THE LATE JUDGE WOODS.

The transition of Robert Stuart Woods, late Junior Judge of the County of Kent, has bereft Chatham of a citizen whose activities covered a wide range, and whose influence was felt in an almost infinite variety of ways. From the earliest days Mr. Woods has been associated in all movements which were tended to advance the best interests of this community, and he passed from this life, after years of excellent public service, respected and honored by his fellowmen.

Mr. Woods was a loyal and earnest churchman, and one of the most influential and valued members of Christ Church, where the fruits of his untiring labors were everywhere in evidence. He was a member of the Synod, and his counsels in matters pertaining to the church of his affection, were ever sought and revered.

In municipal and political matters, and at the bar, he was a prominent figure, at a time when this country was struggling for power and recognition, and it is only his due to say that in such matters his actions and expressions of opinion were always in keeping with his honesty of purpose and clearness of conception.

It is the sheer superfluity to comment on the life and works of a man whose deeds and thoughts have so often been unfolded to the public gaze, but it would be a neglect of duty to pass over unnoticed the demise of a man who has accomplished as much good as has the late Judge Woods.

CHRISTMAS SHOPPING.

A short time ago, in another department, The Planet drew attention to the fact that the Maple City merchants are now ready for Christmas shoppers, and the sooner this shopping is done, the better it will be for all concerned. It was pointed out that those who are first at the counters will be the ones who will get the choice of the goods, and through a little thought now, the big Christmas rush will be lessened, and both the merchants and the buyers will be better pleased and satisfied. There are many people of means, who are in just as good a position to do their shopping now as they will be in a month's time, and still the custom seems to be to wait until the rush is on—and then people expect prompt attention from the merchants, and they also expect to be perfectly suited in the shortest possible moment. Such expectations are absolutely ridiculous. Why not visit the stores at once, and make your purchases before the goods are all picked over, and while there is ample time at the disposal of the clerks to see that your wants are suitably supplied?

There is another consideration—that of the health and comfort of the clerks, of whom so much care and patience is expected. It is always found necessary to engage an extra staff during the holiday season, and many of those who are engaged for this time alone, may not be acquainted with the various lines of stock carried by the different firms, and while it may not be their fault entirely, the interests of the buyers and the merchants are not always as carefully looked after by these temporary assistants. Anyone, too, who has witnessed the terrible strain which is placed on the store clerks during a holiday season will never wonder why they dread the approach of this largely to be found in the custom of leaving everything to the last couple of weeks, when the shopping might just as well be done earlier.

Those who are considering the purchase of a few Christmas presents this year will do well to think this over, and act with promptness. It will be less strain upon everyone concerned, more suitable presents will be selected, and the early shoppers will have the satisfaction of feeling that they have not only wrought joy and happiness through the giving and receiving of the little remembrances they purchase, but that they have also contributed toward the pleasure and comfort of others whom they have not heretofore considered, and there is no doubt that as a result of their thoughtfulness there will be many a faithful clerk who will spend at least a Merrier Christmas.

JUST A LITTLE BIT OFF THE TOP

A Chatham Public School Trustee?

The Mayor of Hamilton has sent for the Toronto dragoons to help them out in the strike trouble. The Mayor had best beware lest the Toronto soldiers betray native traits, and attempt to take Hamilton and the pet mountain home with them.

Though the City Council have decided that they will have no more money to run things with, the Public School Board may take consolation from the fact that they can still hold meetings and discuss the weather and other interesting topics.

In considering bank inspection reform, the Canadian Bankers' Association might also think up a few ideas to reform some of the bankers.

Oak Park, Ill., boasts of a "Widows' Relief Club." This rather puts a dent in the belief that most women find it a relief to become widows.

Since last spring about twenty people have fallen from balloons. It may soon be necessary to secure a stricter enforcement of the law against trespassing on private property.

TOWNSHIP COUNCIL

Trahan, on the bad state of Pain Court Creek owing to standing water. Judge Bell's report was read re investigation of Wallaceburg Herald-Record charges.

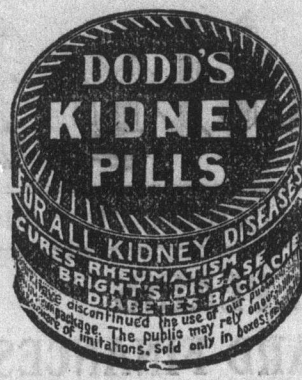

The following accounts were ordered paid and charged to the respective accounts: Planet \$5.64, Daily News \$5.50, W. Baxter \$3.50, investment committee work and horse hire, Mr. Bourdeau \$10 committee and pension work, Mr. Lewis \$4 committee work and \$10 salary, Clerk \$25 salary. The council adjourned to the call of the next meeting.

The adjourned Court of Revision on Boyle drain met Nov. 7th. The members were all present. The minutes of the last meeting were read and adopted. The Court of Revision adjourned to meet Nov. 10th. And the council met at the call of the Mayor. The members were all present. The minutes of the last meeting were read and adopted. A by-law was passed for an overdraft credit fund in the Canadian Bank of Commerce. An application was read from H. N. Bechard for collector for divisions 2 and 3, and from James S. Rankin and Harry Smith for divisions 1 and 4. Mr. Bechard was appointed collector at a salary of \$90; the other appointment was deferred till next meeting. Mrs. A. Bechard's grievance was read, and Mr. Lewis with power, W. C. Gordon's grievance to Mr. Crawford with power, and also that of Grace church congregation, Wm. Campbell's grievance was referred to Mr. Lewis to investigate and report. The Treasurer was instructed to credit Old Fryder drain with \$11.20 charged to it in error.

The following accounts were ordered paid: The treasurer of S. S. No. 13, \$10.99, half cost of digging and putting in new pump at school house and town and jump at pair for hall; T. Peltier \$2 for inspecting a house; G. T. Coulter \$8 for one sheep killed and one damaged by dogs; J. W. Shackleton \$30 for work on Hendrick up drain, Rivard tap drain, Hyatt drain, bridge, 14th concession road and bridge on Rivard drain outlet; Mrs. T. Mayers \$10 for help to keep Mrs. A. Charron; A. McDonnell \$20 for survey and award on Astora drain and \$30.30 for work on Boyle drain; Judge Bell \$9.30, investigation of Wallaceburg Herald-Record charges; Chatham Daily News \$15.44 for advertising; Mr. Crawford \$12 for committee and commission work; Mr. Bourdeau \$10 for committee and commission; Reeve \$9 committee and \$10 salary Clerk committee work; W. R. Baxter \$4.25 for furnishing and printing; postage account \$4.97. Moved by Terry and Bourdeau, that S. T. Martin's offer be accepted, to build a bridge over Ouellette drain dredge cut at 3rd concession road, Dover West, for \$150, to be covered with 2-inch oak plank and built according to plan submitted to the council.—Carried.

The Reeve and Clerk were appointed a committee to get the amount of assessments due Dover by Chatham Township and city on drains, to prepare documents for sale of drainage debentures and to attend to the collector's securities and report.

Moved by Terry and Bourdeau, that whereas the Township of Dover has, with other western municipalities, suffered serious damage from year to year during these latter years and likely to become worse by reason of the River Thames overflowing its banks caused by foreign water being rapidly brought into it by means of artificial drainage; and whereas it has now become but little more than a drainage outlet for the waters of the far eastern municipalities; and whereas the Ontario Drainage Act provides as follows: "If from the lands or roads of any municipality or individual water is by any means caused to flow upon and injure the lands and roads of any other municipality, company or individual, the lands and roads from which the water is so caused to flow may under

all the formalities and powers contained herein be assessed and charged for construction and maintenance of the drainage work required for relieving the injured lands or roads from such water, etc."

Now that the Township of Dover suffers from foreign waters, we, the members of this Council, deem it our duty as representatives and trustees of the people to do all we can to protect and relieve them from such damage, and in trying to do so it is the opinion of this Council that the better way would be to form a drainage committee, composed of the representatives of the different municipalities that sustain damage by the said overflow of water, namely, Dover, Tilbury, E. & L. H. Chatham Tps., Chatham city, Grand River Railway, and others, and we hereby authorize and appoint C. Purser, Reeve, to represent this Township, and to endeavor to get as many representatives of the aforesaid corporations as he can to form a strong committee to go before our Ontario Government to thoroughly explain the situation, and as we might find it very difficult to reach these far-away municipalities in applying the Ontario Drainage Act, urge upon the Government the justice and necessity of its taking up on case as a Government work, or to very largely assist by a liberal appropriation in keeping with the cost of enlarging our present outlet or providing some additional outlet, as may be advised by an engineer appointed by the Government for that purpose.—Carried.

The Council adjourned and met as the adjourned Court of Revision on Boyle drain, Nov. 10th.

The minutes of the last meeting were read and adopted. The following advice from the Township Solicitors was read: Chatham, Nov. 10, 1906.

C. Purser, Esq., Reeve of Dover: Dear Sir,—Re Boyle Drain Appeal.—In this matter, as there is an appeal pending by Chatham Township, the assessments are unfixed and undetermined until the Referee's decision, and the proper course for the Court of Revision open on this drain—until the Referee shall have made his report and the matter is fully determined.

Moved by Terry and Lewis, that the Court of Revision on the Boyle drain be adjourned until the appeal of Chatham Township against the Referee's decision is determined by the Referee, according to the Solicitors' advice.—Carried.

The Council met Nov. 10th; the members were all present. The minutes of the last meeting were read and adopted. Moved by Lewis and Crawford, that James S. Rankin be appointed collector for the 1st and 4th divisions for 1906, at a salary of \$80.—Lost.

Moved by Crawford and Bourdeau, that Harry Smith be appointed collector for the 2nd and 3rd divisions for 1906, at a salary of \$90.—Carried.

Mr. Lewis called for the yeas and nays.

Yeas—Messrs. Crawford, Bourdeau and the Reeve.

Nays—Messrs. Lewis and Terry. The Clerk was instructed to notify Philip O'Mara, commissioner, to have the team work in the new outlet of the Marden drain completed as soon as possible.

The Council adjourned.

John Walsh, Clerk.

Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The kidneys, like the heart, and the stomach, and their weakness is not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine smells, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggists recommend and sell.

MONTREAL LIVE STOCK.

Montreal, Nov. 19.—Cables from Liverpool and London on cattle came weaker, and declined 1/4c to 1/2c to 1c to 1 1/2c since this day week. Canadians sold at 11c and ranchers at 10 1/2c. Exports for Great Britain were 1000 to 1200 sheep, 2000 sheep and lambs, 250 calves and 100 hogs. A feature of the trade was the stronger feeling in the market for hogs, and prices advanced 10c to 25c per 100 lbs.

This was due to the supply of hogs being also and also to the more encouraging advices from abroad on Canadian bacon, cables on Saturday noting an advance of 1c to 1 1/2c in Liverpool, London and Bristol. The demand for hogs from packers was something like that for cattle, and a number of selected lots were made at \$6 to \$6.25 per 100 lbs, weighed on cars.

The hogs were of all strong and trade was good, but the price of common stock continues very low. There were a number of very western cattle on the market, and among these were a lot of Texas steers which had been shipped from Texas to the Canadian northwest, and, after feeding there for some time, were shipped east for slaughter. They sold at 1 1/2c to 4c per lb. Mr. Joseph Richard paid \$4.00 per 100 lbs. for the choice prime cattle sold at from 4c to 4 1/2c per lb.; pretty good cattle sold at 3c to 4c, and the common stock at from 1 1/2c to 2 1/2c. The leaner cows sold at 1 1/2c to 1 3/4c. There were some very fine, large milk cows, which sold at \$2 to \$3 to \$3.50. The cows sold at \$3 to \$4 each. Nearly all the calves were grassers, which sold at 2c to 3c per lb.; good at 4c to 5c; sheep sold at 1 1/2c to 1 3/4c per lb.; lambs at 3c to 5 1/2c per lb.

The Harshness of Orators.

American political orators are often charged with being unduly harsh to the other side. The following extract from a speech of the late Earl of Shaftesbury, published in his memoirs, shows that if our stump speakers ever hit the noble earl thus described and prophesied: "When Gladstone runs down a steep place, his immense mass, like the pigs in Scripture, but hoping for a better issue, will go with him, roaring in grunts of exultation."

PROMINENT MANUFACTURER SUGARS.

"My wife," he writes, "was subject to bad attacks of throat irritation and bronchitis. Many remedies were tried, but few proved of all use. 'Catarhizone' was different.
