

* QUARTERLY REVIEWS.

In September a mass meeting of all the Presbyterian schools was held in St. Andrew's Church, and addressed by Mr. and Mrs. Morton, Missionaries from Trinidad. With that exception the other quarterly meetings for review of lesson studies were made "Union" meetings—the Pastor's Bible Class and a few members of the congregation, together with the choir of the Church, having attended with the school for general exercises, which were much enjoyed.

BIBLE CLASSES.

There is a large attendance upon the Pastor's Bible Class, which is conducted independently of the school, and a number of our senior scholars have joined this department. It would, however, be better to have the scholars properly promoted and introduced instead of being allowed to transfer themselves. Some provision should be made for conducting a Boy's Senior Bible Class. The want of a suitable room alone stands in the way.

SPECIAL MONTHLY COLLECTIONS.

These have been continued during the year, and the surplus over ordinary contributions for Missions will be applied to special objects, such as "St. Andrew's Cot" at the "Home," and India scholarships.

LIBRARY AND PAPERS.

The books were thoroughly repaired and large additions made to Libraries early in the year. New catalogues—"Senior" and "Junior"—were printed, and instead of reserving a large Library for the Senior Bible Class and Teachers, these books were made available to all the senior scholars. The Libraries now contain 572 volumes, and are largely used by all the scholars. Mr. Thomas B. Maddocks having at the new year removed to Detroit, it will be necessary to appoint another Librarian to assist Mr. Hunter. The "Canadian Band of Hope," distributed to the Infant Class scholars, has given excellent satisfaction. The "Sunday School Times," supplied to the Teachers, is much appreciated.
