The Nightingale of Phonographs

Plays All Victor and Columbia Records

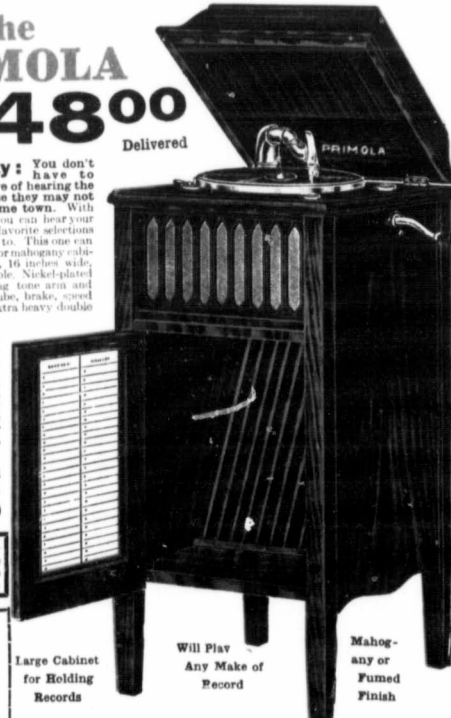

In Playing Position 31 in. High

You can now have all the music of the world in your home at a price that is sensationally low. This beautiful new phonograph gives perfect reproduction of all Columbia and Victor records, and at the same time gives you an instrument of surpassing grace and many exclusive advantages. Weighs only 11 pounds. Plays all Victor and Columbia records. Uses any standard needle. Sound waves do not pass through metal. Tone arm is of violin type. This prevents rasping metallic ring. Remains sweet and you can easily rewind or change records. One winding plays a one 12-inch record, or two 10-inch or three 8-inch records. Every musical note reproduced in all its fullness and richness. Body is made of acoustic metal, strong and durable, is 22 inches high when closed, 14 inches deep, 11 inches wide. Mahogany finish. The appearance is a surprise. It is beautiful, artistic and dignified. The delivery and excellence of the finish, we believe you will agree makes it the finest looking little phonograph in the world. Small and convenient to handle. Light enough to carry about the house, and will give music equal to any \$100.00 machine. Dust proof compartment specifically designed to contain records; this gives protection against dust, dirt and damage and keeps records always easily accessible. Top can easily be lowered and raised, enclosing entire phonograph, making it one compact unit and protecting all working parts. Nothing is exposed to get injured, or to spoil appearance. You have no conception of what marvelous music this machine makes until you have heard it. Owners of phonographs costing hundreds of dollars here, now they cannot tell the difference.
