TO ASSIST ARID DISTRICTS

Lieutenant-Governor in Council Elaborates a Scheme to Help the Farmers get Water by Boring

The executive council has under con leration a report from the Commissioner of Public Works, dated July 3, stating that in many parts of the province serious inconvenience and hardship exists resulting from the inability of settlers to secure a water supply and that in many instan-ces these conditions are due to the absence of well machinery.

The minister also reports that in order to assist in the solution of this difficulty it is desirable to encourage the importation of well machines adapted to the requirements of particular districts.

of the cost thereof. Upon the recommendation of the commissioner of public works the executive council advises that:

ditions that the owner of a well horing machine will agree (a) to sink at least three wells in the area defined in the petition each well to ob-M. tain a supply of water, or it no water is obtained each well to be sunk the sun at least 300 feet deep and furnish Rheumatic Remedy ADVERTISE IN THE

supply satisfactory evidence and of machine and tools laid down at destination, (c) not to remove machine from this area, or dispose of the second party without the perworks, (d) to charge such rates for

AGRICULTURAL PRODUCTS.

Grain and grasses—six bushels red fyfe wheat—J. G. Barron, Carberry.

Make the free test and see for yourself what this preparation can and will accomplish. Address Dr. Shoop, Racine, Wis. Large jars 50c. Sold by the Regina Pharmacy Stores.

Capital City Lodge No. 3

I have found a tried and tested cure for Rhonmatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn box growths back to flesh again. That is impossible.
But I can now surely kill the pains and pangs of
this deplorable disease.
In Germany—with a Chemist in the City of
Darmstadt—I found the last ingredient with

ticular districts.

The Minister further states that it barmstadt—I found the last ingredient with is also desirable to encourage the sinking of wells by paying a portion a perfected, dependable prescription. Without that last ingredient, I successfully treated many, 1. That upon receipt of a petition and pass away under the action of this re 1. That upon receipt of a petition signed by at least three residents in an area where unsuccessful efforts have been made to secure a water supply, which shall not exceed thirty six square miles; and upon the constitution of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous water the constitution of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous water to supply, which shall not exceed thirty six square miles; and upon the con-

It cannot be too clearly stated, for the statement is beyond any alffication or contradiction, that never since the Muskoka Free spital for Consumptives was opened in 1902, has a single applicant on refused admission, because of his or her poverty.

More, perhaps, than any other charity in Canada the

MUSKOKA FREE HOSPITAI FOR CONSUMPTIVES

is dependent upon the contributions of the Canadian public for its maintenance.

MINISTRATION BUILDING-MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES

Private philanthropy has erected the buildings, providing accommodation to-day for 75 patients, and which the trustees are prepared to extend, if circumstances warrant it, to 100 beds. These beds are for those in any part of Canada, without means, who are suffering from this terrible disease in the

incipient stage. There is no large endowment, as in some public institutions, the interest of which will go a long way to pay the running expenses.

The monthly bills, covering cost of administration, salaries of medical men, nursing, clerical and domestic staff, besides the heavy expenditure for maintenance of each patient, are dependent for payment almost entirely on the contributions that come to the treasurer from kind friends throughout the Dominion.
