## MRS. JENNIE MAY EATON FREED BY JURY TO-DAY

### She Was Charged With Poisoning Her Husband, Rear Admiral Eaton, With White Arsenic— Jury Deliberated All Last Night Before Reach- ing a Verdict—Details of the Trial.

[Canadian Press Despatch]  
PLYMOUTH, Mass., Oct. 30.—Mrs. Jennie May Eaton was acquitted on the charge of murdering her husband, Rear Admiral Joseph G. Eaton, by the verdict of the jury rendered at 5 o'clock this morning.  
The jury had retired at 6 o'clock last night. Notwithstanding that there seemed little prospect as the night wore on of a verdict before morning, a crowd of nearly two hundred persons sat out the tedious night. Mrs. Eaton awaited the verdict composedly, and smiled when she heard the foreman of the jury pronounce her "not guilty."  
After Mrs. Eaton had left the court room the jurors through their foreman asked that they might be allowed to meet her. The permission was granted and they formed a semi-circle in the corridor. Mrs. Eaton came out from the judge's lobby and thanked them individually. As she did so, she burst into tears for the first time since her trial started. A little later Mrs. Eaton gave out the following statement:  
"I am so glad, glad most of all because of my aged mother and my lame child, both of whom need me. I am so much to them. I shall go home probably late to-day and I hope a new life will be opened to me and that the trials and tribulations which have been mine in the past are ended."  
Because of the prominence of Rear Admiral Eaton, the trial of Mrs. Eaton, who was his second wife, has attracted country-wide interest. The Admiral took a prominent part in the battle of Santiago. After his retirement he settled down on a little chicken farm at Assinippi, where he died on March 8th, last.  
As a result of the report made by the physician who had attended him the day before, the medical examiner held an inquest. Portions of the internal organs of the admiral were sent to Prof. Whitney of the Harvard medical school, who reported that they contained a "large quantity of white arsenic. The grand jury reported against Mrs. Eaton, charged with murder. She was arrested March 19th.  
Her trial commenced Oct. 14. The government sought to show that Mrs. Eaton poisoned her husband by placing arsenic in his beverages and his medicine, and that she was jealous of his attentions to other women. Mrs. Eaton's counsel contended that the admiral's death was due to self-administered drugs, but did not attempt to show whether the alleged overdose was taken intentionally or by accident.

## SCENE AT THE HAPPIEST OF ALL ROYAL WEDDINGS.

THE WEDDING CEREMONY OF PRINCE ARTHUR OF CONNAUGHT AND THE DUCHESS OF FIFE. One of the happiest of all royal weddings that have been solemnized in the little Chapel Royal of the Palace of St. James was that of Prince Arthur of Connaught and Princess Alexandra Victoria, Duchess of Fife.

Besides King George, Queen Mary, Queen Mother Alexandra, the King and Queen of Norway, Princess Patricia of Connaught and other royal relatives of the couple to the number of a score or more, the congregation consisted of members of the Diplomatic Corps, of the British Cabinet and of the royal households and of a few distinguished persons, who had been especially honored.

## MEXICAN TROUBLE AWAITS A SETTLEMENT BY UNCLE SAM

### Powers Have Conceded United States Right to Make Terms—It Will be a Week Before Pres- ident Wilson Decides as to What's What— Latest Development in Situation.

[Canadian Press Despatch]  
WASHINGTON, Oct. 30.—Secretary of State Bryan, leaving to-day to speak in the New Jersey political campaign, said there was no change in the Mexican situation. Mr. Bryan will speak in Perthamboy and New Brunswick to-night; in Elizabeth to-morrow afternoon and in New Jersey to-morrow night. He will return to Washington Saturday morning.  
That the next step in the Mexican policy of the administration had not been finally worked out and may not be announced for another week was indicated to-day at the White House.  
"It has been necessary," said Chairman Bacon of the Senate Foreign Relations committee, "that the European nations should recognize the right of the United States to deal with the situation. Now that we have that recognition, it will take a little time for the President to work out the problem."  
The possibility that within the next few days a definite announcement will be made by the Huerta Government of the result of the election last Sunday is having the effect of postponing action by the United States. While the election has been repudiated here the actual formalities of proclaiming the result may have some bearing on the situation, for while the United States Government has already refused to countenance the result, foreign governments have not taken any position, and it is felt in many quarters that the United States should wait for action by the authorities in Mexico City before putting on record its rejection.  
President Wilson is carefully considering suggestions from his advisers and it was said to-day that the plan might not be ready until next week's cabinet meeting.  
To insure the safety of General Felix Diaz and his party of fugitives now aboard the Battleship Louisiana, Rear Admiral Fletcher has asked the Navy Department to decide whether they should be transported to some port outside of Mexico on one of the American warships.  
Most of the commercial ships clearing from Vera Cruz usually touch at Tampico or some other Mexican port where it would be easy for the Huerta government to arrest the refugees.  
American naval officers on the warships now patrolling the west coast of Mexico seem to know nothing of any peril impending at San Ignacio to the French colonists there. Rear Admiral Cowles, from his flagship, California, (Continued on Page 5)

## WILL ASK FOR RECONSIDERATION

### Deputation Wants Britain Represented at Panama Show.

[Canadian Press Despatch]  
LONDON, Oct. 30.—With the view of asking the British Government to reconsider its decision in regard to participation in the Panama-Pacific exposition at San Francisco in 1915 an influential committee has been formed here composed of the heads of the great steamship, commercial and manufacturing companies.  
The committee points out to-day that since the government announced its negative decision circumstances have changed considerably and many of the large manufacturers have determined to take advantage of the improved tariff conditions in the United States and send exhibits to San Francisco.  
The committee is non-political. Its membership comprises such prominent Liberals as Lords Abercromby and Crowder and such well known economists as John S. Harwood-Barnes, Sir J. Fortescue Flannery and Sir Charles Allen as well as the chairman of the Cunard, the White Star and the Allans, Sir Algernon Fretton Firth, president of the Association of Chambers of Commerce of the United Kingdom, Stanley Machin, vice-president of the London Chamber of Commerce, Marquis Graham, son of the Duke of Montrose and representative manufacturers from all parts of the United Kingdom.  
Information is being gathered by the committee for presentation to the government, the members of which are being pressed already by their supporters, including the Irish nationalists to reconsider their decision.

The announcement has been made of the appointment of Mr. George H. Ryerson as Bursar of the Ontario School for the Blind in this city. He is reported to have been greatly improved after a holiday in the south, gaining considerably in weight.  
The position of Bursar at the O.S.B. was rendered vacant by the death of the late Mr. Hossie, who fulfilled the duties for many years. The appointment of Mr. Ryerson to fill the post, it is generally believed, will be a popular one. For several years Mr. Ryerson has been actively engaged in the store of T. E. ## QUEEN MARY WAS AT NEWMARKET RACES

### Cambridgeshire Day Proved a Notable One—Some Results.

[Canadian Press Despatch]  
NEW YORK, Oct. 30.—A London cable says: Cambridgeshire Day at Newmarket will be memorable in the history of the turf as being the first occasion on which Queen Mary has attended its headquarters. The Queen accompanied by the King, and the royal couple took a keen interest in the sport.  
The big handicap was won by Lord Harewood's Cantilever at 33 to 1, from Cheerful at the same price with Santair at 100 to 9 third.  
Had any other horse than Cantilever won nobody would have been so open that 9 to 1 was offered against the field. But the victory of Cantilever was totally unexpected as the colt was indisposed only yesterday and reported to be coughing. However he came out with practically an unknown jockey named Southey on his back to make all the running and win the race.

## South Bruce Election

There is very keen local interest in the South Bruce by-election, which is taking place to-day. A race appeal to those of German descent, many of whom reside in the riding, against the Borden naval proposal, has been the main object of the Liberals. The constituency has always been close fighting ground, and in the last general election Conservative by 105, an abnormal outcome, owing to the reciprocity issue.  
The Courier will bulletin the outcome.

The Lottie Beard was built at Fairhaven, Mass. in 1866. She hailed from the port of New Bedford and was owned by O. E. Kendall. Her displacement was 288 tons.

## Labor Case

### It May Take Weeks before Appeal Decision is Rendered.

[Canadian Press Despatch]  
CHICAGO, Oct. 30.—When the United States Circuit Court of Appeals resumed the hearing to-day of the appeal of the thirty officials and members of the International Association of Bridge and Structural Iron Workers, who were convicted at Indianapolis on the government's dynamic conspiracy charge, and who are asking that the Indianapolis verdicts be set aside, attorneys for the labor men expect to complete their arguments in the case by noon or shortly afterwards.  
United States District Attorney Charles W. Miller of Indiana, was prepared to begin at the afternoon session the government's opposition by asking that the convicted men be sent back to the Leavenworth Federal prison to serve out their terms. The hearing will be concluded to-day and a half for arguments. Decisions of the case may not be made for weeks.  
London will send a deputation to the Provincial government to prove that the city's population exceeds 50,000 and to get permission for a vote on Spadina car service.

## DECLARES THAT HE IS INVENTOR

### Italian Trusts His Secret With the British Admiralty —Its Success.

[Canadian Press Despatch]  
ROME, Oct. 30.—Signor Ulivi has issued the following statement: "I have learned from newspapers, but not yet officially, that the British admiralty has used F-Rays with complete success at Portsmouth, where a ship's bottom has been blown up from a great distance. I am awaiting detailed particulars of the experiments, which will triumphantly prove the truth of my theory and will demonstrate the terrible efficiency of my invention.  
"I am not surprised at this magnificent success, because all the preliminary experiments undertaken by myself were invariably completely successful. The entire world will be amazed when the results are known of new modified machine I am now completing.  
"If I am proud of my success it is simply owing to the added glory it brings to my beloved country, Italy. I have full trust in the British admiralty, which I deem to be incapable of committing a breach of confidence against me and of defrauding me of my incontestable rights as an inventor."

## GENERAL ELECTION IN NEWFOUNDLAND

### Is Taking Place Today--Morris and Bond Are Opposing.

[Canadian Press Despatch]  
ST. JOHNS Nfld., Oct. 30.—The question of government expenditures formed the chief issues in the general election held in Newfoundland to-day. The party of the premier Sir Edward Morris, urged the election of his supporters to the 36 seats in the House of Assembly on the plea that he had done much to develop the colony by his policy of government aid to the construction of many branch lines of railway. Sir Robert Bond, heading the Opposition has assailed this policy, declaring it has been too expensive and has placed a needless tax on the island's revenues.  
Because of the remoteness of many of the districts it is likely to be several days before the result of the election is known. The government provided special polling places in this city for fishermen now here disposing of their summer's catch and unable to return to their homes in time for the election.

## THEY MAY BE LOST

PORT ARTHUR, Ont., Oct. 30.—Grave fears are entertained for a party of hunters, W. Gray, of Collingwood; Charles Woodward of Molson's Bank and W. Taylor, who left a week ago last Saturday and were due to arrive back last Friday. No explanation can be given for their extra long stay near Black Bay. A tug will be sent to look for them.

## GRAFT CHARGES WILL BE PROBED

### Mysterious Little Black Book Goes to the State Attorney.

[Canadian Press Despatch]  
NEW YORK, Oct. 30.—The mysterious little black book supposed to contain the confession made by ex-State Senator Stephen J. Stilwell in Sing Sing prison and embracing charges against Tammany leaders here and in the State Legislature was expected to reach the hands of District Attorney Whitman through John A. Hennessy erstwhile graft investigator for William Sulzer and now fusion orator in the city campaign. It was Hennessy who visited the convict-senator in prison. Their conversation, he has declared, was recorded by a dictaphone, secretly installed and it is a record of this as contained in the black book, which the district attorney will make the basis for an investigation.  
Hennessy has quoted vague excerpts from the book in campaign speeches withholding certain matter, he said, in view of his promise to Stilwell. By virtue of a subpoena, however, the district attorney will have full access to it.

## Local Cheque Forger Is Said to Have Jumped Bail

When Paul Farago, the Maltese check artist, departed for parts unknown to the police the scene was changed in the Bank of Montreal forgery case. It is now a case before the civil courts. Farago, who boarded at the same house as Luca Debona, a fellow-countryman, was arrested on Saturday night by Sergt. Wallace for forgery and theft. The artist first stole Debona's bank book and then drew \$84 on a check from the Bank of Montreal.  
Farago was given his liberty on bail to the amount of \$200, being put up in two sureties, \$100 by himself and the balance by friends, who borrowed the money to bail him out by giving their note. He was to have appeared on Monday, but did not, and now an effort is being made to locate him.  
When arrested over \$180 was found on him, and this amount was taken by the department. The Bank of Montreal has furnished the police department for the amount of their claim. This action turns the case over to the Division Court, and upon an order being made by Judge Hardy the bank will secure their amount.
