Cuelph Evening Mercury

WEDNESDAY EVEN'G, FEB. 5, 1873 The "Herald" and the County Printing.

The Herald attempts, but com pletely fails, to exonerate Mr. Chadwick from the charge we preferred against him, of having obtained the County printing by a mean evasion of the statute disqualifying him or any other member of the County Council from holding a contract under it. But, in order to withdraw public attention from the iniquity and illegality of his course in this matter, we are treated to even more than the ordinary string of falsehoods, misrepresentations, jesuitical evasions of the truth, and skilful dodging of the real question at issue. Having already given the facts of the case, which the Herald has not, and dares not deny, as well as our candid opinion of Mr. Chadwick's conduct, which throws disgrace and discredit on him as a public servant, we do not intend to occupy more of our space on the subject than is sufficient to repel the unfounded and malicious charges which the Herald brings against the Mercura in connection with this matter of County printing. In the first place, it charges that we have had a monopoly of the County printing. This is utterly untrue. We obtained it for several years consecutively by fair and square competition, just as the Herald some ten or twelve years ago obtained it, and held it for a number of years. If it was a monopoly in the one case it was equally so in the other. The writer in the Herald sknows this well enough, and when he says that we have had a monopoly of the printing he states what he knows to be false, though he has not manliness enough to admit it. Again, in saying that this printing was given to us year by year "by a few of the Grits in the County" he wantonly impugns the honestly and maligns. the character of such statunch Conservatives as the present Warden and County Clerk, the late Warden, Mr. Leslie, and the late Clerk, Mr. Ferrier, who are or were members of the Printing Committee, and who year after year accepted our tender as the lowest. Are these "the Grits who manipulate the public purse for the benefit of their friends?" So the Herald says

single case in which we received a cent from the County that was not honestly earned.

Such are a few of the vile and malicious charges made against the Meacury, and to which we have given a flat denial. We consider it unnecessary further to notice the reckless assertions of such an unscrupulous and dishonest writer, who regards neither truth nor honor nor honesty. We dismiss the subject by repeating our former assertion, that Mr. Chadwick in this matter has been guilty of a mean evasion of the law, which no pure minded public servant, or high-toned gentleman, who is careful of his public character, would have stooped! to, and we do not hesitate to say that nine tenths of the people, whether Reform or Conservative, are of the same opinion. THE Bill introduced by Mr. Bethune to unite the County of Perth for registra-tion purposes, has been defeated before the Private Bills Committee. Judge Caron has accepted the Lieut. Governorship of Quebec, on condition that on the expiration of his term of cf-fice he shall receive his pension as judge.

The Intercolonial and Pacific Railways The Intercolonial Railway Commi sioners met at Ottawa on Tuesday. The contractors on that line are largely represented; one or two are putting in their final estimates, having completed their work. The greater number of them, however, are beseging the Commissioners with large claims for extras. It is estimated that the extras claimed will amount to nearly five millions of dollars, one firm alone demanding half a million. This latter firm belongs to Quochec, and its members were active supporters of Mr. Langevin at a recent election in Quebec city; and broad hints are given by some, who should have the means of knowing the circumstances, that their claim for extras would not have been nearly so large but for the necessity of reimbursing the substantial advances made on account of election expenses. It is said that the Commissioners are appalled at the magnitude of the claims thus put in, and have resolved to shirk the responsibility by handing the whole matter of the extras over to be dealt with by the House. The leading contractors brought hither by the Welland Canal and Lutercolomial Railway works are turning their attention towards the Pacific Railway. A combination, which will include A. P. Macdonald, Donald Robertson, James Ross, Durcan McDonald, Alex. Macdonald, and several others, have now contractors on that line are largely re-A. P.
