Human Nature. History, so says the proverb, Has a strange, peculiar way Of recording things tomorrow Same as it did yesterday.

Yesterday 1 saw an orchin Who loud and long did cry Just because his little sister Had the biggest piece of pie.

And, although his piece was ample, It sometimes made him sore Just because his loving mother Gave his little sister more.

Perhaps the boy behaved unwisely, But each day you will see men Who are acting just as foolish As the urchin acted then.

Men forget their many blessings As for greater ones they sigh, And they envy other mortals Who get bigger "hunks of pie!"

What Would You Give

To be cured of estarrh? If you or your friends have this disease, you know how disagreeable it is. Its symptoms are inflamed eyes, throbbing temples, ringing noises in the ears, headaches, cap icious appetite and constant discharge of mucus. Fortunately its cure is not a question of what you will give, but what you will take. If you will take Hood's Sarsaparilla, the great constitutional remedy, which thoroughly purifies, enriches and vitalizes the blood, you may expect to be completely and permanently cured The good blood which Hood's Sarsaparilla makes, reaching the delicate passages of the mucus membrane, soothes and rebuilds the tissues and ultimately cures
