THURSDAY EVENG, AUG. 29, 1872

Local and Other Items.

It is said the Governor General will visit Hamilton during the Provincial Exhibition.

HAMILTON is to have a hall and clock-tower, to be built on King-st., a short distance east of Hughson. It is to be 90 feet in height.

We understand that Mr. John Hossie has been appointed Sheriff of the County of Perth, in room of Sheriff Molerwell, who resigned some time ago.

A MOVEMENT is on foot to have the Toronto Grey and Bruce Railway extended from Wroctzer, via Anisleyville, Seaford, Brucefield and Varma, to Bayfield.

Work on the Air Line of the Great Western is rapidly nearing completion. The rails are now laid a distance of 20 miles from Glencoe. An iron train is being brought ties and steel rails from Glencoe, and a ballasting train has just started.

The Signal says that Goderich harbor presented a busy appearance last week, there being quite a large business doing in the receiving of grain and the shipping of salt. Freight rates high, and it is difficult to obtain vessels on which to ship salt, for which there is now quite a demand.

As Donald Campbell, of West Wawanosh, a lad aged 15 years, was driving a load of wheat to the barn on Friday last, the wagon ran over a stump and shook him off the load. The wagon passed over him, inflicting such injuries that he only lived an hour and a half after the occurrence.

ORCHARD ROBBERY.—On Sunday afternoon last a number of boys entered the orchard of Mr. Wm. Patterson, near Mr. Stanes' farm, and pillaged the fruit to a considerable extent. Mr. Patterson will be happy to give them a suitable reception, should they decide to patronize his orchard a second time!

We notice that Mrs. Coulson, the widow of Mr. J. P. Coulson, of Owen Sound, acknowledges the receipt of \$5,000 the amount of policy on the life of her late husband in the Etna Life Insurance Company, for which Company Mr. Wm. Corbett is agent in Guelph.

GUELPH VS. LONDON.—The Guelph cricketers leave for London this evening to play the cricketers of the latter city a return match, and we hope to hear that they have been victorious in spite of the inactivity of the Veteran Nicholas to accompany the eleven.

Y. M. C. A.—The regular meeting of the Young Men's Christian Association will be held in their rooms this evening at 8 o'clock, when the reports of the Managers' Committee will be read. The report of the delegates to the Convention Belleville will also be given. Mr. W. Ryan will give an essay, and Mr. W. Watson a reading.

ACCIDENT AT THE WELLINGTON FOUNDRY.—A machinist named McDiarmid met with an accident this (Thursday) forenoon. He was cutting a small piece of wood at the small circular saw, when his hand came in contact with the saw. His third finger was cut off, and the first and second fingers were split open. The poor fellow, who is only lately out from the old country, had his wounds dressed, as soon as possible after the accident, and will be some time before he can go to work again.

The Ship-Builders along the Welland Canal are so busy just now that they have scarcely time to bid you good day. The Journal says, Mr. Louis Shickluna has on hand some three or four propellers, and several schooners or barges. He has been forced to decline a number of contracts in consequence of his inability to get the vessels out in the time desired. The same is the case, but not to the same extent, with the other ship-builders.

A ROYAL COMPOSER.—The Duke of Edinburgh is making a very promising beginning in his new career of a composer. He acknowledges the authorship of the very pretty valse, the "Galatea," played at the Prince and Princess of Wales, ball, and has elsewhere been heard with much approval on the part of those who would not say it was good because H. R. H. were the letters of recommendation—perhaps the contrary.

A DAY or two ago, Mr. John Law, of London, made a trial of the new patent tar and petroleum burners, under a boiler at the workshops of the Great Western Company at Hamilton. The result of the trial was pleasing in the extreme; and the Times is informed that the Superintendent of the Mechanical Department of the Western, who witnessed the trial referred to, has expressed himself as surprised and gratified at the success of the experiment, and has ordered a trial with a locomotive.

WILMOT, of Newcastle, Ontario, well-known in the work of artificial propagation of salmon and other fish in the Dominion, has arrived at St. John, for the purpose of selecting sites for the introduction of this new industry into that Province. The importance to be derived from an increased catch of salmon on the river and coast fisheries of the Maritime Provinces would be a great boon that would be equally felt by all in the production of a greater supply of food for the people, and in increasing the traffic in a very important article of commerce.

THIS MORNING'S DESPATCHES

Yellow Fever in Carthage.

Democratic Convention in Louisville.

Fish on the Geneva Conference.

Wheeling, Va., Aug. 28.—Latest returns give Jacob a majority of 8,206, and a majority of 1,000 for the new constitution.

New York, Aug. 29.—By a vessel from Carthage, Central America, we have reliable advices that yellow fever is now raging at that place. The scourge first made its appearance about the first of July, and at the time our informant left, Aug. 28th, the epidemic had attained alarming proportions,—some 35 to 40 deaths per day in a total population of 8,000. The American Consul at the port was using every endeavor to prevent the spread of the contagion.

A Louisville despatch states that arrangements for the straight out democratic convention are being made on a grand scale.

The Herald's Washington despatch says, that Secretary Fish, in conversation to-day, expressed the highest satisfaction with the reports already received from Geneva, and was certain that the good result would increase the popularity of President Grant, of whose election he had no doubt. As to whether he would remain in the Cabinet beyond the adjustment of the Alabama Claims, he said that the future would take care of itself, and no one need have any uneasiness as to his continuing in public life any longer than he could help.

The Herald denies the imputations and frauds cast upon Stanley in the discovery of Livingstone, and gives evidence of former correspondence of Livingstone, and of Prof. Stearns, of Amherst College, who testify to the belief, that the letters received from Livingstone are in that traveller's handwriting and not in Stanley's.

Mr. S. Capper's Lectures in England. We notice that Mr. S. Capper, the well known temperance lecturer, who was in Canada last Spring, has resumed his lectures in England. He lectured in Albion Hall, London, on the 7th, and in the Temperance Hall, Bermondsey, (a district of London), on the 8th, on "Canada as it is." The City Press says the Hall was well filled on both occasions. The lecturer said he found in Canada a happy and prosperous people, having one of the finest systems of education extant, all children being taught alike. In Canada there was little class distinction. The people were better governed than at home; and if the Canadian Parliament could sit a session in London, our own might learn a lesson in legislation.—There was plenty of land, and all that Canada wanted was the surplus labor of England to make it the most prosperous country in the world. A family could live there for half the amount required in England, whilst labor was proportionally better paid, and taxation was exceedingly light. Mr. Capper gave his audience a beautiful description of autumn and winter, and graphically portrayed Quebec with its fortifications; the condition of the woollen workers in Sherbrooke; the City of Montreal, Ottawa, &c., and remarked that he never saw one drunken person on Sunday in any street in any town during his eight months' stay. The lecturer also said that the manufacturing interests had been very much aided and developed by some of the towns offering bonuses to manufacturers. The audience were taken to Kingston, Napanee, Toronto, Oshawa, Hamilton, Guelph, Ingersoll, and other places; the chief trade of each place and the condition of those engaged was very fairly set before the audience. For more than two hours those present were kept in rapt attention by the lecturer.

The Game in London Yesterday. GUELPH UNIONS VICTORIOUS. The base ball match in London yesterday afternoon for the junior championship of Canada between the Eckfords of that city and the Unions of Guelph resulted in favor of the Guelph boys by a score of 19 to 18. By the record kept we see that the Unions were a long way behind on the 4th innings, but having dealt out three goose-eggs on the 5th, 6th and 7th to the Eckfords, and running up a tally of ten on the 6th, 7th and 8th for themselves, they came out one ahead at the conclusion. The Guelph Unions are now the acknowledged junior champions, and were it not for the lateness of the season a suitable article would be put up to be competed for. Following is THE SCORE:

UNIONS	ECKFORDS
Runs	18
Wickets	4
Extras	1
Total	23

THE SCORE: **UNIONS** 18 runs, 4 wickets, 1 extra. **ECKFORDS** 23 runs, 4 wickets, 1 extra.

Montreal Election. **CARTIER COMPLETELY ROUTED!** **JETTE'S MAJORITY 1,282!** **JOHN YOUNG BEATS DRUMMOND!** His Majority 881.

MONTREAL, Aug. 28. There was great excitement to-day over the elections, but they passed off peaceably. The excitement rose as large majorities were rolled up for the liberal candidates in both divisions; the friends of Messrs. Jette and Young were elated, while the Government only in the day saw that the contest was hopeless, and were very much dejected.

At 10 o'clock the election of both the Liberal candidates was assured, the majorities being:

Jette (about)	200
Young (about)	250

These majorities increased as time went on, and the Tories were in despair. At noon Mr. Young's majority had gone up to 402, and Mr. Jette's had proportionately increased. At one o'clock the figures stood:

Jette	1,995
Cartier	1,287

Majority for Jette..... 608
Young's majority..... 601
By this time the Cartier and Drummond men had become completely demoralized, and had virtually given up the contest. At 3 o'clock the majorities for the Liberal candidates were—

Jette	903
Young	632

An attempt was made by some Quebec roughs and sailors, headed by the notorious Joe Beef, to raise a disturbance at one of Mr. Jette's polling places, but Jette's men were too many for them, and obliged them to keep quiet. At 3 o'clock the majorities had reached—

Jette	1,049
Young	742

And at the close of the poll, the Liberal candidates had the following enormous majorities—

Jette	1,989
Young	823

As soon as the result was made known, an immense procession formed, and the victory was celebrated in the most enthusiastic manner.

South Renfrew. **McDougal Probably Elected.** There are only partial returns from this Riding giving McDougal 169 of a majority. Two other Townships are reported to give large majorities for O'Reilly, but the figures are not to be relied on.

Lambton Election. **TRIUMPHANT RETURN OF MR. MACKENZIE.** SANTA, Aug. 29. The following are the majorities: **MACKENZIE, VIDAL.**

Bosquet	120
Plympton	187
Moore	218
Sarnia Township	78
Town	33
Warwick	45
Brooks	27
Petrolia	4
Emmiskillen	18
Oil Springs	5
Total	657

Majority for Mackenzie 654.

West Middlesex Redeemed. A. P. MACDONALD DEFEATED. Mr. Ross's majority over A. P. Macdonald is 80.

East Durham Redeemed. ROSS ELECTED. Ross's majority over Kirchoffer is 288.

Cardwell Election. No returns could be obtained up to the hour of going to press.

STOCK FOR CANADA.—At the Highland and Agricultural Society's Show (the national one) of Scotland held this year at Kelso, we notice that several purchases were made on Canadian account. Mr. Kemp—probably of Weston—has purchased from Mr. McRobbie, Aberdeenshire the second prize aged stallion (Clydesdale) "The Chancellor" for 375 guineas, and Mr. R. Brewster sold his first prize three year old colt (Clydesdale) to Mr. Cockburn for Canada for £300. It is very likely that the last mentioned animal is intended for this district, as Mr. C. J. Cockburn, of Pustineh, commissioned Mr. David Dickson, now in Scotland, to purchase a suitable animal for him. If we are correct in our surmises as to the purchasers of these respective animals, there is every likelihood of horse fanciers being gratified with an inspection of them at the forthcoming Guelph Exhibition.

The show of polled cattle, is said to have surpassed that of any previous year, and no fewer than three out of the six first prizes were carried off by animals from the herd of Mr. W. McCombie, M. P. for East Aberdeenshire.

The Ex-Empress Eugenie with the Prince Imperial and party have recently been touring in Scotland, and have everywhere been received with enthusiastic manifestations of respect and goodwill. Large crowds surrounded their hotel in Edinburgh during their two days sojourn there, and loudly cheered them on their passage to and from their carriage. The Empress and her son frequently gratefully acknowledged the compliments of the crowd, and expressed themselves as highly delighted with the very flattering attentions they had received in Edinburgh. Similar enthusiasm greeted them on their arrival at Strirling. The Imperial party intend visiting Oban and other parts of the Western Highlands before leaving Scotland.

OFF THE TRACK.—A freight train ran off the track at Georgetown. The morning train from Toronto did not reach Guelph till 8 o'clock.
