Briters are a purely Vegetable preparation, made chiefly from the native herts found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of Viregaa Britars?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood: purifier and a life-giving principle, a perfect. Renovator and Invigorator of the system: Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of Viregaa Britana in healing the sick of every disease min is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Billious Diseases.

In their treatment, a purgative, exerting a powerful induence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. Walken's Vinenan Britans, as they will speedily remove the dark-colorady viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.
