MAYOR KUTT PRESENTED WITH MAYOR'S CHAIR

Business For The Year Wound Up at Final Meeting Held Last Night.

PAST YEAR A MOST SUCCESSFUL ONE

The final meeting of the Town Council for the year 1919 was held last evening at the members being in their places when the Mayor called the meeting to order at 8 o'clock. Preceding the regular order of business there was a short session of the Finance Committee.

Mayor Kutt Honored

During the course of the evening Councilor Foster introduced a motion for the presentation of a resolution for his Worship Mayor Kutt. In past years it had been customary to shower the retiring Mayor with complimentary resolutions and commendations but this year in view of the heavy business transacted and the extra amount of work that had fallen upon the Mayor's shoulders it was only fitting that some little remuneration should be given to his worthiness as a token of the appreciation of his painstaking efforts. Nothing more suitable could be given him than the chair he has so ably occupied the past two years. Continuing, Mr. Foster said that Mr. Kutt's record in town affairs was indeed one to be proud of. For ten years he has been in the Council in one capacity or another and while he had decided to resign from town affairs during his term of office he had served the town faithfully and well. His motion to present the Mayor's chair was heartily endorsed by all the members of the Council who spoke in the highest words of praise of Mayor Kutt. The Mayor in a few well chosen words thanked the members for the honor bestowed upon him, doubly so because he had the proud distinction of being the Mayor of the town to be honored. He had enjoyed the work the past year. The chairman of the different committees and the members, as a whole, had given him every assistance possible and he thanked them most heartily for their co-operation. He would not be a candidate for any office next year. He had decided to take a well earned rest but later on might offer himself to the ratepayers. Although the motion to present the Mayor with the chair had been passed Councilor Foster introduced a motion to keep the chair and the Mayor's chair for the year 1920 instead of 1919. He had no second, however, and the motion was not put.

Granted Refund

Mr. Alf. Meyer asked for a refund of dog taxes. He had paid \$14.00 his tax notice calling for that amount. His assessment notice only showed two dogs which was right and in view of this a refund of \$8.00 was allowed.

Mr. A. K. Cressman was also granted a refund of \$83.00, the amount overpaid on tax notices paid for one of his clients.

Board of Health Report

Dr. C. T. Noecker, M.H.O., presented his report for the year a complete report of which appears in another column. Max Shum, whose name was added to the list of returned soldiers who were entitled to the \$10.00 presented by the town.

Town Will Pay Their Share

Pathmaster Hahn and Township Councilor Grotf interviewed the Council and presented an account

The milk was regularly tested according to the custom of former years, with very satisfactory results as a rule. You are probably aware that the milk vendors here, have no facilities for pasteurization. There are undoubtedly advantages in this treatment of the milk supply, but there seems to be no necessity for its adoption, in view of the fact that the standards of the milk, and of the sources of supply, have been very well maintained.

The perennial nuisances have been satisfactorily disposed of, and for some time, no complaints have been made.

In my report last year, I advised the Board to negotiate for a resident member of the Victorian Order of Nurses. After the advantages and the benefits of the town were brought to the attention of the Mayor and Council, the sum of \$400.00 was unanimously voted, and thereafter steps taken to inaugurate this boon. MAYOR W. H. KUTT, who was presented with the Mayor's chair last evening.

amounting to \$86.00 as Waterloo town's share of repairs made to the boundary road between the corporation and the township. There was some little objection to this account as the work had been done without the chairman of the Board of Works knowing anything about it. The deputation explained that nothing had been paid by the town for the last three years and as the road was a boundary one both were liable. There was no disputing this fact and while the account was passed they were requested that in future the matter be taken up with the chairman of the Board of Works before the work is proceeded with.

May Raise Rent of Hall

Mr. Moyer, chairman of town property, advised the charging of a small rental to local parties who hold rehearsals in the Town Hall as it requires extra heating and extra work. Although he did not expect to be in the Council next year, recommendation to the above effect to next year's chairman would not be out of place.

Given Hall Free

Mr. Cochrane presented a motion that the hall be given free gratis to the W.M.S. Band who are putting on a play December 16th. The proceeds are to be used for the purpose of purchasing benches for the park and as these taking part are giving their services free gratis the town could do this much. The motion carried unanimously.

Make Hotel Restaurants

There was some little discussion in regard to the inability of one of our hotelkeepers to secure a license. Rooming accommodation is in demand as it is without putting on more restrictions. It was pointed out last night that providing proprietors carried on their business as a restaurant and served eatables over the counter that they would be strictly within the law. The hotel proprietor in question will, it is understood, try the case out. Adjournment was made at 9:30 o'clock.

REPORT OF DR. C. T. NOECKER, M. H. O.

To the Mayor, Chairman, and Members of the Board of Health.

Gentlemen:-

I have the honour to present herewith, the report of the Board of Health, for the year 1919.

Forty-eight deaths occurred during the period covered by this report, which is at the rate of 9.60 per 1000 of the population, and compares most favorably with the average per 1000 for the province.

Of communicable diseases, but 10 cases were reported, of which number Diphtheria contributed 2 with 1 death.

Scarlet fever contributed 3 with 1 death.

Tuberculosis contributed 5, of which 4 were fatal.

It is very gratifying to report that there has been no recurrence of Spanish Influenza during the year. Two deaths in January marked the end of the great epidemic, long to be remembered as the most appalling in history. Owing to the favorable sanitary conditions prevailing, our isolation Hospital has been untenanted, and as

result, the cost of maintenance has been a negligible amount.

The milk was regularly tested according to the custom of former years, with very satisfactory results as a rule. You are probably aware that the milk vendors here, have no facilities for pasteurization. There are undoubtedly advantages in this treatment of the milk supply, but there seems to be no necessity for its adoption, in view of the fact that the standards of the milk, and of the sources of supply, have been very well maintained.

At The Theatres

JINX IS SOME SHOW AT THE ALLEN.

Critics sometimes contend that photoplays are not always wholesome mental food for juvenile audiences. Mabel Normand's very latest Goldwyn Picture, "Jinx," which was presented at the Allen Theatre, yesterday, is a satisfying production from the parental standpoint, for it is thoroughly clean and bright, and the funny situations are devoid of vulgarity masking as comedy.

The story situations are grouped about a traveling circus and a orphan's home. Although the little waifs of the picture wear simple checked gingham frocks, thick stockings and shabby buttoned shoes in the orphan's home, it would be interesting for audiences to see these same tots on their way to the studio in the morning. Little Frankie Lee, who has played so many important juvenile roles in big productions, and who carries a leading role in "Jinx," comes to the studio with his mother in his own automobile, wearing quite the smartest thing in the line of sailor suits ever conceived by any tailor. With all his success, Frankie is modest and bashful and lovable. The other well-known juvenile players who appear with Miss Normand are Buddy Messenger, Ed. Tiedel, Alice and May Giraci, Peaches Jackson, Jack Condon, and Yvonne O'Rourke.

Of course, the orphan children with their matron visit the circus when it comes to town. The Jinx of the circus (Mabel Normand) creates such a lot of trouble that she has to run away to avoid punishment. Exhausted, she goes to sleep in the barn back of the orphanage, and the following morning the children find her and report that 'there is a pretty fairy asleep in the manger with moo-moo.' When the fairy wakes, she teaches the children how to play circus. The old bugles in the barn become chariots and the hay racks are golden spears. Slicker (Cullen Landis), the wild man of the show, climbs beneath a hedge and helps with the fun. Later, after many encounters with adversity, the Jinx finds her make-believe world real.

Its a real film and we can only say it is unfortunate that its stay is of such short duration. Two days is hardly long enough for a film of this calibre and judging from the enthusiasm displayed yesterday at both performances a return engagement will be booked in the near future. Harold Lloyd the prince of Comedians is to be seen in a funny Comedy entitled Count Your Change while the 8th, Episode of The Midnight Man rounds out a most excellent bill and the S.R.O. Sign will undoubtedly be displayed at the final performance to-night.

High Class Vaudeville at Imperial.

The Imperial, the vaudeville house of the City for the first three days of this week present vaudeville of the big time variety and backed up with the whirlwind move stars.

Tom Mix in The Speed Maniac, an episode of the Red Glove Serial, and a Mack Sennet Comedy patron yesterday who crowded the theatre to capacity saw a two hour show well worth double the money. The feature film is full of "pep" from beginning to end. It makes no difference to Tom Mix whether he is riding a horse, driving an auto, taking part in a Prize fight, or in the hundred and one hazardous situations in which a hero is bound to find himself he manages to be there when the push comes and of course to make the picture satisfactory he always comes out on top. In the speed Maniac, the hero is given a wonderful scope to show his ability as an athlete and it is not going too far to say that for exciting situations and hair raising elixirs, and for dardevilism it is a picture that cannot help but please the most critical. As we said before the vaudeville is big time stuff. Stetson and Hilly open the bill and their artistic Dances and songs were well put over and highly pleasing. Convey and Webb have undoubtedly one of the best, if not the best acts of its kind that has ever appeared on a local stage. The man at the piano is a wonder. That he is an accomplished musician there is no doubt and his rendering of Old Black Joe with variations played with both hands and also with one hand behind his back was one of the finest exhibitions of piano playing ever seen here in this city. He mixes a lot of comedy in with it but it is clean out and not of the slap stick variety. The lady has a wonderful voice, clear as a bell and her assistance lent color and finish to an act that is truly pleasing. The comedy sketch, "In a Mirror," put on by A. White & Co. was good the four performers being just a little out of the ordinary. They set a beautiful little story that touches the spot, the plot of the story being true to life. The offering is undoubtedly one of the Imperials very best and capacity audiences will be the rule the balance of the engagement.

OBITUARY

A CORRECTION ON MR. JACOB GRAUEL'S DEATH.

Owing to a typographical error in yesterday's issue of the Record, the obituary notice on Mr. Jacob Grauel's death, Petoskey, Mich., is repeated in to-day's issue. It follows:—

There passed away at Petoskey, Mich., on December 8th, Mr. Jacob Grauel, at the age of 59 years.

Mr. Grauel for many years was a resident of Waterloo County. He was born in Williamsburg, where he received his schooling under the late Samuel Horner. When he was 21 years of age he left Williamsburg and went to Petoskey, Mich. There he engaged in the contractor business until the outbreak of the war, when he entered mixed farming.

In his business ventures Mr. Grauel always was successful.

He was a member of the Macabees Order and in religion he was a Lutheran. In politics he was a Republican.

To mourn his loss are his wife, Minnie Brauer, of Petoskey, and two daughters. There also survive four brothers, namely, Henry of Kitchener and John, William and Adolph of Petoskey, Mich.

The funeral was held on Thursday.

MR. WILLIAM HAGEN.

Toronto A Native of this Town.

The death occurred in Toronto Sunday morning of Mr. William Hagen, a prominent labor official, a native of this city.

A report from a Toronto exchange follows:—

Death of William Hagen.

"Business Agent William Hagen, of the local Machinists' Union Lodge 235, Toronto, died in St. Michael's Hospital Sunday morning. Bill Hagen was one of the active men in Toronto, labor movement, and while some could not always agree with him they had to admire him for his loyalty to the men whom he served."

He was a son of the late John W. Hagen. He was a brother of Mr. J. A. Hagen, Harry A. Hagen, and Charles W. Hagen of this city, he having been the youngest of the sons. He spent his early years here. When twenty years ago he removed to Vancouver and for a number of years resided in Vancouver. Subsequently he returned to the city and soon afterwards located in Toronto, where he resided for about 23 years. His wife, Annie Bunting of Toronto, and one daughter, Florence, seventeen years, survive him. An only son died of influenza a year ago in his nineteenth year.

Mr. Hagen was well-known in Labor circles throughout Canada, particularly between Toronto and Montreal. Frequently he visited this city. He was the business agent of the International Brotherhood of the Hamburg shipyard, Councilor Dieck of the Ministry of Public

Works, Dr. Pelzer of the Hamburg-American Line, Dr. Potenz of the West Shipyard, representative of Hamburg Government, and Paul Muller, representing three groups of seamen.
