### **The Renaissance of Faith**

With an Introduction by G. A. Johnston Rosa.

"A fresh and striking contribution to current religious discussion. It is the average man,—the man in the street—who is at once the subject of Mr. Roberts' study. He is keenly alive to and frankly critical of the weaknesses, shortcomings and divisions of modern Christianity; but he has a well-grounded optimism and a buoyant faith which will be found contagious."—*Living Age*.

"Dr. Lee thinks scientifically. He delivers a clear-cut thought product and his powers of intellectual visualization are transferred to the reader. After having read 'The Religion of Science,' we can only underwrite the testimony of Dr. Birney, Dean of the Theological School of Boston University: 'It is the finest apologetic for the modern mood of thought concerning things Christian that I have seen. The book in a masterly manner reveals the pathway of triumphant faith.'"—*Christian Advocate*.
