S.O.E. AT CHURCH.

Annual May Parade of Sons of Eng-
land and Protestant Societies.

Three hundred members of Ox-
ford and Lyford Lodges, Sons of
England, the Juvenile Lodges, Camp
Rob Roy, Sons of Scotland, the local
Orange Lodges, Prentice Boys and
True Blues marched to Victoria Ave.
Baptist Church on Sunday afternoon
where Rev. Chas. G. Smith delivered
an inspiring address on the theme
of man's duty to his family and com-
munity. He showed how being true
to one's self meant being true to the
community.

During the service Mrs. Strom and
Miss Wilson sang a duet and Bands-
man Cookson rendered a trombone
solo, "Ora Pro Nobis." Miss Brad-
ley presided at the organ.

MR. P. MCGREGOR SANG.

Former Belleville Boy Possesses
Beautiful Voice.

Mr. Peter McGregor, of Edmonton,
who has won a reputation in the west
as a baritone of great power and pos-
sibilities, sang at the morning and
evening services in St. Andrew's Pres-
byterian church on Sunday, his se-
lections being "Just For Today," and
"Fear Ye Not O Israel." Mr. McGre-
gor's voice has a marvellous range, is
well controlled and in both high and
low registers is marked by an even-
ness, sweetness and clearness of tone,
which few singers possess.

S. A. LADIES' BAND

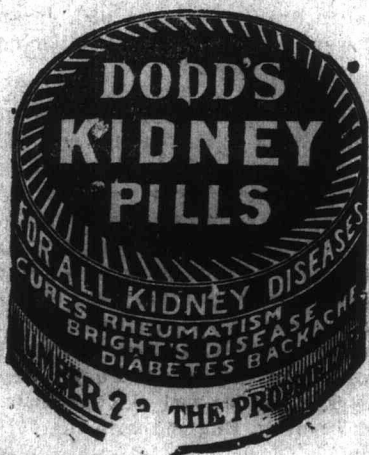

The ladies' band of the Salvation
Army created a novel scene on Bel-
leville streets last night. For some
months past the ladies have been
practising to take the places of the
bandmen now enlisted in the Em-
pire's cause and last evening they
made their first appearance in public.
The novelty of the sight attracted
many people and praise was heard on
many sides of the efficient manner in
which the ladies of the Army handled
the music.

Mr. R. B. McMurdo, a leading Bible
teacher will (D.V.) give an address
in Bethel Hall Tuesday evening at
8 o'clock, "A prophetic message for
the present time from the book of
Revelation." Mr. McMurdo is well
able to handle this subject and Chris-
tians who are interested in prophetic
truth are earnestly invited.

WEEKLY PAPERS MAY RISE TO \$1.50

Action Foreshadowed by Bay
of Quinte Press As-
sociation.

Will the weekly newspapers be
uniformly increased in subscription
price to \$1.50 per annum? This live
topic was discussed at the annual
meeting of the Bay of Quinte Press
Association held at Hotel Quinte on
Friday, May 19th. The majority of
the newspaper men present expressed
themselves as favorable to the propo-
sition providing anything like com-
mon action in the matter could be
secured.

The president, of the association,
Mr. D. H. Morrison performed in a
very able manner the duties of chair-
man.

The election of officers resulted as
follows:

Hon. Pres.—Hon. Sir Mackenzie
Bowell, Intelligencer, Belleville.

Pres.—E. J. Pollard, The Express,
Napanea.

Vice Pres.—A. E. Calnan, The Ga-
zette, Picton.

Sec-Treas.—J. O. Herity, The On-
tario, Belleville.

Executive—E. S. Alger, The News,
Tweed; A. H. Watson, The Review,
Madoc.

Mr. E. S. Newport, publisher of The
Deseronto Post, was enrolled as a
member.

President Morrison in a brief open-
ing address referred to present con-
ditions and rapidly increasing costs
in the publishing business. There
were arguments on both sides as to
the advisability of increasing the sub-
scription price of the weekly paper to
\$1.50. At present the policy was lar-
gely to make the advertiser pay the in-
creased cost. Many thought the sub-
scriber should pay his share and that
the most practical way to meet this
was to increase the subscription price.
He had an open mind in the matter
and hoped to derive much light from
Mr. Smallfield's address.

The treasurer's statement showed a
credit balance of \$6.45 in the bank.

Mr. W. E. Smallfield, publisher of
The Renfrew Mercury, and president
of the Canadian Press Association,
was the speaker of the afternoon and
he made a very able and compre-
hensive address filled with much prac-
tical and timely advice for the print-
ers and publishers present.

Mr. Smallfield at once took up the
question of raising the subscription
price of weekly newspapers, with
which movement he is in hearty sym-
pathy.

His own paper, The Mercury, had
for the past thirty years steadily
maintained its subscription at \$1.25
per annum. The other paper pub-
lished in his town was sold at \$1.00.
The quality of the rival paper had of
recent years been greatly improved. In
the face of this competition the sub-
scription list of his own paper showed
steady growth every year until it now
stood at 2700. This increase came
without the use of premiums, voting
contests or any such methods of stim-
ulating circulation.

He had made extensive inquiries
in the United States where the price
of papers had been increased and
from all quarters came the response
that the result was satisfactory. The
same was true of the sections in Can-
ada where the increase had taken place.

From the Minnesota Press Associa-
tion came the statement, "We believe
in the \$1.50 weekly because it
brings in the greatest amount of re-
venue without impairing circulation."

The Bruce County Press Associa-
tion was the only one that had given
the plan a trial so far in Ontario, al-
though several other associations
have since adopted it to have it go
in force on July 1st next. This action
had been taken by the Ottawa Valley
Press Association of which he was a
member. The reports from members
of the Bruce County Association were
unanimously favorable.

In his own district the principal op-
position was caused by fear of the
competition, not of the cheaper daily
papers, but of such mediums as The
Ottawa Valley Journal and The Fam-
ily Herald and Weekly Star. The Ot-
tawa Valley Journal had 22,000 sub-
scribers, a large number of whom
were in his own district.

He had taken up the question of an
increase with both of these papers and
had hope that some result might be
achieved.

The best of the weekly papers' all
over Canada favor the movement.

Is the increase justifiable? To an-
swer this question he would give a
quotation from an American pa-
per, "Although the printer has done
more for the progress of the world
than any other business men he is
the poorest paid."

It had been ascertained, that the
average daily paper which sold at one
cent cost two cents or more to pro-
duce.

The subscriber should stand a share
of the increase of newspaper cost.
Figures were quoted showing the
remarkable increases in prices of
farm products, amounting in the case
of live pork to several hundred per
cent. The same general and startling
advance was in evidence in every-

thing that went into the production
of a newspaper.

Mr. Smallfield then read letters
from Manitoba, Saskatchewan, Al-
berta and British Columbia, showing
that where the increased rate was
adopted it was never abandoned. Some
of the letters stated that since the
change both subscriptions and ad-
vertising had increased.

All the evidence pointed in the one
direction—the people were willing to
pay the price.

We were too much afraid of the
other fellow and too much afraid of
the customer. Both would be fair to
us if we gave them a chance.

He had made a close calculation
and had ascertained that without ad-
vertising it cost him \$1.97 per an-
num to produce his own paper for
each subscriber.

In the discussion that followed
Messrs. Calnan, Pollard, Morrison,
Watson, Alger, and Newport expressed
themselves as favorable to the
movement provided that a general
consensus of opinion could be se-
cured among local publishers.

Mr. Smallfield was tendered a very
hearty vote of thanks for his splen-
did address.

Before adjournment it was decided
to hold the next meeting in Napanea
some time late this coming fall.

Owing to unsettled conditions of the
prices of paper it was thought inad-
visable to revise the list of job prices
at the present time. Each printer
was recommended not to adhere too
closely to the list for in many cases
the price would be found too low be-
cause of increased costs.

The matter of increased subscrip-
tion price was left in abeyance pend-
ing action by the general meeting of
the Canadian Press Association to be
held in Toronto June 1st next.

Military Department, Ottawa inform-
ing her that her brother, Pte. Lester
Price, member of the Canadian Ex-
peditionary force has sailed from
England on May 12 on board the
S.S. Metagama, and was discharged
from further service.

Pte. Price has been at Braunshott
camp England, all winter suffering
from rheumatism and for this reason
was incapacitated for active ser-
vice at the front.

Social and Personal

Mrs. Francis Brenton, Grove St.,
has left for Battleford, Sask., where
she expects to spend the summer with
her children.

At the Arts examination recently
held at Toronto University, Miss
Jean Milne of Charles Street, Belle-
ville, took second class honours in

LIEUT. FENNELL SLAIN IN ACTION

Taught History in Belleville
High School 1912-1914—
M.G.O. of C.M.R.

Lieut. Thomas Harold Fennell, for-
merly a member of the Belleville
High School staff, has been killed in
action. He was machine gun officer
with the Third Mounted Rifles, Medi-
cine Hat and went overseas some
time last year.

The news was received here with the
deepest sorrow. Lieut. Fennell was
cadet instructor of the Belleville H.
S. corps which he organized and was
very successful. He was only 25 or
26 years of age, but had already made
his mark as a teacher. He completed
a course extra-murally at Queen's
Kingston, and graduated at Bachelor
of arts, while in Belleville. He came
here from Collingwood Collegiate In-
stitute in September, 1912 and re-
mained for two years as teacher of
history. He was a success in this ca-
pacity and made a wide circle of
friends, as he was one of the finest
type of young men, that could be
met. Lieut. Fennell was initiated in
to The Belleville Lodge No. 133 A.F.

and A.M. at a military night The 15th
Regiment won his allegiance while
here. He was a subaltern in that
unit and never lost an opportunity to
make himself proficient in military
affairs. In June, 1914 he went west
and began the study of law at Medi-
cine Hat. Scarcely had he settled
upon what was to be his life work,
when the clarion call came. He joined
the Mounted Rifles and after a period

of training went overseas.
He was very mindful of the High
School after leaving, keeping in touch
with the boys and staff by sending
regular messages.
Hundreds of High School pupils,
the staff and citizens in general will
mourn his passing.

A Big F eture Added To 24th Celebration

The Ontario will have to face the
fastest amateur ball team in Toronto
on May 24th at the Grand Military
Carnival. The management having
secured the famous Harris Abattoir
team, champions of the senior league
1915. However, the Ontario know
what they are up against and are
preparing to hand out a surprise pack-
age to the lads from the Queen City.
The Ontario have the selection of
some splendid players this spring.
Besides having some fast new mater-
ial they have the old stand-bys and
the 156th battalion has some excel-
lent ball players which can be had
if needed.

Altogether the ball game will be
one to gladden the heart of the fans.
The secretary reports a large entry
list for the various other sports. Some
fine horses will start in the trotting
races and already eight horses are
entered in the big running race.

The motor cycle and automobile
races will have a full list of entries
and the various athletic events will
be crowded with enthusiastic aspir-
ants for honors in this branch of sport.

While the secretary hasn't heard
from any entries for the Baby Show
personally, he has been assured by
their representatives that they will
be there with bells on, so no doubt, he
will hear from them personally all
night on the subject in no uncertain
way on the 24th of May.

The morning fine program on Vic-
toria Island Park will attract a vast
crowd and the grand Street Parade at
1 p.m. will be a source of pride to
every Bellevillian.

All owners of automobiles who will
enter the big parade and firms who
will enter floats will kindly leave
their names with the secretary, Capt.
P. H. Wills, at the recruiting office,
Bridge Street.
