DEMONSTRATES IDEAL CAMP STOVE

Messrs. D. Scribner & Co. Show the Great Value of "Kampkook" Stove to Autoists and Campers.

At the well-known sport store of D. Scribner & Co., corner King and Sydney streets, there is now being demonstrated the original "Kampkook" stove, that handy little cooker so much appreciated by automobile and camping parties. Simple to operate, a child can run this stove in complete safety, and another redeeming feature is that, unlike many of its kind, it may be folded up when not in use and tucked away under cover.

WEDGEWOODS "Blue Ferrara" Tea and Breakfast Ware

Attractive shapes in Blue Scene Decoration.

O. H. Warwick Co., Limited 78-82 KING STREET

A convenient handle gives it the appearance of a small dress suit case—fourteen and one half inches long, and the weight of it is but eight pounds. "The 'Kampkook' carries two burners, and as it will take at least three hours to burn one quart of gasoline, this only goes to show that the low cost of it as a full line of Hesch and Spalding's well-known baseball supplies.

THE ENGLISH GOLF SUPPLANTS NORFOLK

Old-time Favorite Returns in Vastly Different Form.

The old-time Norfolk coat, a favorite for amateur hunters, and with all outdoor men, has given place to the "English Golfer" and the "Dixie," two new models created by the Chief Designer of the Chief Designer of the Norfolk, who has taken the easy grace of its successors. And with these two has come "The Pro," who like distinctive and graceful garments. Each of these three garments are shown now in the original models from the Chief Designer's studio by Creary's in Charlotte street, in this city. The suits are four-piece suits for business and play—a pair of golf knickers and a pair of trousers of the same material. IS RESCUED BY HER DOG. Hamilton, Ont., July 15.—Mrs. M. E. Jones, who resides on the beach, was saved from drowning by her dog. She got beyond her depth and began to sink. The dog was on the shore, and, seeing her in difficulty, swam out, catching her by the collar, and with his teeth brought her to shore. Mrs. Jones had been teaching the dog to rescue her small daughter while in the water and was the first to profit by her instruction.

BETTER THAN HARD COAL Soft coal so free from soot that it does not make whiskeys on stove covers or pipe and does not mat or cake when burning, is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.

FEAR JAS. WHITEMAN VICTIM FOUL PLAY

Murdered Man Went to U. S. to Collect \$1500. Windsor, Ont., July 15.—James Whiteman, junior of Windsor, found fatally shot near Pittsburgh, left Windsor Saturday, bound for the United States, presumably to collect \$1,500 which had been owing him on the sale of an automobile. His wife, residing here on Lillian avenue, with a four weeks' old baby, was prostrated with grief when she received word of her husband's death. She immediately left to claim the body which will likely be taken to Moline, Mich., for burial.

Married little more than a year ago, he became an exceptionally attentive man to his family. The full meaning of the despatch from Pittsburgh can only be conjectured at. His friends here feel positive that he was a victim of foul play.

The "J. H. Mendell" referred to in the despatch is not listed in Detroit directories, and police know nothing concerning his identity.

Try it Once—Use it Always

Yarmouth Creamery Butter FRED. BRYDON, City Market

The mammoth circus—the whole world's model of efficiency—uses twelve VACUETTES to keep its tents and Pullman trains spot and span. Twice each day, all the rugs, carpets and draperies of the arena are carefully cleaned with the VACUETTE. Every morning each of the hundred Pullman cars are thoroughly cleaned with VACUETTES. Though the circus manufactures its own electricity, both on the trains and when the tents have been pitched, only the hand-power VACUETTE could measure up to the circus' standards of strict cleanliness. The VACUETTE is constantly ready for use. It is operated more economically and more easily than the ordinary electric suction cleaner. There is no time wasted in attaching plugs and no entangling wires to interfere. Don't buy any kind of cleaner until you have seen the VACUETTE. The great circus has found it best. Thousands of housewives have found it best. Phone for demonstration.

Independence

Independence is not an indefinite something which just comes. It is a success quality which very very few—in fact only four men out of every hundred at 65, have attained.

A Manufacturers Life policy is not only a stepping stone to independence; it is the very foundation upon which it can be built. Systematically setting aside a part of your income year by year will bring you well-earned independence in later life. Should you not live to old age your life insurance will create a fund that will help to maintain your dependents.
