TO FORD OWNERS

and prospective owners, what a full line of parts right here in the city means to you—prompt service and every satisfaction. It is useless to ignore the fact that you don't require parts. It is all the same if the car costs eight hundred or eight thousand the parts must be renewed sooner or later. The piece of machinery has not been made yet that won't wear. Unfortunately we are such a great distance from the factory and to get parts it takes considerable time, not to mention them having quite a rest at St. John, N.B. for a month or so; and then when you do get them at last, nine times out of ten they are not as ordered. Personally I have known cars to be tied up all the summer from the above cause.

I have a full line of parts always in stock and invite inspection. In fact I carry the only complete line of parts and accessories in the city. I shall be leaving for the "Ford" Factory about the fourth of February and any orders placed before I leave will be attended to personally.

COMBINATION ENGINES.

The Guarantee 4-Cycle Engine, which is one of the most reliable marine motor engines made, can be fitted with a Governor, Base, Pulley and Coupling, and used for sawing, hoisting, pumping or running any kind of machinery.

Being a 4-Cycle Engine it burns kero oil with good results, and is economical on fuel.
