

Coughs

"My wife had a deep-seated cough for three years. I purchased two bottles of Ayer's Cherry Pectoral, large size, and it cured her completely."

Probably you know of cough medicines that relieve little coughs, all coughs, except deep ones! The medicine that has been curing the worst of deep coughs for sixty years is Ayer's Cherry Pectoral.

Hints For Young Reporters.

A young man, desiring to become a reporter on the daily press, received the following suggestions from an old hand, to whom he applied for professional tips: "In rescuing drowning men, it must always be when they are 'going down for the third time.' No case is on record of a rescue when the sufferer was going down for the first time."

"When a gentleman gives a bank note it must always be 'crisp.' " "Thus are of two descriptions, the 'dull' and the 'sickening.' "Of course, every writer knows that fire is always mentioned as the 'devouring flame.' "

"Flags must always be 'flung to the breeze,' no matter whether there is any breeze or not. "If you manage to get an assault, a forgery, and a burglary all into one column, do it, for it will secure that beautiful and well known heading, "A Carnival of Crime."

"Speaking of winning or losing money, it must always be a 'cool' £500 or £5,000. However heated the struggle, the amount must always be 'cool.' "

"Always remember that a man is 'launched into eternity,' not 'when a certain time. "When a person after an accident is found to be dead, it is best not to say so, but that the 'vital spark had fled.' "

"Speeches on the political side which your paper advocates should always be 'ringing' speeches."

A NOVEL HOTEL BILL.

THE MAN TO WHOM IT WAS PRESENTED COULD NOT UNDERSTAND IT.

"Talking about bookkeeping, there used to be a man in Yankton whose system of bookkeeping accounts was wonderfully efficient. He kept a hotel, and he could neither read nor write. He did not know how to spell his own name, but he did a thriving business and collected every dollar of his accounts. Once, years ago, when I first came to this country, I went to his hotel and stopped there two weeks," writes Milt Brinben.

"When I left, he presented me with a statement of what I owed him, and it was a curiosity. He had copied it from his ledger. At the top of the sheet there was a rude picture of a soldier on the march and after it three straight marks. Then there was a scene showing a man at table eating. Then appeared a bed with a man in it. In the amount column there was a picture of a doll and after it the two letters 'R.S.'" After the picture of a man eating there were forty-two marks; after the view of the man in the bed, fourteen marks. I looked at the account, then at the proprietor, and told him it would take me a week to answer that conundrum.

"I was completely stumped, and when that hotel man depeached the amount for me it was this: The picture of the soldier walking meant march, and the three marks supplied the date, March 3, when I began boarding. The man at the table with forty-two marks after it indicated that I had eaten forty-two meals. The man in bed with fourteen marks showed that I had slept in the house fourteen nights. The doll with the 'R.S.' after it meant 'dollars,' and in the figure columns appeared the figures 14, which was the amount I owed him. And it was a true bill."

Thousands of Women Are Kept in Suffering and Many Die Owing to False Treatment.

Paine's Celery Compound

Never Fails To Banish Disease and Re-Establish Lasting Health.

Thousands of women are kept in sickness for months and years owing to false treatment and the use of worthless medicines, and we are inclined to believe that Milton thought of this class of almost dying women when he said:

"The angelic guards ascended, mute and said,"

The common sense treatment of to-day for weak, rundown and suffering women, is Paine's Celery Compound. This marvellous medicine is spoken of in every part of the civilized world, and men and women of all classes find a new life from its uses. A glorious example of the curing powers of the great compound comes from Winnipeg, Man.; Mr. H. Harbour writes as follows:

"A month ago I was very sick and happened to see one of your publications, in which I read of others being cured. I concluded to try Paine's Celery Compound myself, and I now thank God for the wonders it accomplished for me. I was suffering from heart disease, kidney trouble and general weakness, and some days was not able to stand without experiencing great pain. Since I used the compound I am able to get about the house and work, and can now eat anything put before me."

"You miserable vagabond? said the indignant woman with the shawl over her head. 'You ought to be ashamed to go around asking for charity with a nose like that!'"

"That's where I was vaccinated, ma'am!" replied Tuffold Knutt stilly.

All excesses, irritations and inflammation are at once dispelled, and by means of the healing powers of Catarrhose the irritated tissues are quickly restored. A trial will convince anyone of the startling merit of Catarrhose. Costs \$1.00, small size 25c. At Druggists, or Polson & Co., Kingston, Ont.
