WE DO SHOE REPAIRING

The boys in the opening match of the O.H.A. junior game here to-night. Considering that this was the first time the locals have played together this season, there being no ice until to-night, they did well to hold the Woodstock team down to 8 goals. In the first period Woodstock scored five goals. The locals notched their only encounter in the second period. The teams:

Woodstock—Goal, Dunlop; right defence, King; left defence, Shay; centre, W. Carson; right wing, F. Carson; left wing, Trump. Substitutes, Debrulle and Mogg.
Paris—Goal, Stewart; right defence, Stock; left defence, Paine; centre, Hillman; right wing, Gill; left wing, Caruth. Substitutes, Shawcroft and Sugrue.
Referee, A.D. Fraser.

STRATFORD WINS.

Midwest last night won the opening fixture of the O.H.A. junior series defeating Mitchell on the latter's ice by the score of 8 to 7. In the first period Mitchell scored three goals to Stratford's one and looked all over the better team. Stratford came to life in the second frame and held Mitchell scoreless while the wearers of the Red and White slammed three past Campbell. It was real fast hockey dished up in the mid-season form and it gave the fans some idea what the kids could do. Each side scored four goals in the final period. The teams:

Stratford—Goal, Young; defence, Kelter, Borne and Zebach; centre, J. Cook; wings, Gatenby and Copplin.
Referee, A.W. Dick.
Cobourg Waverlys, having lost the services of two of their players, one by injury and one by removal, have decided to withdraw their intermediate team. This will leave three teams in Group No. 2 intermediate, viz., Kingston, Belleville and Queen's University. Belleville will play their first game at Kingston to-morrow night against Queen's. Woodstock juniors will play at Paris to-night. James Fraser, of Paris, will referee.
Lawson/Whitehead will referee the Port Colborne intermediate game at Niagara Falls to-night.
"Bobby" Hewitson will referee the Burlington intermediate game at Hamilton Wednesday night.
Bradford junior hockeyists are laid up with the "flu" and their game with Stayner, January 10, has been transferred to January 23.

Veterans and Denbals yesterday afternoon put on the finishing touches in preparation for to-night's game, and, judging by the announcement from the rival camps, both were optimistic over the outcome. The former will be far stronger than they were in the game at Hamilton and state that they will surprise the fans to-night.
Leroux, who was claimed by New-

man Hall, joined Veterans' line-up and will be used as one of the substitutes against Denbals. He formerly played in Winnipeg, and was highly recommended. Young, erstwhile Argonaut star, will see after one of the defense positions, and with Bennett to assist him the Denbals forwards will find it no easy task to register tallies.

Farlow, who has been playing in the defence, will move up to the forward line, where he should show to much better advantage. Last season he looked after the centre ice position for Crescents and made a good job of it. Leroux, Stuart, Schumacher, Darrow and Milne are available for the wing positions, and with this array of talent to choose from Veterans' advance guard should be strong.

Denbals are not underestimating the ability of their opponents and will place their strongest line-up on the ice. Stewart will play in the net, with Box, Brown and Smith on the defence and Hudson, Smylie, McCaffery and Rennie on the forward line. Coach Carroll has drilled his players in defensive attack, and the fan will get a chance of comparing it with the combination play used to successfully by the Kitchener champions.

McGregor of Toronto, LaRoux of Winnipeg and Capt. Graham have been tried out by the Veterans.

R.B. Rice's Queen City rink last night won the manufacturers' event, the chief competition of Galt Old Boys' Bantam, defeating the veteran Brampton club, "The Thimble," in a one-sided game on sticky ice, 17 to 3. The Toronto four out-played their opponents at all stages, Skip Rice giving a splendid exhibition and receiving excellent support despite the moderation in weather and resulting heavy going. The enthusiasm of the curlers ran as high to-night as it did on opening day.

The real thrilling match last evening and which attracted the largest gallery of spectators was staged by two London rinks, "Monkeys" Gibson's "Hustles" and Herb Heidmar's London Club four, the former winning out in an extra end 10-9. The game was nip and tuck throughout, and while "Monkeys" wasted both stones on the last end, "Hustles" found the going too hard, and missed his opportunity. As a result of their victory, Gibson's four are in the semi-finals in the Merchants event, and incidentally in the money. They play again in the morning.
Play will be completed by Wednesday afternoon, and the event has been the greatest success, and pronounced by visitors as one of the most successful competitions ever held in Eastern Canada.

The last advice from the Thimble show a blind Canadian soldier, a patient at St. Dunstan's Hospital, as one of the finalists in the single sculling event. At the Empire Club luncheon here yesterday Sir Arthur Pearson, the master of that great English institution for the blind, told of the athletic accomplishments of the patient. Referring to their sport he had said that it is of the utmost importance it is necessary to normal men, he said, and doubly so to the blind. Many learn to row and swim and sprint, and the spirit of emulation is as keen there as among the sportsmen of Canada. Sir Arthur made a complimentary reference to Pte. Bill Dips of Toronto, former Beasleys athlete, who was a prominent figure in the sporting activities of the Hospital. At the Hospital last night Sir Arthur said that he had had so many inquiries from Canadians as to the outcome of sporting events in connection with St. Dunstan's that he had decided to have the results cabled to this country.

SKATE JUICE

By Dan

To-night's battle between the Champions and Jerry La Flamme's aggregation is a probability will determine which of the three teams in the group will qualify for the second step towards the O.H.A. honours.

The Kitchener boys got a half Nelson of the group honours when they defeated the St. Pats in Toronto last Saturday night, and should they deliver the goods this evening their chances will be rosy of entering the second round.

However, should the Newman Halls slip one over, as they fully expect to do, "Bick" and "Emil" might just as well hunt up the pall bearers and notify the mourners

to assemble for the last and rite and farewells to "Big Mug."

A win for Jerry's Six would give that team a too hold on the silverware, and as Jerry is a dentist by profession when he gets a grip on anything, be it a molar or a hockey cup, something is going to snap before his teeth go.

As has as condition is congested the odds are all in favor of the Newman, for they have had the advantage of excellent ice in the Toronto arena for the past few months. With the Champions it is entirely different, for they have been mostly handling ice in the arena of ice. Four weeks ago the Newman came too good, and a lot of games in Toronto it is the Newman they have had.

The fact that the ice has been poor is no fault of Butch Seibert and Chuck Latta. These men know their business, and have worked night and day to get a decent bottom and the weather has been against us, making and for the past months the mercury has spent most of its time above freezing point. But in spite of this handicap the ice makers have made an excellent showing, and unless the temperature goes away up this afternoon the sheet should be keen and fast.

No Smoking, is the order for

to-night's game and the attendants are required to govern themselves accordingly.

CHECKER KING DETHRONED

Another monarch has been forced to abdicate his throne. However this time it is neither a Char nor a Kaiser that has fallen from his place in the Sun, but Mr. Eddie Seibert who has been forced to surrender all his rights and title to the Checker Crown. The new King of the squared board is Mr. Charlie Gillespie, who met and defeated King Eddie last evening.

Seven games were played, the results being as follows:

	Won	Lost	Drawn
Gillespie	3	2	2
Seibert	2	3	2

The new Champion is open to all comers, and will welcome challenges.

THE SQUARE DEAL PAYS

and square with tea every evening from 7 to 9 p.m. at the Corn Extruder. For fine view "Strangers" has cured every man it treats here "Painkillers" only—no painkillers here, 20c at all dealers.

Manitoba was the cold place in Winnipeg this week, the thermometer registering 35 below zero. In Winnipeg the same night the thermometer only dropped to 24 below.

Learn to Drive With A USED CAR

It takes time and patience to learn to drive an automobile. The many intricate parts of a car are not easily understood. It takes months of constant driving before you can master the details of driving any automobile sufficiently to justify you in taking a chance with an expensive new car. Buy a Used Car FIRST and learn to master thoroughly the fine points of driving a car before you spend your hard-earned cash for a new one. Good used cars are advertised at bargain prices in the Want Ads every day. For a few hundred dollars—often as low as \$150—you can buy a car in excellent mechanical condition. The appearance, of course, may not be just what you would like, but neither would the appearance of a new car after a few encounters with telegraph poles and other immovable objects. Listen to your JUDGMENT rather than your PRIDE and buy a USED car FIRST. Read the WANT ADS today for bargains in used automobiles. If the particular car you want isn't advertised today—read these ads again tomorrow and the next day. Eventually the car you want will be advertised.
