I.O.F. Notice.
The election of officers of the
local I.O.F. will be held on Friday
evening, December 12th. Members
please take notice.

New Company for Hamilton.
The new wire company for Ham-
ilton, the Hamilton Wire Company,
which is capitalized at \$400,000,
will commence building operations
at once, and expects to have the
new plant in operation early in the
new year. John Alexander Mac-
Pherson will be the president of
the new concern, but a complete
list of the officers of the company
is not available. The incorporation
of the company has been gazetted.
There are 4000 shares in the com-
pany at \$100 a share.

K. of P. Minstrels Revived.
At a meeting of Phoenix Lodge,
K. of Pythias on Monday evening
it was unanimously agreed upon
by the members to yield to the popu-
lar demand and produce a Minstrel
Show. This Lodge feels proud that
they are the originators of this popu-
lar class of entertainment which
has since been taken hold of by
many and delighted the theatres
goers of Kitchener. The public
will be pleased to know that the
"Original Firsts" have again been
approached and have consented to
perform, namely Oscar Rumpel,
Fred Krug, Pop Phillips, Geo. Hal-
laway and Art Phillips. With such
artists as these a good entertain-
ment is assured. The date has
not yet been announced.

Diamond Robberies.
Chief Slemin reports that a clever
diamond lifter has been at work in
Brantford in the past few days. The
home of George MacDonald, Peel
street, was recently entered while
the family were away, and two di-
amonds and one ruby secured. Other
cases have been reported, the
robber passing up goods of ordinary
value for the more easily carried
and more salable precious stones.

Kitchener's New Theatre.
To satisfy many inquiries the fol-
lowing information is given in re-
gard to the building itself.
The Theatre will be of modern
Fire Proof construction will have a
stage 85 ft. by 30, fitted to handle
the largest Roadshow.
The Auditorium will be 130 feet
by 55 and will seat over 1500, will
be one floor, gallery, no stairs to
climb, fitted throughout in the
best of modern design and up to
the minute in every respect.
Rest rooms will be provided for
both Ladies and Gentlemen and
everything arranged for the comfort
of the patrons.
See the sketch in the window of
Mason & Risch Piano Store. Ap-
ply to Star Theatre Box Office for
any further information.

On Monday night the dining-hall
of the W.G. & R. Coy. on Benton
Street was the scene of a very pleas-
ant event. The employees of the
branch factories at Preston and
Galt together with the employees
of the home plant, were entertain-
ed to a splendid program consist-
ing of speeches, songs, recitations
and instrumental music after which
the floor was cleared and all pres-
ent enjoyed to the full the splendid
music rendered by the Krug Orches-
tra.
The dancing continued until mid-
night when a tired but happy party
wended their way home, declaring
the evening to have been one of the
best ever.

May Hold Executions on One
Day.
It is possible that the two con-
demned prisoners, Ivan Petroff,
and Storko Boyeff, will be hang-
ed on the same day, January 23rd.
The date set for the execution of
Boyeff was January 26th, but on
this date Hangman Ellis has another
execution.
Considering the strain the pris-
oners must undergo they are bear-
ing up well. Boyeff, however seems
to be somewhat nervous, while Pe-
troff is not talkative and eats very
little, just enough to act as nourish-
ment.

The prices for "The Right to
Happiness" have been kept down
by the management of the Star
Theatre to afford everyone an op-
portunity to see this great picture.

CHRISTIAN SCIENCE LECTURE.
Twentieth Century Magazine.
One does not have to be a Christian
Scientist to recognize the wonderful
work it has already wrought. If it
had done nothing more than heal tens
of thousands of hopeless invalids, thou-
sands of whom were resting under the
death sentence from conventional medi-
cal scholasticism, it would have done
much. If it had done nothing more
than transform and ennoble with a vi-
tal faith hundreds of thousands of liv-
ing to which God and religion had come
to mean nothing, it would have been
one of the greatest positive upward-
impelling forces of the age.

Mr. John C. Lathrop of Boston, Mass.,
will deliver a lecture on Christian
Science in First Church of Christ,
Scientist, on Thursday evening. All
welcome.
