Hon. W. L. Mackenzie King,  
Ottawa, Canada.

Dear Mr. King,-

I have tried to see you once or twice when I have been in Ottawa, but slipped up. We are going up to camp about the 29th of this month, to stay off and on during the month of August. Can you not arrange to join us sometime about the 20th, for a week? If you cannot come then I hope that you will be able to arrange to come another time during the month. I am very anxious that you should sometime meet a friend of mine, who is a friend of McCarthy in Wisconsin, who I think would delight to discuss quietly with you some of the problems that you are interested in. If it would be agreeable to you to meet him, I think I could arrange to get him to come to my camp when you are up there. I as yet, of course, have said nothing to him whatever, and shall not unless I have your permission, but whether he comes or not do arrange to reserve a little time for us yourself.

Believe me, with kind regards

Sincerely yours,

*E. C. Smith*
