

No Indigestion or Sick Stomach.

Gas, Heartburn, Dyspepsia and all misery in Stomach vanishes.

Take your sour, out-of-order stomach—maybe you call it Indigestion, Dyspepsia, Gastritis or Catarrh of Stomach; it doesn't matter—take your stomach trouble right with you to your Pharmacist and ask him to open a 50-cent case of Pape's Diapensin and let you eat one 22-grain Triangule and see if within five minutes there is left any trace of your former misery.

The correct name for your trouble is Food Fermentation—food souring; the Digestive organs become weak; there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness or many other similar symptoms.

If your appetite is feeble and nothing tempts you, or you belch gas, or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself in five minutes that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapensin.

Placencia Notes.

The second round in the billiard tournament has been played and has been terminated as follows:—

A CLASS.

Winners. W. J. Walsh, 350; J. J. Collins, 325; A. W. Verran, 250; J. Kemp, 225; Fred Collins, 350; E. V. Greene, 250; J. Kemp, 250; P. Phippard, 325. Mr. R. Phippard had to play a man from B Class before the winner is known, and in the fact the fact that there was an odd number of players in each class. He had to make 350 while his opponent was making 250, but he failed to do so and was beaten by 25 points.

B CLASS.

Winners. J. Collins, 250; Austin Collins, 175; Verran, 250; J. W. Collins, 175; Alex. Collins, 250; E. P. Fitzgibbon, 225; J. Kemp, 250; P. Kemp, 175.

There are only seven games now to be played before the winner is known, and it is likely that they will be finished this week.

Mrs. Stipeman left for St. John's by Thursday's train to spend a month with friends.

The s.s. Argyle, Capt. Blundford sailed for St. John's on Wednesday. While there she will be thoroughly cleaned and painted.

Rev. Mr. Craig arrived from Whitehouse on Saturday and went again by Monday evening's train.

Mrs. Croucher, mother of Mr. Tom Croucher, Keeper of Point Verde Highthouse, was summoned to the Great Beyond on Friday. Until a short time before her death she was enjoying good health, and thus her death was unexpected and came as a severe blow to her friends. She leaves one son, Mr. T. Croucher, and a daughter, Mrs. J. Hanlan, both living in this place, and many other relatives. She has been predeceased by her husband. She was buried on Sunday, the burial service being read by Rev. Mr. Craig. The writer extends sympathy to her relatives in their bereavement.

Mr. Hy. Verran is now stowing in ice for the spring.

On Saturday morning the news that the s.s. Home, Capt. George O'Reilly, had met with an accident near Flat Islands quickly flashed over the wires. As far as can be learned the steamer was coming out of Flat Islands or Baine Harbor on Friday night, when suddenly she struck a rock, and Capt. George immediately steamed for Harbour, and there the ship was beached and head-quarters wired, whereupon the wrecking tug Petrel was sent to her assistance, as was also the Gloucester, which took down boiler-makers and divers, who will ascertain the amount of damage done. We are sorry that Capt. George has met with such a mishap (but he is not the first man, neither will he be the last), but we hope that it is not of a serious nature.

Do not accept an imitation or substitute in place of Dr. Chase's Ointment, for there has yet to be discovered a treatment which so promptly gives relief from itching and so thoroughly cures every form of piles. 60 cents a box, at all dealers or Edmondson, Bates & Co., Toronto. Write for a free copy of Dr. Chase's Recipes.

MORE FRESH FISH.—Another large consignment of fish came along from the West Coast by last night's train. It commands a good market here.

Opening of Legislature.

The Legislature will be opened tomorrow afternoon at 3 o'clock by His Excellency the Governor, in the Council Chamber, where the motion for a committee to draft an Address in Reply to the Speech from the Throne will be moved by the Hon. John Harrison and seconded by Hon. J. A. Robinson. In the Assembly similar functions will be performed by Mr. John R. Goodson and Mr. W. R. Howley. As this session will be the first in the reign of His Majesty George V., the members of both houses will meet at noon tomorrow to take the Oath of Allegiance, before the Commissioners appointed for that purpose, viz., Hon. Sir E. D. Shea, Hon. R. K. Bishop, and Hon. J. Harvey.

The "Home" Accident.

The S. S. Home is still at Rushoon and is beached there. Her engine room is filled with water, and the Petrel should be at the scene of the wreck today. Diver William Butler went along with Mr. A. D. Brown and a staff of men from the Reid Nfd. Co. to work at the ship and ascertain the extent of the damage done under the water line. Several powerful pumps were taken on the Petrel with wrecking gear of the best kind, and it is hoped that the ship will be floated soon and upon receiving temporary repairs conveyed here.

At the Theatre.

This is the last week of the Harkins Co. in our midst and they are being greeted with large audiences. Last night they presented the melodrama "The Convict's Daughter," a play which gave all taking part the scope which enabled them to show to advantage the ability and versatility of which they are possessed. The acting was of an excellent character and the piece was well received by all present, and justly so. To-night's repetition should pack the hall.

C. E. T. S.

The C. E. T. S. meeting in the Synod Building last night was attended by a large number of Street workers in London were described in an entertaining way by Mr. H. S. Hayward illustrated by lantern slides, after which several temperance topics were introduced by Rev. James Bell depicting life in London's slums. Some of those present at the close signed the pledge and a collection was taken up in aid of the Society's funds. The annual meeting will be held early in March.

A Charity Concert.

This week a series of charity concerts will be given by the proprietors of the Star Theatre and no doubt bring large audiences. To-night's sessions will be given by Professor McCarthy, Messrs. Geo. Shea, J. M. McCarthy, Misses Minnie Bates and Rose McCarthy.

Row on Wharf.

Just before the Petrel sailed yesterday afternoon two seamen who were going by her had a set to on towing Bros. wharf. They knocked each other about a good deal and drew the claret, until Sgt. Mackey and another officer arrived when they were hustled on board ship.

Itching Piles For 27 Yrs.

Despaired of ever getting relief until cure came 3 years ago with use of DR. CHASE'S OINTMENT. Mr. John Johnson, Cawley, Alta., writes: "Three years ago I was cured of itching piles of twenty-seven years' standing by using Dr. Chase's Ointment. I used to think that death would be the only relief I could ever get from the terrible misery of piles. Dr. Chase's Ointment is worth six dollars a box instead of sixty cents. I am a different man since using it. I am farming all the time now and never miss a day. Words fail to express my gratitude for the cure this Ointment made for me. I cannot tell half as much about it as it deserves. Any one doubting this can write direct to me."

Do not accept an imitation or substitute in place of Dr. Chase's Ointment, for there has yet to be discovered a treatment which so promptly gives relief from itching and so thoroughly cures every form of piles. 60 cents a box, at all dealers or Edmondson, Bates & Co., Toronto. The Speech from the Throne, delivered by King George at Westminster, to-day, was brief and colourless, the only reference to Foreign Affairs being an intimation that negotiations had been opened with Japan for a new Commercial Treaty, and an allusion to the situation in Persia resulting from the disturbance of British Trade routes.

Only two proposed legislative measures are mentioned—the settling of the relations between the two Houses of Parliament with the object of securing the effective working of the Constitution, and legislation to provide against sickness and unemployment.

Making his Declaration of Faith, the King used for the first time the amended form, which omits the traditional reference to the Roman Catholic Church.

From the paucity of the legislative proposals, it is evident that the Government is determined to allow nothing, beyond the necessary financial measures, to interfere with the action of the Veto Bill.

The Suffragettes threaten a renewal of activities, because the matter of Women's franchise is not mentioned in the Speech. The Labourites are put out for the reason that the Speech contained no promise of a Bill dealing with the Osborne Judgment. That the Nationalists are satisfied with their position, was indicated at a meeting held to-day, when it was decided by them not to introduce any private bills this session.

It is probable that the Bill, dealing with the matter of the Lords' power of veto will be introduced on Monday next.

Special Evening Telegram. LONDON, Feb. 6.

The Reciprocity agreement between Canada and the United States, was denounced in unmeasured terms to-day, by Lord Lansdowne and Mr. A. J. Balfour, the leaders of the Opposition in the House of Lords and House of Commons, respectively. Launching the subject on the first day on which Parliament had assembled suggests that the matter may occupy a conspicuous place in the deliberations of the present session.

Speaking in the House of Lords, the Marquis of Lansdowne characterized the agreement as the most momentous departure in the history of Canada and the Empire. It meant, he said, the diminution of the advantages enjoyed by British Trade under the preference now given to the British, and also the defection of wheat supplies to the States. The whole history of the Empire is surely altered if the Dominions are encouraged to develop, not on national and imperial lines, but in accordance with geographical conditions.

In the House of Commons Mr. Balfour referred to the proposed arrangements much on the same lines. If carried out they would, he considered, have consequences disastrous to the future of the Empire. For years Canada had offered trade preference to this country, but the Government had indicated that nothing, in the way of preference, could be given in return. He regarded the agreement as a great Imperial disaster, due to the Government's refusal to listen to the offers of Canada.

Already nearly six thousand bodies of victims of the Plague, have been buried or buried in the outskirts of Harbin. The mortality among the physicians and hospital attendants is high, when the means taken for their protection are taken into consideration. Doctors, nurses and orderlies are succumbing to the disease.

Panic, bordering on panic, have gripped the Chinese. The stricken ones are forced into the streets to starve, or freeze, or to fall perishing from the deadly attack of the plague. Passers-by avoid them, but, sometimes, those engaged in the sanitary work, masked, reach them before they die, and cart them to the pest house, or, if they are dead, to the funeral pyre.

Important Question.

Yesterday afternoon the City Council met and considered the question of the proper housing of the poor of the city. There was considerable discussion on the subject, and it was decided to ask the representatives for St. John's East and West to meet the Board at some designated day next week and discuss the matter.

His Memory a Blank After Several Drinks

John Woodrow, an Englishman, recently committed by Magistrate Ritchie for threatening to shoot Samuel J. Aide and chasing Aide's wife with a knife, on Friday, January 13 last, was found guilty by Judge Forbes at a special session of the criminal side of the County Court, held in Chambers this morning. In view of the explanation made by the prisoner, His Honor allowed him to go on condition he leave the city. At the rate of speed Woodrow left the Pussley Building, he would be several miles from the city by the time the Globe went to press. Mr. C. H. Ferguson conducted the prosecution, and the accused was undefended.

Samuel J. Aide, Mrs. Aide, and Police Officers William R. Lee and George H. Clark testified against the prisoner. Woodrow took the stand in his own defence. He said that four years ago he was honorably discharged from the R. H. A. at Bombay, India, in which he had served as a private. He came to Canada and was employed in Quebec until July last, when he went to St. John's, Carleton County, to work for the Peel Lumber Company. Later he came to St. John, and entered the employ of the Black River Lumber Company and George H. McDonough. On Friday, January 13, he left Mr. McDonough at Fairfield, and walked to the city. He had twenty-seven dollars in his pocket, was returning to St. John's to work for the Peel Lumber Company. When he reached St. John he met an Englishman whom he did not know. Woodrow said his mind became a blank after that, and he did not know anything until he woke up in the cell in the Central Station. He had no knowledge whatever of the offence of which he is charged. His Honor found him guilty, and allowed him to go after he took the pledge for one year and promised never to come to St. John again.—St. John (N.B.) Globe, Feb. 3.

(Mr. Samuel J. Aide is a native of St. John's, Nfld. He is the son of the late Capt. John Aide, one of the old time St. John's master mariners. The Aide family resided on Playhouse Hill.)

A Dangerous Accident.

While some miles in the country yesterday cutting firewood a man named Samuel Benson, of Field St., accidentally chopped his left arm with a sharp axe he was using and severed the main artery. He lost a great quantity of blood and might have collapsed but that a comrade with him helped him along, and put a ligature in a rough way on the arm thereby checking the loss of the life current. On reaching the city the man was attended by Dr. Campbell who stitched up the wound and otherwise ministered to him.

TUESDAY, Feb. 7, 1911. Our Lavender Water is made from the best Mitcham Oil, and is prepared from a recipe that brings out every bit of the odor of this best of all oils of Lavender. It will stand comparison with any perfume of its kind extant. Indeed we doubt if there is any lavender water made which surpasses it. Many persons who first saw it at the Manufacturers' Exhibition last fall were surprised at its simple and delicate fragrance. We make it right here on the premises, and spare no efforts to have it perfect and to mature it properly before bottling. If you want a really superior Lavender Water, get a bottle. Price (4 oz. bottle) 65c.

12 Workmen Trapped

Like Rats in a Sewer and Suffocated to Death.

Newark, N. J., Feb. 1.—Trapped like rats, twelve workmen, all of whom were suffocated to death here last night in a caisson in the Passaic River. The victims constituted a night shift engaged in work preparatory to the reconstruction of the Centre Bridge between here and Harrison.

It is understood that the accident was directly due to the dropping of a huge metal bucket, loaded with masonry, breaking the door, thus cutting the air and allowing the water to rush into the caisson.

How Ovilla Marcotte's Bright's Disease Was Caused And Cured.

A cold was the cause and Dodd's Kidney Pills the cure. He recommends them because he has proved the good.

Laford, Alta., Feb. 6, 1911. In these winter days, when everybody has a cold, and when the colds are so common, and when the other symptoms of Bright's disease are almost epidemic.

For this reason the statement of Ovilla Marcotte of this place is of interest to every one. He had a cold. It developed Bright's Disease, and finally the doctor told him. Here is his full statement.

"For three years, due to a cold, I suffered with Bright's Disease. The case and Bright's Disease were treated by a doctor who said the case was hopeless. It was four years ago that I got Dodd's Kidney Pills. I had not heard of Dodd's Kidney Pills before. I had heard of Dodd's Kidney Pills from some who suffer from Bright's Disease."

Neglected Kidney trouble is a suffering and disease, that often proves fatal. When a cold comes, that your kidneys are weak, and you order the only safe plan is to put them up with Dodd's Kidney Pills. They always cure all forms of kidney trouble.
