Whereas the destruction of the child Whereas the destruction of the child for any other cause than that of preservation of the life of the mother, is a deliberate murder, and whereas the perpetration of this act by a member of the medical profession, not only incriminates the physician himself, but also brings disgrace upon an honorable calling, we the members of the Ontario Medical Association take this opportunity of stating that the association has always condemned in the strongest terms this criminal practice.

This resolution was carried without discussion.

LONDON POWER.

Aldermen Have Many Objections to the Contract.

London, Ont., May 27.-At the meet ing of the Niagara Power Committee of the City Council, which was attended by Hon. Adam Beck, two important points were brought out. One is that the city is being asked to pay for a transmission equipment for an amount of power seven times greater than the amount it was estimated it can use. That is, the transmission line is capable of carrying 35,000 horse-power, whereas the city has only se-power, whereas the city has only mated that it can use 5,000 horse norse-power, whereas the city has only estimated that it can use 5,000 horse-power. The other development is that the franchise of the Electric Company in London is a perpetual one, and as a consequence the city, if it goes into the power business, is absolutely sure of competition from electricity, as well as from producer gas. Mr. Beck stated that the reason for the 35,000 horse-power transmission line and equipment is the belief of the Hydro-Electric Commission that the power will be sold west as far as Windsor. If Windsor took power it would have to pay for a transmission line there, and it would have to also stand a part of the cost of the line east of London, or that this city's liability would be reduced between \$135,000 and \$150,000, and the cost of power, to Londoners, would be reduced \$1,30 to \$2 per horse-power per annum. Mr. Beck told the committee that Lindon must accept the contract as it is or not at all.

Young people overheat themselves, cool off too quickly, and then get Jots of pains. Mothers shouldn't let Jréir childen suffer; they ought to apply Nerviline, and in ten mniutes the worst growing pains are cured. If there is a cold, congestion of muscular pain use Nerviline. It cures every time Nervil. By 6 o'clock last night the number in sttendance exceeded 300, the highest in the history of the association. To-day there was a considerable addition to the number.

AN ATTRACTIVE SPENCER DRESS.

Nos. 5632-5819.—The design here pictured for a shirtwaist dress commends itself at once to the home dressmaker by its absolute simplicity and good style. ORANGE LODGE.

CLAIMS SOVEREIGNTY OVER BRIT-ISH NORTH AMERICA.

Dr. Sproule Presiding— Aggressions of the Church of Rome His Theme— Salvation Army Members Fined Down at Lachine—Buckingham Proclamation.

Midland, May 27 .- The Most Worhipful Orange Grand Lodge of British North America opened here this afternoon, with Dr. Sproule, M.P., the Sovereign Grand Master, in the chair. Sovereign Grand Master, in the chair. In his opening address, after a tribute to the beauty and prosperity of Midland and to the long and faithful services of Mr. J. The order had prospered three organizers were at work, the Orange Mutual Benefit funds are increasing and regret was expressed at

three organizers were at work, the Orange Mutual Benefit funds are increasing, and regret was expressed at the death of Lieut. Col. J. E. Hallwell, Past Grand Master of Ontario East, and other old and distinguished members.

Dr. Sproule says in part of Rome and her system: "We have many instances which indicate the inroads she is constantly making on the rights of the people. The arrogance she displays in her disregard of law and authority is evidenced in the refusal of her clergy to obey the command of the courts to appear and give evidence as witnesses in civil and criminal suits. Where she is all powerful we have from time to time notable instances of her intolerance. Only a few months ago four members of the Salvation Army were arrested and thrown into prison for soliciting alms at Lachine, Que. They were tried and fined under some antiquated by-law of the parish, their only offence being that of soliciting assistance from the people to help them in carrying on their Christian work. Their trial was brief, liot even being represented by counsel. They fook their punishment, paid their fines and were released, and this, too, in the face of the fact that right in the capital of the Dominion and even in the House of Commons and Senate representatives of that Church may be found time after Commons and sen in the House of Commons and Senate representatives of that Church may be found time after time during the session soliciting from the citizens and from members of Parliament and others there assistance in the shape of alms to carry on and support their institutions.

Another patable instance in the ince

port their institutions.

Another notable instance is the issuing of a proclamation by the Mayor of Buckingham forbidding the Orangemen to assemble and parade on the Twelfth of July in that village, thereby denying a law-abiding and peaceful fraternal society the enjoyment of the ordinary civil rights to which every citizen or every law-abiding society is entitled.

entitled.

The Grand Secretary, Mr. Wm. Lee, in his report states that 60 new primary lodges, 6 county lodges, 16 scarlet chapters, 7 ladies' lodges, and 8 Orange Young Briton lodges have been opened during the year. The total increase of members was 5,008, made up as follows: Newfoundland, 710; Pringe Edward Island, 17; Nova Scotia, 62; Ontario East, 460; Ontario West, 1,103; New Brunswisk, 237; Manitoba, 133;

The financial report showed an income of \$8,156.96, which includes a balance from last year of \$3,187. The total expenditure was \$3,709.03, leaving a balance on hand of \$4,447.93.

The reports of the officers were heartily endorsed and the Grand Master's address was received "fully."

The election of officers for the Grand Black Chapter resulted as follows: Sir James F. Harper, Hamilton, Grand Master; Thomas Gilday, Montreal, Deputy Grand Master; Joseph McGill, Maraitoba.
