### TRENCH ACTIVITY.

LONDON, To-day. British official: There has been mining activity near Pricourt, Souchez, Hulluch and Givency. During last night we dispersed a party of Germans who left their trenches near St. Eloi. There has been trench mortar fighting south of Arras and artillery duels between Souchez, La Bassée Canal and the neighbourhood of Ypres.

### S. S. SABIA SUNK.

LONDON, To-day. The British steamer Sabia has been sunk, according to the Central News, and the captain and 24 men of the crew landed. The Sabia is a vessel of 2307 tons and owned in London. Available shipping records show she arrived on March 2 at Marseilles from Cardiff.

### BUDGET OF WAR NEWS.

NEW YORK, To-day. On all fronts around Verdun the Germans are heavily bombarding the French positions, especially those occupied by the French in their last

attack around Le Mort Homme, north-west of the fortress, and in the sector from the eastern bank of the Meuse to Fort Vaux. No infantry engagements have taken place around Verdun, although Paris records the occupation of a portion of a crater made by a German mine in Argonne forest. The Germans in East Galicia, near Popovagora went on the offensive against the Russians, but Petrograd asserts their efforts were without result. The bombardment by the Germans of the Russians holding Ikskull bridgehead is still in progress. Farther south of a point west of Olyka and north of Moutvatza the Germans essayed an attempt on the Russian trenches but were repulsed. On the Austro-Italian front there have been the usual artillery duels and at various points small infantry engagements. At no point, however, has any important change of position taken place. Petrograd reports the Russian Caucasus army continues on the offensive against the Turks in the Black Sea district in Asia Minor. Constantinople in acknowledging the occupation of Trebizond by the Russians says the town had already been evacuated in anticipation of its capture. Turkish troops are withdrawing in accordance with instructions to the sector where they will have a new task to fulfil.

### WELL DONE, RYAN!

NEW YORK, To-day. Australia, with 200,000 men at the front at an annual cost to the country of \$50,000,000, is drilling another 100,000 soldiers, and is prepared to exhaust her resources in men and

wealth to aid the Entente Allies, according to Hon. T. J. Ryan, Prime Minister and Attorney General of Queensland, who arrived here yesterday with other members of the official party on their way to London. As evidence of the patriotism which is felt all over Australia towards the cause of the war, Ryan stated he is carrying a set of engrossed resolutions from the Queensland Irish Association endorsing the activities of John Redmond in endeavouring to get all Irishmen to enlist in the army.

### EX-PRESIDENT TAFT BACKS PRESIDENT WILSON.

CHICAGO, To-day. War with Germany seems unavoidable, unless Germany recedes from its position in submarine controversy, is the opinion of ex-President Taft. In a speech yesterday Taft asked the audience to stand by President Wilson in this present crisis. He expressed the hope that diplomatic interchanges would avert war. This is a terribly trying hour for the United States, he said. President Wilson is President of all of us, and I am a citizen of the United States.

### BITTER ATTACK ON LLOYD GEORGE.

LONDON, To-day. Displeasure expressed by radicals over the attitude of Lloyd George, culminated to-day in a remarkable open letter by Alfred G. Gardiner, editor of the Daily News, in which Gardiner charges Lloyd George with responsibility for the Government crisis just passed. The crisis this week, says the Gardiner letter, "was the culmination of all your activities. The country has made its choice between Asquith and you. It heard much about Asquith from your friends of the press. You escaped insult. You will escape exposure no longer. In the heated overwrought atmosphere of your mind, you believe yourself a man of destiny. Democracy has been only a veil to you, not a faith. When the storm came, the adventurer within you made short work of the democrats. Now you could have ten months power of Napoleon, whereof you once spoke to me. Parliament becomes a nuisance and democracy an encumbrance. Asquith, making a new heaven and earth. You never understood nor liked Trade Unionism. You are essentially an agrarian agitator. This has been the crucial collision between you and Asquith. Throughout he sought to carry labor with him. You in an apocalyptic vision of yourself as the Saviour of Europe turned to compulsion. You were one of the chief architects of the fallen Liberal Government and the establishment of the Coalition, but the new Government was not what you intended. Asquith, Grey and Kitchenier remained, and it was subjected from the outset to that bitter, relentless attack which you have been in close intimacy with the chief assailants of the Government."

### HUNGARIANS WANT PEACE.

LONDON, To-day. The Daily Telegraph's Milan correspondent says that a significant symptom regarding Hapsburg Monarchy is shown by an outbreak of Hungarian newspapers in favour of peace. Asquith's recent speech regarding peace conditions, the despatch says, has been commented by Hungarians, who are anxious on account of German aggressiveness, respecting small nationalities at the end of the war.

### GERMANS SEIZE DANISH SHIP.

COPENHAGEN, To-day. The Danish steamer Esbjerg, bound from Bordeaux for Copenhagen with a cargo of wire, has been seized by a German cruiser in the Cattegat and taken to Swinevunde. This is the first time the Germans have captured a Danish vessel laden with goods in an enemy country and bound for Denmark.

### MORE HUN TRICKERY.

LONDON, To-day. The Rotterdam correspondent of the Daily Mail cables that the crisis in Holland continues to cause great anxiety. It is understood, he says, that Great Britain intended to attack her, and offered to send German troops to Holland.

### ANOTHER ADVANCE FRUSTRATED.

PARIS, To-day. An intense bombardment of the French front before Verdun between the Meuse and Fort Vaux was followed last night by an attempt on the part of the German troops to advance. The War Office announcement this afternoon says the advance was prevented by artillery fire of the French which inflicted heavy losses on the Germans.

### ARMS SEIZED BY POLICE.

LONDON, To-day. A telegram from Trieste says a col-

## Self Poisoning by Food

The food which is taken to nourish the body and keep up vigor and strength becomes a poison to the system when digestion fails. You feel drowsy after meals, lose appetite, suffer from constipation, have pains in the bowels and through the body. Instead of being digested, the food ferments and gives rise to gas or wind on the stomach, which crowds about the heart, causing suffocating feelings and derangements of the heart's action.

Resort to aids to digestion cannot afford more than temporary relief, for the trouble is caused by torpid, sluggish action of the liver and bowels. These organs must be awakened so that they will filter the

poisons from the blood and remove from the system the accumulating waste matter.

Here lies the cause of indigestion and dyspepsia, and neglect only leads to chronic and complicated derangements, which destroy all comfort and shorten life.

The ideal treatment for indigestion is Dr. Chase's Kidney-Liver Pills, because they promptly and positively remove the cause of trouble. Acting directly and specifically on the liver, kidneys and bowels, they cleanse the system of all impurities, and their occasional use keeps these filtering and excretory organs regular and active. The blood is purified, pains and aches disappear, and such derangements as indigestion, constipation, biliousness, back-ache and kidney derangements are cured.

One pill a dose, 25 cents a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto. Do not be misled into accepting a substitute. Imitations disappoint.

### Good Friday Service.

At Wesley Church Rev. H. Royle delivered a very fine discourse from Romans 8: 3—"But God commendeth His love toward us, in that while we were yet sinners Christ died for us." His theme was the boundless love of God. We must not think of resurrection in connection with it, as that would imply it could be measured. "For the love of God is broader than the measure of man's mind," and no plummet can reach its depth or sounding lead find its bottom: in width it is limitless, for as far as the east is from the west He can remove our transgressions from us. He referred to the change of mind of the talented editor of "John Bull," a splendid English magazine. Horatio Bottomley had strong atheistical opinions that very often obtruded in his articles like ugly rock in rich gold-bearing quartz. Now this gifted man writes that only Christianity and the teaching of the love of God through Christ can transform men and women from the vice of intemperance and sin, and from the slums to a better life. All the points were forcefully applied as he urged for the surrender to God's service because of the unparalleled love of His Son in his death upon the cross. The choir sang "There is a green hill far away," and all the hymns were appropriate for a solemn service.
