LOCAL NEWS

BEER CASE

Inspector McAlister during the course of his inspection yesterday reported Arthur Lindsay, 36 Spar Cove road, on charge of selling beer on Sunday and also keeping his store open. The beer was two per cent. The case will come before the police court in the near future.

MISSIONS.

Rev. Joseph Scholly, C. S. R., of Toronto yesterday opened a renewal of mission meetings in the handsome church which Rev. E. J. Conway has built at Chipman and in Minto and other stations of the parish. The attendance was large. Dominican priests of New York are giving a mission in St. Gertrude's church, Woodstock, of which Rev. F. M. Lockary is pastor.

PORTLAND CHURCH.

In the absence of the pastor, Rev. Nell McLaughlin, who is attending the conference meetings in Seckville, the pulpit of Portland Methodist church was ably occupied yesterday by Rev. Robert Crisp in the morning and the veteran preacher, Rev. J. C. Berrie, in the evening.

JOE PAGE GETTING BETTER.

Joe Page was in the city on Saturday and Sunday for the first time since late in April. He was taken seriously ill on the way to Montreal from here on April 29 and was in bed for some time. He is now recovering nicely and was heartily greeted on his return to St. John.

FIFTEEN ON POLICE COURT LIST TODAY

As usual on Monday morning the police court docket this morning was large, containing the names of fifteen prisoners. George Paris was charged with stealing \$34 and a returned soldier's badge, the property of John Hagerfeld, 272 Brussels street. The complainant said the accused went into his shop and took the money out of his cash register. Rankine said he was walking along Brussels street with Policeman Colwell yesterday morning when the complainant informed him what had taken place. The accused was arrested and the sum of \$12 in money was found on him. He was wearing a military badge on his coat, the witness said. Policeman Colwell corroborated this evidence. The accused was remanded for a further hearing.

Alexander McDonald was charged with being drunk and using profane and threatening language to Policeman Howard, who told of the incident. After a severe reprimand the magistrate imposed a fine of \$8 or two months for being drunk, \$8 or two months for using threatening language, and \$8 or two months for taking the name of God in vain.

A case against Mrs. Ellen Travis, charged with selling liquor within the meaning of the prohibition act, was resumed, and Inspector Merzfeld was called to give evidence with respect to the analysis of lemon extract found on the premises. He produced certificates to show that a bottle taken off the informant, Russell Keirstead contained thirty-six per cent. alcohol by weight, while two other bottles contained the same percentage, and a third contains forty-two per cent. The case was postponed until this afternoon. W. M. Ryan conducted the prosecution, and J. A. Barry appeared for the defence.

Louis Goldberg was charged with wandering about and not being able to give a satisfactory account of himself. He was arrested by Policeman Coughlan, who said he has been wandering in the street three times during the last week. He was remanded to be examined by a doctor.

John Nickerson, charged with being drunk and impeding pedestrians in King street, was remanded to jail. Eleven men charged with drunkenness pleaded guilty and were remanded to jail.

ATTRACTION WINDOW

IN WELCOME TO THE VISITING PRESS PARTY. Manchester Robertson Allison, Ltd., have prepared a very attractive window display in honor of the visiting newspaper men and women. In the background are draped the Canadian and United States flags and in the central part of the display is a representation of Minerva holding aloft a flaming torch. Copies of all the local papers and those of other parts of Canada and the United States are arranged about the figure while on pedestals at both sides are placed several volumes, an ink pot and quill and an old vestal lamp emblematic of learning. The display attracted considerable attention during the day and David E. Lynch, whose design it is, is being complimented upon it.

ALONG THE RIVER.

A large number of highly pleased suburbanites arrived at Indiantown a little after eight this morning on the steamer Dream, on her first Monday morning trip from the Cedars. She picked up passengers at various points and landed them all in ample time to get to their homes and their work. The steamer, later in the morning also had a good list.

There were many motor boats in the Reach yesterday, and one sailing yacht as far as Belyea's Point. It was a very delightful day. On Saturday evening young people from many points gathered for the dance at Greenacres Pavilion, at Belyea's Point.

A few ripe strawberries were picked yesterday. The gardens are looking well, but showers are needed to hasten growth. Potato bugs have already made their appearance.

GOLDEN WEDDING

Mr. and Mrs. Anthony Dobbin of Fair Vale Fifty Years Married.

Many relations and friends called yesterday at the home of Mr. and Mrs. Anthony Dobbin, Fair Vale, to congratulate them on the celebration of the fiftieth anniversary of their wedding. They were the recipients of many handsome remembrances of the occasion, including a purse of gold from Mrs. Dobbin's brother, Samuel Fox. Mr. and Mrs. Dobbin were married by Rev. Joshua Burgess at the bride's home in West St. John on June 13, 1870, and for many years have been residing at Fair Vale, where they enjoyed the esteem of a large circle of friends. They have three daughters, three sons and three grandchildren living. The daughters are Mrs. George Freese of Edmonton, Alta., Mrs. Samuel Mackay of Belleisle Creek, and Miss Annie, at home and the sons are Stewart L., of Edmonton and George and John, of Fair Vale.

The best wishes of many friends and acquaintances will be extended to Mr. and Mrs. Dobbin with the hope that they will see many more years of happiness.

HIGHER RATES FOR TELEGRAPH MESSAGES TODAY

An increase in telegraph rates takes effect today. The rate to points in eastern Canada in the past was the lowest of any rate in America. To these points the rate has been brought up to that in effect in western Canada and in the United States. The rate from here to American points has been increased very slightly. The increases, it is announced, have been made necessary by the increased cost of copper wire and all other materials used in the telegraph business. The wages of telegraph operators have more than doubled since the war.

The members of the railway commission with Hon. Frank Carroll as chairman held meetings all over Canada last winter to hear expressions of opinion in regard to proposed increases. Representatives of boards of trade and others appeared before the commission and a substantial increase. It was shown that there was practically no profit at all in the old rates. The increases are as follows:

To points in N. B.	Old rate.	New rate.
To N. S.	25 & 1	30 & 2
To points in Quebec	30 & 2	40 & 3
To points in Ontario	30 & 2	45 & 3
To points in Manitoba	75 & 5	95 & 5
To points in Saskatchewan	100 & 7	110 & 7
To points in Alberta	100 & 7	125 & 5
To points in British Columbia	100 & 7	125 & 5
To points in the United States	100 & 7	125 & 5

The term twenty-five and one, means twenty-five cents for ten words and one cent for each additional word; so thirty and two means thirty cents for the first ten words and two cents for each after, and so on. The rate to P. E. Island remains as at present, thirty-five cents and \$1 rate increase by ten cents each.

GREAT CROWD AT ROCKWOOD ON SUNDAY

Despite the heavy winds throughout the morning and early part of the afternoon and prospects for showers, hundreds of people left the city yesterday to take a chance with the weatherman at Rockwood Park.

From 3:30 until 9 p. m. more enjoyment and conditions under which to stroll could not be asked for. The reluctance with which many left for home after the quiet full-of-summer afternoon, was quite apparent. The parties drifting here and there and couples idly enjoying the supreme loveliness that was in the air all seemed to contribute to support the statement that next door to the city of St. John lies the greatest natural park in the broad Dominion of Canada.

Possibly a score or more skiffs floated about the lake occupied with seekers of real Sunday afternoon recreation. The water was quiet except for the slight ripples from the gentle breeze that wafted over the little lake.

The animals for the most part refused to partake in anything that would cause the least bit of interest among the spectators or mean the least bit of exertion to them. However, the presence of a noticeably large number of baby carriages, canoes, young ladies, ice cream cones and the Salvation Army supplied the wherewithal to a wonderful afternoon.
