How Her Ruse Worked.

Miss Anne Sutherland, who is scoring
a hit in "The Quality of Mercy," is
carrying around a letter from which she
reads extracts to all of her friends who
appreciate a quiet chuckle. It is from
the wife of an officer stationed in Hono-
lulu, and part of it runs as follows:

"I have had some very amusing experi-
ences with my Hawaiian servants. These
servants insist on calling you by your
first name. Ours was always saying to
my husband, 'Yes, John,' and to me,
'Very well, Mary,' etc., etc. So when
we got a new cook I told my husband to
avoid calling me 'Mary,' then, not know-
ing my name, the new 'boy' would have
to say 'missus' to me. So John always
called me 'sweetheart' or 'dearie,' never
'Mary,' but the watchful fellow gave me
no title at all.

"One day we had some officers to din-
ner, and, while awaiting the repast, I
told them of the ruse I had adopted, and
added: 'By this servant, at least, you
won't hear me called Mary.'

"Just then the new cook entered the
room. He bowed, and said to me,
'Sweetheart, dinner is served.' "

The Doctor's Story.

Mrs. Rogers lay in her bed,
Bandaged and blistered from foot to head,
Bandaged and blistered from head to toe,
Mrs. Rogers was very low.
Bottle and saucer, spoon and cup
On the table stood bravely up;
Physic of high and low degree;
Calomel, catnip, boneset tea—
Everything a body could bear,
Excepting light and water and air.

I opened the blinds; the day was bright;
And God gave Mrs. Rogers some light.
I opened the windows; the day was fair,
And God gave Mrs. Rogers some air.
Bottles and blisters, powders and pills,
Catnip, boneset, syrup and squills.
Drugs and medicines, high and low,
I threw them as far as I could throw.
"What are you doing?" my patient cried;
"Frightening Death," I coolly cried;
"You are crazy!" a visitor said.
I flung a bottle at her head.

Deacon Rogers he came to me;
"Wife is comin' round," said he,
"I re'ly think she'll worry thru;
She scolds me just as she used to do.
All the people have poohed and slurred—
And the neighbors have had their word;
Twas better to perish, some of 'em say,
Than be cured in such an irregular way."
"Your wife," said I, "had God's good
care

And His remedies—light and water and
air.
All the doctors, beyond a doubt,
Couldn't have cured Mrs. Rogers with-
out."

The deacon smiled and bowed his head;
"Then your bill is nothing," he said.
"God's be the glory, as you say;
God bless you, doctor, good day! good
day!"

If ever I doctor that woman again,
I'll give her medicines made by men.

DESCRIPTIVE TITLE.

He—"I wonder what the meaning of
that picture is? The youth and maiden
are in a tender attitude."

She—"Oh, don't you see? He has just
asked her to marry him, and she is ac-
cepting him. How sweet! What does
the artist call the picture?"

He (looking about)—"Oh, I see. It's
written on a card at the bottom—
'Sold.' "

Trusses Like These Are a Crime

**Get Rid of Elastic Bands, Springs and
Leg-Straps. Such Harness Has
Forced Thousands to Undergo
Dangerous Operations.**

Trusses like those shown above—the belt and
leg-strap, elastic and spring contraptions—sold by
drugstores and many self-styled "Hernia Special-
ists"—make life miserable for everybody who wears
them.

Moreover, they often do immense harm—they
squeeze the rupture, often causing strangulation—
dig into the pelvic bone in front—press against the
sensitive spinal column at the back.

The Plain Truth Is This.

Rupture—as explained in our free book—can't be
relieved or cured—can't even be kept from growing
worse—unless constantly held in place.

Just as a bandage or splint is the only way a
broken bone can be held—the right kind of truss
is the only thing in the world that can keep a
rupture from coming out.

What a difference it will make when you get that
kind of a truss.

And you can get exactly that kind of truss—
without risking a cent of your money.

It's the famous Cluthe Truss or Cluthe Automatic
Massager.

Far more than a truss—far more than merely a
device for holding the rupture in place.

Self-regulating, self-adjusting.

No belt, elastic belt or springs around your waist,
and no leg-straps—nothing to pinch, chafe, squeeze
or bind.

Try It Without Risking a Penny.

We have so much faith in the Cluthe Truss—we
have seen it work wonders for so many others—that
we want to make one especially for your case and
let you wear it at our risk.

We'll give you plenty of time to test it—if it
doesn't keep your rupture from coming out, when
you are working and at all other times—if it doesn't
put an end to the trouble you've heretofore had

with your rupture—if you don't get better right
away—then the truss won't cost you a cent.

How It Strengthens and Heals.

In addition to holding the rupture, the Cluthe
Truss or Cluthe Automatic Massager is constantly
giving a soothing, strengthening massage to the
weak ruptured parts.

All automatically—the massage goes on all day
long, all without any attention whatever from you.

**The World's Greatest Book
on Rupture.**

Don't go on letting your rupture get worse—
don't spend a cent on account of your rupture until
you get our free book of advice.

This remarkable book—cloth-bound, 82 pages, 21
separate articles, and 19 photographic pictures—
took us over 40 years to write—took us that long to
find out all the facts we've put in it.

It explains the dangers of operations and why
they don't always cure to stay cured.

And tells—absolutely without misrepresentation—
all about the Cluthe Truss—just how it holds—
how it gives the curing massage—how it is water-
proof—how it ends all expense—how you can get it
on trial—and gives names and addresses of over
4,000 people who have tried it and want you to know
about it.

Just use the coupon, or simply say in a letter or
postal, "Send me your book." In writing us, please

Gentlemen, we wish to remind you that owing to our late importations we won't be
