

Utica, April 27th.—Saturday afternoon last at Pond Hill, a little girl eight years old, daughter of Mr Levi Sanders, was brutally outraged. Her throat was then cut and her head smashed in with a stone. Wm. H. Carswell has been arrested for the inhuman deed. Carswell is said to be a simple fellow and an irresponsible character.

Havana, April 27th.—The war still continues in Hayti. It is reported that the Caocs are commanded by American officers. President Salnave was losing ground daily. The attempt of Gen. Chevalier to reinforce Salnave failed. The party under his command defeated by the Caocs, with difficulty got back to Cape Haytien.

The people of St. Domingo threaten a revolution against Baez, who continue to imprison and banish his enemies. Herald's special says General Baez has taken the oath as President of the Republic.

A Terrible Woman in the French Army.

An extraordinary female military character is now an inmate of the Hotel des Invalides. Lieutenant Madame Burlon entered the hotel more than fifty years ago, and is the only female soldier ever admitted to receive the support. Angeli- que Marie Joseph Duchemin was born in 1772. Twenty years later found her up on the most exciting stage the world has ever known. Louis XIV. was beheaded, and France a republic. Angeli- que was a wife, a mother, a citoyenne, a soldier. She served 7 years in the various capacities of a corporal, corporal-fourrier and sergeant-major. At the age of 27, in the year 1799, she was admitted to the Hotel not because she was a woman, a widow, but by her right and merit as a wounded soldier. There she received her support and the small pay allowed to non-commissioned officers, and in addition to this, for some time, a salary of \$80 a year clerk in the magazine of clothing. At the age of 35 she became the chief of this department with a salary of \$650 per annum. By her economy she was enabled to establish her daughter, and more recently to aid her grandchildren and great-grandchildren. At the age of 17 she was a wife, at 18 a mother, at 20 a widow. Her husband fell at Ajaccio, in Corsica. Three days after she learned his fate she took the uniform of his regiment, and demanded permission to average his death. Two brothers had fallen in active service, her father had died on the field of battle—her heart, head, and hand burned to send destruction to the English and Corsicans. She told the history of the siege of Calvi. Eleven months they had been blockaded, 75 days bombarded, but she brought relief to the garrison of the fort of Gesco; and the Cross of the Legion of Honor on her breast is her country's acknowledgement of her heroic action. Madame Burlon said she did not mind wounds in each arm nor fear the dark, but set out alone, at midnight, evaded the guards, rescued sixty starving women, and led them to the fort, which was reached at two o'clock in the morning. She gave the women each a pound of rice, which all considered an excellent bargain. Still later, at the siege of Calvi, all the cannoniers having been killed, the non-commissioned officers were called upon to fill their places; it was thus, while defending a bastion in aiming a 16-pounder, that she was wounded in the leg by the bursting of a bomb. This last wound disabled her from service and entitled her a place in the Hotel des Invalides. October 23, 1833, upon the proposition of General de Latour Maubourg, Governor of the Invalides, she received the grade of second lieutenant. She never threw off her military uniform but once, and that for a moment's amusement to her grandchildren, when she assumed female attire. But the children, instead of being amused, burst into tears, and begged their grandmothers to go back again to her soldier's clothes.

The QUESTION.—"What shall we do with Fenianism?" is a very pertinent question which the Leader asks this morning, and then answers the query in more than a solid "column of dismay." The remedy is simple. Pass M. Cartier's Militia Bill, and thereby disband the Volunteer force. The question will soon be settled, but will unfortunately give rise to another: "What will be done with the Canadians?" What has the Leader to say to that?—Hamilton Times.

DR. MAGGIEL'S is the founder of a new Medical system. The quantarians, whose internal doses anesthe the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite with from one to two of his ordinary Pills, and cures the most virulent sore throat or so of his wonderful and all-healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Magguel's Pills and Salve have opened the eyes of the public to the inefficiency of the so-called remedies of others, and upon which people have so long blindly depended. Magguel's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Magguel's Pills suffices to keep the bowels in perfect order, tones the stomach, create an appetite, and render the spirit light and buoyant. There is no griping and no reasoning in the form of constipation. If the liver is affected, its functions are restored, and if the nervous system is feeble, it is invigorating. This last quality makes the medicine very desirable for the wants of delicate females. Ulcers and eruptive diseases are literally extinguished by the disinfectant use of Magguel's Salve. In fact, it is here announced that Magguel's Bilious, Dyspeptic and Diarrhoeic Pills cure where all others fail—While for Burns, Scalds, Chilblains, Cuts, and all Abrasions of the Skin, Magguel's Salve is infallible. Sold by J. HAYDOCK, 11 Pine Street, New York, and all Druggists, at 25 cents per box.

THE India and China Tea Company beg to call the attention of the Canadian community to their directly imported Teas, which for purity and excellence will be found unequalled.
The Company have made arrangements whereby they have secured the entire produce of some of the best plantations in Assam and the slopes of the Himalayas, and by a judicious blending of these magnificent Teas with the best varieties of China produce, they are enabled to offer to the public Teas of quality and favour hitherto unknown to the general consumer. These Teas are in high favour in England and France, and a single trial will prove their superiority.
The Company supply two qualities only, either Black, Green or Mixed. Their Black Teas will be found to possess great brilliancy and flavour, combined with colour and strength, and to be entirely different to the flat and vapour article usually sold as Black Tea; while their Green Teas are altogether free from the deleterious mineral powder so commonly used for coloring the leaf.
PRICES: Rich, full-flavoured Tea, for family use a real gem and fine article, one dollar per lb. Finest quality procurable, one dollar per lb. All packages have the Company trade-mark, without which none are genuine Green or Mixed.
To be had in packets of Quarter Pound Half Pound, One Pound, and upwards, or in tin canisters of 5 lbs. and upwards, from the Company's Agents in all the chief towns of Canada.—N.B. All the packages are lined with tin foil paper, and the Tea will consequently retain its flavour any length of time.

WHO CAN TELL
How Nature Colors the Peach?
How Nature Colors the Plum?
How Nature Colors the Green Grape,
And Berries of various kinds?

The celebrated Portuguese Chemist and Botanist, Professor Esmeraldo, has contributed one of the most useful and valuable discoveries of the age for the benefit of mankind, and known as
PROFESSOR ESMERALDO'S PELLATITE.
This Pellatite is the Concrete Juice of the Fruit of the Antheim Pfrethum, a Brazilian Shrub that grows along the banks of the Amazon River. This fruit and its juice possess the peculiar properties of imparting its color to the Human Hair only, and gives it an Elegant, Soft, Glossy, Brown or Black Color, promoting its rapid and luxuriant growth.—It will not stain the skin or clothing. Among Ladies and Gentlemen whose hair is turning or already become grey, the Pellatite stands as

THE VICTORIA
OF ALL
GREY HAIR RESTORERS!
It differs from all others as follows:
The Joyful Side. It is clean and harmless. It imparts its colour at once. It is free from minerals and chemicals. It softens and glossens the Hair. It is healing to the scalp. It removes Dandruff and Scurf. It combines a Hair Dressing. It combines a Color Restorer. It predisposes the Hair to Curl. It is indispensable, and is universally desired.

THE MELANCHOLY Side. Other Preparations are all made of preparations of Lead, Sulphur, Lime, Chemicals and Minerals. They crystallize on the hair and make it stiff and harsh. They stain the skin and clothing. They are filthy—excoriate the scalp. They are carried to the brain by the absorbents—cause pain in the Head, Dizziness, Blindness, Softening of the Brain, Lunacy and Death.
HOW THEY ARE PUT UP.—They are put in Colored glass Bottles, with the Labels closely pasted around them from cork bottom, in order to hide the demon inside.

WHICH WILL YOU HAVE? WHICH WILL YOU USE?
Compare them. Test them and decide. Away with filthy, dangerous Compounds, and use the clean and Harmless Pellatite.
At one bound it sweeps the field, and the old fogy crucibles of Minerals are dropped by the public like a red hot iron.
Go to your nearest Druggist and ask him to furnish you with the Pellatite. Don't fail to give it a trial, and don't wait until your Hair is destroyed or you are the inmate of a Lunatic Asylum. Go at once.

What the People Say:
"It does not stain the skin, but colors the Hair immediately."
"Professor—My head was sore from other Dyes. Your Pellatite healed my scalp and colored my hair beautifully."
"I am delighted with your Pellatite—I will never again use any other wash or dye."
"No more lead or sulphur dress for me—your Pellatite is a Botanic Wonder, and no mistake."
"It operates like magic."
"Enclosed find \$5 for six bottles more. Send immediately."
"Your Pellatite leaves my hair soft and smooth. Other dyes made it harsh and brittle."
"Since using your Pellatite my head is entirely free from pain and ache."
