Dear Sir Charles

As promised I now give you
one or two points regarding the Strathgore
and Sudbury mines, in which we are both
interested, and which you kindly promised
to look into while in Canada.

Regarding the Strathgore mines we have
no word of what is being done there on
our properties.

I have been told that Mr. Horne Payne,
a gentleman well known to Sir William
Van Horne & other of our Shareholders,
has formed a Company with a large
Capital, which was over-subscribed for
in Paris, for the purpose of purchasing
& working satisfactory mining properties
in British Columbia. I believe the
Company is called the Fraser River Coy
