## Minutes of the British Conference of 1855.

The following is an extract from an article in the Watchman of Sept 12th :--Some of the early records of the Minutes

are always solemn, and at least one is peculiarly painful. In the Ministerial obituary interest we have this year nineteen deaths; and in the number of those who have ceased to be- The Emperor of Austria has congratulated long to the itinerancy, we find the names of the crowned heads of England and France

nine individuals. Considering that in Great Britain there 400 cannons, 50,000 balls, and immens

eleven hundred ordained Wesleyan Minis- by the Allies at Sebastopol. ters, the retirement of nine, from all causes, which in several of the above cases are of Prussia, says he will accept of no conditions not be thought a high annual proportion .- his intention of proceeding to the Crimea. Nor can the obituary be considered heavy in point of number, though it is so in the the deaths of promising young Ministers, and of such well known veterans as BENJA- England and France for recent insults. MIN CARVOSSO, JOHN KERSHAW, SAMUEL SUDGEN, J. C. CLENDINNEN, and Dr. BEAU-MONT. Of the last there is a record full o cordial and noble praise, the only qualification of which is confined to a single point and to a very few expressions.

After the foregoing subjects we turn to the "Stations," which are followed by the 17:

general statistics of the Connexion. An in- In the work of destruction, the enemy rescrease, on the whole, of 2,120 Members is pected the docks (which are magnificent con-fit by the boldness of the United States; or reported on our Missions and Societies structions), the establishments in the vicinity, else a Danish fleet will stop the ships preabroad. The Chinese Mission appears as the barracks of Fort Nicholas and the Quaranfornishing, at Canton, ONE Member .- a tine Fort

record which will, we doubt not, be most in- The Anglo-French Commission appointed to In the first fcase, Denmark would lose one teresting hereafter, when the Orient dawn draw up a return of the material left by the of the most considerable of her sources of has become day, and the "little 'one'" a Russians at Sebastopol has commenced its la- revenue; in the next, she would draw upon thousand; but the Foreign Stations show bours. The result may be summarily stated as herself an inevitible war with a powerful us that there are this year in China no few- follows:
