air

LONDON, Oct. 15.—A spinal patient, to whom the slightest jar might have proved fatal, has just been carried by air from London to Paris. In a special Napier Vulcan express a bed had been slung between elastic suspension boards. The patient had been advised by a Harley street specialist that there was a sporting chance of recovery if he could get to Switzerland and there obtain certain treatment. He traveled from Dorsetshire in a motor ambulance, was lifted into the shock-proof bed in the air express, and flown to Paris, and from there continued his journey to Switzerland by train.

Prince Makes Effort To Aid Bereaved Repulse Operator

Canadian Press. LONDON, Oct. 15.—The Prince of Wales has found time, amid preparations for his homecoming, to interest himself in behalf of H. M. S. Repulse's radio operator, Bramley, son of Fred Bramley, labor leader and former member of Parliament, who died suddenly October 9. Young Bramley is anxious to arrive in London in time for his father's funeral, which takes place at 2 o'clock Friday afternoon. As the Repulse is not due at Portsmouth until noon, Friday, this will be impossible, unless Bramley can be specially rushed ashore somewhere before reaching Portsmouth. The prince sent a radio message to Premier Baldwin and the Admiralty asking them to do their utmost to facilitate this. The Premier and the Admiralty replied, promising their co-operation.

Brokers' Opinions

NEW YORK, Oct. 15.—Josephthal & Co.—"Nothing beyond normal recessions indicated before new high levels are reached. The favorable position of the steel industry is just making its influence felt."
Houseman & Co.—"Improvement in the leather business has been noted for some time. From a trading standpoint activity in American Hides and Central Leather is, we think, well following."
Hornblower & Weeks—"The steel market is evidently being acclimated in the rails, which should be a factor in encouraging sentiment when it is needed. Where strength in special oil issues develops we would buy them."
Hock Haloney—"The action of rails, steels, oil and metals indicate disposition to take profits and await developments. Would continue to use strong spots to get out of long holdings only replacing on sell-backs."

Current Events

NEW YORK, Oct. 15.—Bank of England rate unchanged at 4 per cent. Western Union, third quarter earnings, \$4.59, against \$3.76 in preceding quarter and \$3.48 in third quarter 1924. Car-loadings week to Oct. 3, totalled 1,112,463 cars, increase 94,715 over like week in 1924.

SPEND A MILLION.
CHICAGO, Oct. 15.—A million dollars, and a new pilot with a pennant scalp dangling at his belt, will essay the re-running of the Chicago Cubs, tail-enders in the National League.

The new manager, Joe McCarthy, whose appointment was announced yesterday, guided the Louisville Colonels to the American Association pennant this year. He has signed a contract for two years at a reported salary of \$20,000 a year.

The money is the promise of William Wrigley, Jr., chief owner of the Cubs. "I'll shoot a million to put the Cubs over the top in 1926," he says.

Bride of Sixteen Gets \$20,000 A Year and Flat From Father

LONDON, Oct. 15.—A flat in Park Lane, a marriage settlement of \$20,000 a year, and some exquisite pearls, are the wedding gifts of Sir John Mullen, the Government broker, to his 16-year-old daughter, Avril, who will marry Prince George Inzeretinsky on October 28. The wedding will take place at St. Margaret's, Westminster. It will be an all-silver function, since the bride has chosen a fairy-like dress of stiff silver brocade with a train three yards long, while the six child bridesmaids will wear silver frocks.

Prince George Inzeretinsky was formerly an officer in the Grenadier Guards. He is descended from the ancient kings of Georgia.

He gave him a week to raise the money, Bryant being out on bail. He was indicted on a charge of assault and doing grievous bodily harm.

SUTHERLAND RE-ELECTED.

WINNIPEG, Oct. 14.—George Sutherland, of Ingersoll, Ont., has been re-elected president of the Canadian Ticket Agents' Association, now in annual convention here.

GONG CALLS DOCTOR

MORRISTOWN, Ind., Oct. 15.—Tired of running over town in search of her husband, Dr. A. Clark, when a patient calls, Mrs. Clark has erected a gong in her yard. The gong can be heard all over town. So when a patient calls to see the doctor Mrs. Clark sounds the gong and the checker game down at the store must wait until he comes back.

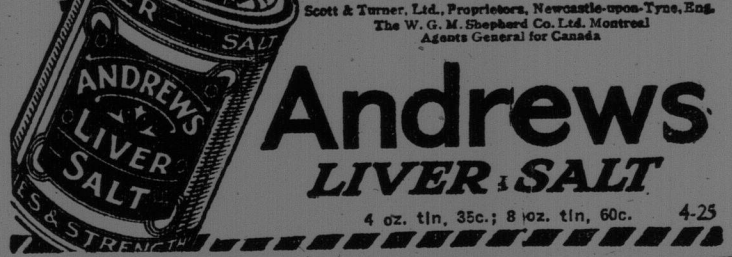

REUTHER OUT.
PITTSBURGH, Oct. 15.—Followers of the World's Series have been wondering why Walter Reuther, former National League southpaw, has not been used by Manager Bucky Harris. The answer came today. Reuther's good left arm is not exactly right, and he is unable to pitch.

This fact was suppressed just as long as it could be by Harris in order not to give comforting information to the enemy.

An Exhilarating and Invigorating drink

A bubbling glass of Andrews Liver Salt is an exhilarating drink—it seems to wash away that early morning staleness and leaves body and mind alike freshened and invigorated for the day's work. Just a glass of water and a spoonful of Andrews make this pleasant drink of health.

Man is made of what he digests!

MEN of poor physique—women who are nervous—highstrung, undeveloped children—often have large appetites. But Nature works not on what we EAT: but only on what we DIGEST. VIROL is not only a perfect food in itself—but it aids in the assimilation of all other foods.

It is the building, renewing, rejuvenating power of VIROL on undernourished and weakened bodies that built its fame. Beef marrow, eggs, salts of lime and iron, malt extract, and juice of fresh lemons—that's VIROL. If you are run down take a teaspoonful after every meal. If your children are anaemic, undernourished, it's VIROL they need.

Doctors prescribed 40 million portions of VIROL to their patients last year. Has any preparation ever had greater endorsement than this?

VIROL is sold by all Canadian drug, grocery and department stores.
