Why is this lady smiling?

Is it because:

- a) She has taken 4 extra-strength tylenol and a six pack of Schooner beer?
- b) Her pregnancy test came back negative?
- c) Someone is tickling her?
- d) She's going to the JSF fall dance, September 28?
- e) All of the above?

If you said "D" you're right! (If you answered "E" ... we're surprised at you! A nice Jewish girl like Mona?)

# Sit on it!

Sit smart on  
a Balans Viva

for  
only **\$129**

## Students

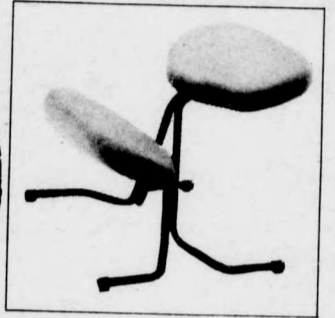

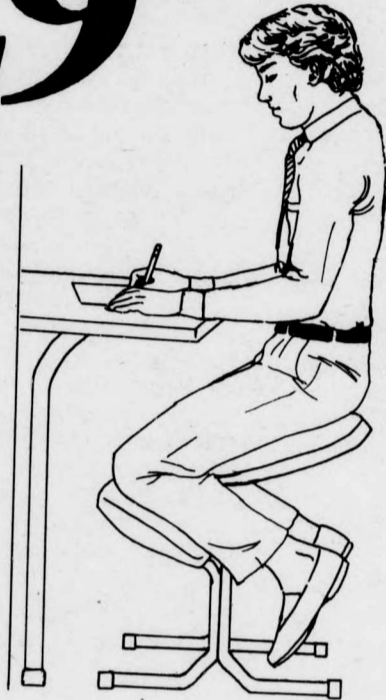

often suffer from tired, aching back, neck and shoulders. Poor sitting posture is usually the cause.

The balans chairs have been designed to overcome this problem by providing you with a natural and comfortable sitting position which ensures good posture.

The forward-slanting seat and supportive leg cushion of the chairs, naturally change the distribution of your body weight to align your spine in an ideal sitting position, with far less pressure exerted on the lumbar region.

The result: **reduced strain on your back, neck and shoulder muscles**... maximum upper body flexibility... improved circulation... easier breathing.

You feel the difference at the end of the day. Order a Balans chair today!

The Balans Viva: Stress free and completely comfortable! Available in a choice of four colours.
