FREE GRANT LANDS:

District of Parry Sound,
20th March, 1885.

To the Editor of the Catholic Record.
Sin,—Pardon the liberty I take in addressing you, but thinking it probable that some of your many readers might wish to join the tide of settlers flowing into this district. I thought these might wish to join the tide of settlers flowing into this district, I thought there would be no harm done by addressing a few lines to you regarding the free grant lands of Ontario, and through the medium of your paper, bringing the subject before your readers. The free grant lands of Muskoka and Parry Sound are—in consequence of the actual construction of the Northern and Pacific junction railthe Northern and Pacific junction rail-way through their very centre—assuming a very different aspect and are deserving of a much more serious consideration on the part of those seeking homesteads than formerly. The value of the district as a grazing and dairying portion of this Province is about to be realized, and there is no doubt but that thousands of acres will be settled upon and wanted this coming spring and summer, and all those of your readers desirous of establishing themselves as graziers and agriculturists should take advantage of the opportunity of securing a homestead so a very different aspect and are deserving culturists should take advantage of the opportunity of securing a homestead so near the capital of the Province. So let some of our Catholic friends claim their share and help swell the ranks of their plucky co religionists who came in here years ago, and have successfully fought the hard battle of pioneer life without the aid of any railway. When the railway is opened for traffic—and we have good reason for believing that this will take place early this fall—we will be only a few hours from Toronto or Ottawa. I do not intend entering into a long description of this country, as all, probatile. description of this country, as all, proba-bly, who will read this have heard the subject discussed often enough; my belief is, that those intending to settle

on a free grant farm, should trust to no heresay, but come and judge for themselves. Writing cannot convey to the mow laboring as a missionary in solution mind what the eye can realize at a glance, therefore I will only state a few facts. The lands are heavily timbered with mixed timber. Pine, maple, birch, hemlock, beech, balsam, spruce, tamarac, &c., with thick balsam, spruce, tamarac, &c., with thick cated at lavish expense in England, but — and in many places rocky, with variable soil—from sand to clay. There is much settlement, and the people as a rule are prosperous. Some of the older townships are well settled, there being little or no vacant land in them. In new townships settlement is sparse and there is plenty of land vacant within a convenient distance of the railway. The route from Toronto is by the Northern railway to Gravenhurst and from thence by stage to the different parts of the two districts. Emsdale, in the Township of Perry, would be a good point to start from in search of land, as there is a Crown Land Agency there and the agent can give them information necessary in selecting a homestead, and there is land open for location within easy reach of that place, and convenient to reach of that place, and convenient to the new railway, which passes through Emsdale, where there is likely to be a station. The Townships Joly, Proudfoot, Bethune, McCraney, Butt, Paxton and Laurier are at present sparsely settled. In some of these Townships there is at In some of these Townships there is at present, I believe, hardly any settlement, but I doubt if one will be able to say in twelve months time that much of this land is vacant. Such is my belief and conviction. I have been long resident in the Free Grants, therefore speak from experience. Many came in here years ago with little or no capital and are to day in comfortable circumstances. This can be verified by hundreds. We have churches, and we have resident clergy-

THE CONVERSIONS OF EMINENT MEN TO CATHOLICITY.

Church Progress, Marshall, Ill.

Honor and Shame from no condition rise; Act well your part, there all the honor lies These words of the poet are partly applicable to the past history of Catholicity in this country. In days now gone by, it was considered beneath the ideal Ameri-

it was considered beneath the ideal American to form any association in church matters with the poor Irish and Dutch; but those days of trial are o'er, and the victory over bigotry and Knownothingism is secured. "Men," writes Rev. J. L. Spalding, "thought better of Jews and Turks than of us; and the Sultan in their eyes was not so'hateful as the Pope."

The Church is now a powerful organization, with a learned and devoted hierarchy, with thousands of priests, religious orders, educational institutions and a loyal press. She is revered by her children and respected by her enemies, she is an object of admiration and has become a subject of investigation to the leading minds of the country. Our hierarchy and priestly offices are filled with the second contract. country. Our hierarchy and priestly offices are filled with men of national re-

offices are filled with men of national renown, who have come over from the various sects, while none worthy of note has seceded from the ranks of Catholicity.

When about to convene the late Council of the Vatican the saintly Pius IX. issued an invitation to the Protestant bodies. Byging the descendants of these led read the invitation, studied it, thought over it, and prayed. The result was the Rev. James Kent Stone, President of Hobart and Kenyon College, became a Catholic, and published his famous work called the "Invitation Heeded" as a justification of his course. He afterwards herem.

cated at lavish expense in England, but high intellectual attainments taught him to seek for the rock-built Church against

seek for the rock-built Church against which the "gates of Hell cannot prevail."
In 1836 he was baptized by Archbishop Purcell, of Cincinnati, and soon after sent to Rome to pursue his studies for the priesthood in the College of the Propaganda. He was ordained priest in 1844 and consecrated Bishop of Philadelphia in 1857 and invested with the pallium as first 1857 and invested with the pallium as first

Archbishop of that see in 1875.
We could recount the lives and noble works of numerous others, who have done honor to the church's hierarchy in this nonor to the church's hierarchy in this country after their conversion. The names of such Archbishops and Bishops as, Whitfield, Eccleston, Tyler, Rosecrans, Gilmour, Wadhams, will live for ever in the annals of the American Catholic Church. There only remains for the present generation of Catholics to "act well their part" and impress on the religiously inclined the importance and necessity of religion in its true and unadultered for portance and necessity of return and unadulterated form.

From statistics gathered a few years From statistics gathered a few years ago to aid in recounting the gains to the Church, several Bishops gave their experience. In 1873 the confirmation in the Diocese of New York numbered 126,000, of whom six hundred and forty-six were converts. The late Archbishop of Milwaukee stated that five per cent. of those he confirmed were converts. The Archbishop of Philadelphia stated that from five to seven per cent. were converts. Dr. Gibbons, then of Richmond, stated that fourteen per cent. of all he confirmed were converts. In North Carolina it was men. What we want now, is the right sort of people to help conquer the wilderness and transform it into a prosperous and wealthy portion of the Province. With energy and sobriety and a determination to succeed prosperity is before the thrifty settler. This would be better in every way than depending solely on hire for one's bread. Now is their time, let them avail themselves of it. I will now quote from the Free Grant Act a few of its principal features: A man as head of a family, or a few of its principal features: A man as head of a family, or a few of its principal features: A man as head of a family, having a child or children under eighteen years of age residing with them, is entitled to two hundred acres and the privilege of purchasing an additional hundred acres at fifty cents per acre, cash. A single man or a married man without children under eighteen, can select one hundred acres, but in case it shall be shown by satisfactory evidence that a considerable portion of converts. These figures may be said to be a fair representation of the experience of every Bishop throughout the country, only that in proportion as Catholicity is becoming more widely known, the proportion of converts the should be, and show forth the virging a child or children under eighteen, can select one hundred acres at fifty cents per acre, cash. A single man or a married man without children under eighteen, can select one hundred acres, but in case it shall be shown by satisfactory.

There is a wide-spread and serious men. What we want now, is the right sort | were converts. In North Carolina it was

a married man without children under eighteen, can select one hundred acres, but in care it shall be shown by satisfactory evidence that a considerable portion of the land selected by an applicant who comes under either of these headings, cannot be made available for farming purposes on account of rock, swamp or lake, the Commissioner of Crown Lands may make an allowance of such waste land and may increase the quantity of land located to such applicant to any number of acres not exceeding in the whole, two hundred acres. The settlement duties required on each location are as follows, viz:

1. To have at least fifteen acres cleared and under cultivation, of which two acres at least are to be cleared and cultivated annually, during the five years from date of location.

2. To have built a habitable house at least 16 x 20 feet in size.

3. And to have actually and continuously resided upon and cultivated the land for five years after location.

The locatee will not be entitled to his patent until the expiration of five years from the date of location, and he must then make proof that the settlement duties have been fully completed. A lower is not bound to remain on the land at the time during the five years, but may be absent on business or at work, for, in all, not more than six months in any one year, but he must make it his home.

Now, Mr. Editor, I think that you will agree with me that such an opportunity should not be lost, and that if some of your Catholic readers only, can be persuaded to come in and see the general prosperity existing here, that they will join the ranks of pioneer settlers and become prosperous.

suaded to come in and see the general prosperity existing here, that they will join the ranks of pioneer settlers and become prosperous.

Colds, fevers and inflammations broken up by Dr. Pierce's Extract of Smart Weed.

Colds, fevers and inflammations broken the properties of the p

liver cough, ague, chills, fevers, wakefulness at night, drowsiness by day, etc.

These are some of the commoner symptoms as laid down by leading medical authorities, and with them in view one ought not to have much trouble in ascertaining if he is suffering from disascertaining if he is suffering from disorders of these great organs.

These observations have been called

These observations have been called forth by a double-column article which appears in another place in this paper. Skeptical of some of the statements made therein, and at other times by the same persons, we have been led to make a little study of the matter ourselves, with the above result. These diseases prevail amongst young and old everywhere, resulting in terrible and untimely deaths; they take off more people than epidemics; physicians report death as occurring from such diseases as apoplexy, paralysis, convulsions, heart disease, pneumonia, fevers, etc., when in reality these disorders are often secondary to Bright's Disease and would seldom occur were the kidneys in healthy working condition. Hence, from personal knowledge, or from the trustworthy experience of other competent judges, we believe there is no preparation equal to the remedy that is so prominently mentioned elsewhere in this issue, for preventing and curing the dangerous disorders of which we have written. It has had an extraordinary sale, is everywhere commended, the record of its work seems forth by a double column article which which we have written. It has had an extraordinary sale, is everywhere commended, the record of its work seems indisputable, its manufacturers are reputed to be men of the highest standing. We hold, therefore, that not to use it, if needed, would be a crime against one's suprement interests especially at this needed, would be a crime against one's supremest interests, especially at this time when, threatened by a fearful epidemic, it is of the highest importance, according to Dr. Koch, the celebrated German cholera specialist, that we keep the kidneys, liver and digestive organs in healthy action, if the scourge would be escaped. be escaped.

Every Woman in the Land owes it to herself and her family to take care of her health. When she finds her care of her health. When she finds her health failing, and debility and weakness undermines her strength, her surest and best remedy is Kidney-Wort. It builds up the general health, keeps the secretory system in perfect order, regulates the Kidneys and Bowels, and enables these important organs to perform their natural functions in throwing off the accumulated functions in throwing off the accumulated impurities of the body.

The Cheapest and Best.

On account of its purity and concentrated strength and great power over disease, Burdock Blood Bitters is the cheapest and best blood cleansing tonic known for all disordered conditions of the blood.

Gisordered conditions of the blood.

In a planeforte for private home use, the very first and chief requisite is refinement and purity of tone. For use in a concert or other large room this is not so important, as the roughness of tone is not so perceptible. The new Uprtght Planos of the Mason & Hamilin Organ Company have this for their prominent attraction, that their tones are so pure and free from all noise without pitch, in part, this comes from their new method of fastening the strings by metal fastenings instead of by mere pins driven into wood.—Boston Traveller.

A letter from P. O. Sharpless, Druggist, A letter from P. O. Sharpless, Druggist, Marion, Ohio, in writing of Dr. Thomas' Eclectric Oil, says: one man was cured of sore throat of S years' standing with one bottle. We have a number of cases of rheumatism that have been cured when other remedies have failed. We consider it the best medicine sold.

For Rough conditions of the Skin, Shampooing the head, Pimples, Eruption and Skin Diseases, use Prof. Low's Sulphur Soap.

Where to Keep it.

Keep it in your family. The best remedy for accidents and emergencies, for Burns, Scalds, Bruises, Soreness, Sore Throat, Croup, Rheumatism, Chilbiains and Pain or Soreness of all kinds, is that marvellous healing remedy, Hagyard's Yellow Oil.

Mr. H. McCaw, Custom House, Toronto, writes: "My wife was troubled with Dyspepsia and Rheumatism for a long time; she tried many different medicines, time; she tried many different medicines, but did not get any relief until she used Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. She has taken two bottles of it, and now finds herself in better health than she has been for years." Sold by Harkness & Co., Druggists, Dundas St.

Is there anything more annoying than having your corn stepped upon? Is there anything more delightful than getting rid of it? Holloway's Corn Cure will do it. Try it and be convinced.

Accidental.

A. Chard, of Sterling, in a recent letter, There is a wide-spread and serious prevalence of disorders of the kidneys; and of various diseases caused by the imperfect operation of the kidneys and liver. According to Roberts, Thompson,

FREEMAN'S WORM POWDERS destroy and remove worms without injury to adult or

A Princely Fortune. A man may possess the fortune of a prince but can never possess happiness without good health; to secure which the blood must be kept pure and every organ in proper action. Burdock Blood Bitters purify the blood and regulate all the organs.

Bickle's Anti-Consumptive Syrup is combination of several medicinal herbs which exert a most wonderful influence in curing pulmonary consumption and all other diseases of the lungs, chest and threat. It promotes a free and easy expectoration, and gives ease even to the greatest sufferer. Coughs, colds, short-ness of breath, and affections of the chest, ness of breath, and affections of the chest, attended with weakness of the digestive organs, or with general debility, seem to vanish under its use. No other remedy acts so readily in allaying inflammation or breaking up a severe cold, even the most obstinate cough is overcome by its penetrating and healing properties. When children are affected with colds, coughs, inflammation of the lungs, croup, quinsey, and sore throat, this Syrup is of vast importance. The number of deaths among children from these diseases is truly alarming. It is so palatable that a child will not refuse it, and is put at such a price that will not exclude the poor from its benefits.

Worms cause feverishness, meaning and

G. M. D.

Walking down Broadway is very pleasant when you feel well, and T— K—
never felt better than when his friend asked him how he got over that severe cough of his so speedily. "Ah, my boy," said T—, "G. M. D. did it!" And his friend wondered what G. M. D. meant. He knew it did not mean a Good Many Doctors, for T— K— had tried a dozen in vain. "I have it," said he, just hitting the nail on the head, "you mean Dr. Pierce's Golden Medical Discovery," or Gold Medal Deserved as my friend J— S— always dubs it." Sold by druggists.

THE PROPER CHANNEL for the escape THE PROPER CHANNEL for the escape from the system of impurities which would, if they remained, poison the blood, is through the bowels. When this outlet is obstructed, it may be disencumbered with Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, a remedy which regulates the system, invigorates digestion, and is pure and safe as well as digestion, and is pure and safe as well as effective. It cures all diseases arising from Impure Blood. Sold by Harkness & Co., Druggists, Dundas St.

OBSTRUCTIONS of the Stomach, Liver and Bowels, are promptly removed by National

Thousands Hastened to their Graves. By relying on testimonials written in vivid glowing language of some miraculous cures made by some largely puffed up doctor or patent medicine has hastened thousands to their graves; the readers having almost insone faith that the same miring almost insane faith that the same miracle will be performed on them, that these testimonials mention, while the so-called medicine is all the time hastening them to their graves. Although we have

Thousands Upon Thousands !!! of testimonials of the most wonderful cures, voluntarily sent us, we do not pub-lish them, as they do not make the cures. lish them, as they do not make the cures. It is our medicine, Hop Bitters, that make the cures. It has never failed and never can. We will give reference to any one for any disease similar to their own if desired, or will refer to any neighbor, as there is not a neighborhood in the known world but can show its cures by Hop Bitters.

A Losing Joke:

A Losing Joke:

A prominent physician of Pittsburg said to a lady patient who was complaining of her continued ill health, and of his inability to cure her, jokingly: "Try Hop Bitters!" The lady took it in earnest and used the Bitters, from which she obtained permanent health. She now laughed at the doctor for his joke, but he is not so well pleased with it, as it cost him a good patient.

Fees of Doctors.

The fee of doctors at \$3.00 a visit would tax a man for a year, and in need of a daily visit, over \$1,000 a year for medical attendance alone! And one single bottle of Hop Bitters taken in time would save the \$1,000 and all the year's sickness.

Given up by the Doctors. "Is it possible that Mr. Godfrey is up and at work, and cured by so simple a remedy?"

"I assure you it is true that he is en-"I assure you it is true that he is entirely cured, and with nothing but Hop Bitters, and only ten days ago his doctors gave him up and said he must die, from Kidney and Liver trouble!"

None genuine without a bunch of green Hops on the white label. Shun all the vile, poisonous stuff with "Hop" or "Hops" in their name.

To Dyspeptics.

The most common signs of Dyspepsia, or Indigestion, are an oppression at the stomach, nausen, flatuleney, water-brash, heart-burn, vomiting, loss of appetite, and constipation. Dyspeptic patients suffer untold miseries, bodily and mental. They should stimulate the digestion, and secure regular daily action of the bowels, by the use of moderate doses of

Ayer's Pills.

After the bowels are regulated, one of these Pills, taken each day after dinner, is usually all that is required to complete the cure. AVER'S PILLS are sugar-coated and purely

vegetable - a pleasant, entirely safe, and reliable medicine for the cure of all disorders of the stomach and bowels. They are the best of all purgatives for family use. PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists.
