## Answer: MICHELIN

As a Time and Money-Saving Proposition, 77 per cent. say MICHELIN. As an Experimental Proposition, 23 per cent. are undecided, still experimenting with various makes, with the consequent loss of time and money.

Fancy pattern covers are no doubt attractive, they are intended to be; they are also a good advertisement.

To the shrewd buyer the very fact of such a great variety of Fancy Pattern Tyres proves conclusively that none of the patterns are correct.

Either one is best and should be universally adopted, or all are unnecessary.

MICHELIN are not fancy pattern covers: Quality is their watchword, and in their merits they stand or fall.

### MR. CAR OWNER, As a Business Proposition, Which would You Buy?

The DUNLOP TIRE that is moulded as a UNIT, whereby the thick, tough rubber Traction tread, the rubber side strips, the layers of rubber impregnated fabric and of pure rubber are blended in one live integral product?

Or the other kind which vulcanizes its tread strip-on to the body to make a finish.

Your Business Acumen says, DUNLOP.

The DUNLOP TRACTION was put on the market in 1911. After one season's experience it proved so successful that last year it was used by 75 per cent. of all cars in Canada.

Will you buy a proven Tire like the Dunlop, or will you buy a Tire which was proven to be fourth-rate by the tire test recently held in England.

Your Business Acumen says, DUNLOP.

Fred V. Chesman, Agent.

DEAR SIR.—Photography is now being recognized as a method in Education too valuable to overlook. More and more are we turning to Nature, because we recognize for the first time in the history of the world that we are a part of Nature. We are Nature. And the more we love Nature, the more we understand her, the stronger, the healthier, the happier, the saner we are.

The Camera brings us very close to Nature. It makes us feel our kinship with the Infinite. The Camera habit isn't a passing fad. More and more it is becoming fixed in the heart of the race.

Yours faithfully,
