5,000 Men and Women Wanted.

This store wants 5,000 men and women who will pay cash for their goods, to spend their money here. People who want time to pay for their goods, we cannot serve, but we guarantee lowest prices, gualities condsidered, to cash buyers. We have carned a reputation, during the last four years, for honesty of purpose and square dealing and consider that reputation too valuable to lose. No transaction is considered satisfactory to us, unless our customer is equally satisfied. We are anxious to make right any mistake we may make. We were never as well prepared to serve you as this year. Careful attention has been given to secure the choicest line of goods for this season's business. These we have carefully marked in PLAIN FIGURES at the dowest cash prices, --no reduction. We have positively no old or damaged goods in the store and start this season with a fresh, clean and up-to-date stock. We hope to introduce several new features into our business this year (of which we will inform you later), which will greatly add to the advantages of the store and be to your advantage as well.
