## ONTARIO AGRICULTURE.

Ontario has gained a place among the foremost agricultural countries of the world. Its exhibits at the Chicago Fair attracted world-wide attention to this Province, and it was easily first in the distribution of honors in several departments. In a speech at Guelph the present Governor-General of Canada referred to this marvelous success, and attributed it to the measure to the Department of Agriculture, which is not important enough to demand the undivided attention of a Minister. The growth of the dairy industry in Ontario has been wonderful. In 1893 the quantity of cheese produced was 93,848,948 pounds, and the gross value of it was \$3,959,939. The milk produced on nearly 48,000 farms was used in its production. The department has been successful in its efforts to aid this industry by the issue of pamphlets, the distribution of dairy reports, the establishment of the dairy school and the traveling dairy. Other branches of agriculture have also been assisted by grants and by the dissemination of useful information. In these days of low prices for wheat and barley and of keen competition, there is more need than ever that this work should be continued.

## HE'S WORKING NOW.

Chester Loomis Was Crippled with Kidney Disease—Dodd's Kidney Pills Cured Him—They Were Never Known to Fail.

NEWCOMB MILLS, June 18.—Chester Loomis, a well known farmer living near here, has for years been afflicted with kidney disease, so badly that he could not sit in a buggy to drive to town. As he is 69 years old he despaired of a cure. He tried Dodd's Kidney Pills and they cured him. He has not done any farm work for years, but he helped to put in this spring's crops, and anyone who goes to see him to-day will find him between the plow-handles instead of laid out on a bed or an easy chair as he used to be.

## A Rival of Dixon and Calverley.

Toronto, June 18.—This city has developed a right-rope walker who promises to rival Dixon and Calverley. He is James E. Hardy, son of John Hardy, of the Canadian Pacific. The lad, who is now 18 years old, has been practicing on and off at some of the feats performed by young Hardy are wonderful. In fact, he goes through the same performance as the great Blondin, taking the chair out, sitting on it and smoking a cigarette. A most daring feat is crossing the wire, front and backwards, with his feet fastened in two baskets. The young man is in the hands of a prominent West End merchant, and will be given a chance.

Among the pains and aches cured with marvelous rapidity with Dr. Thomas' Electric Oil is earache. The young are especially subject to it, and the desirability of this Oil as a family remedy is enhanced by the fact that it is admirably adapted not only to the above ailment, but also to the hurts, disorders of the bowels, and affections of the throat, to which the young are especially subject.

## The General Elections

That Terrible "Ross Bible" Indorsed in Illinois.

Choice Specimens of One Class of Mowat's Opponents.

Sir Oliver Accorded a Great Reception at Drumbo—Hon. George W. Ross Makes a Permanent Impression at Newbury.

## THE ROSS BIBLE.

A press dispatch from Chicago, which appeared in the Empire of Saturday, said: "A petition bearing 60,000 names, and representing many religious bodies, has been prepared for presentation to the Chicago Board of Education, recommending that a reading book consisting of selections from the sacred Scriptures, in use in the schools of Toronto, Canada, with the approval of both the Catholic and Protestant Churches, or similar selections, be put in use in the public schools without delay. The petition continues: 'As the whole religious world united without objection in the universal prayer, "Our Father who art in heaven," during the world's religious congress in 1893, we believe that all right-minded classes of Americans now agree on the daily reading in the public school of selections from the sacred Scriptures, and the recitation of that prayer, and the two great commandments upon which hang all the law and the prophets, thereby fixing in the minds of the children the vital spiritual principles on which good citizenship and the future welfare of our country so largely depend.' Among other petitioners are Charles C. Bonney, who was in charge of the religious congress; W. R. Harper, president of the University of Chicago; W. A. Ambler, president of the Columbus Club; W. J. O'Connell, upon whom the title of Camerlangio was recently conferred by the Pope, and other well-known men."

This is the terrible "Ross Bible," which Tory P. P. A. speakers throughout the country are referring to as an evidence that the Government is ruled by the "hierarchy."

HON. G. W. ROSS AT NEWBURY. NEWBURY, Ont., June 18.—The alleged Tory village of Newbury gave the Hon. G. W. Ross a rousing and enthusiastic reception this evening, when he spoke for over two hours on the political issues of the day. The spacious town hall was crowded to overflowing, many having to stand, and standing room was at a premium. The platform was beautifully decorated with flowers and evergreens, and a warmer greeting was probably never tendered at a public man here. Mr. Ross arrived by the evening express from the east and was driven to the hall, hundreds of people from the surrounding districts lining the streets. Mr. John Waterworth, a prominent local politician, presided at the meeting. Mr. George C. Elliott, of Mayfair, was the first speaker, and for an hour he spoke in a telling and convincing manner, refuting statements made and arguments used by the Opposition here on Saturday evening. On rising Mr. Ross was presented with a beautiful bouquet of roses by two little daughters of the Rev. Mr. Andrews. His able and eloquent remarks will not only retain for him his many friends, but will win for him new ones. He reviewed the rapid strides of progress in Ontario during the Mowat administration, and particularly in educational matters during the last decade. The meeting closed with votes of thanks to the ladies and chairman and cheers for the speakers and Sir Oliver Mowat.

SIR OLIVER AT DRUMBO. Sir Oliver Mowat was accorded a most enthusiastic reception when he visited Drumbo on Friday night. The hall was crowded to the doors by citizens and farmers from the surrounding districts, who testified by their presence and by the cordial manner in which they strove to do honor to their Premier their appreciation of his long and honorable career and his never-failing efforts to promote their interests in common with those of the rest of the Province. The chair was ably occupied by the popular young reeve of Blenheim, Mr. Walter Murray.

Sir Oliver Mowat, who was called upon after a few remarks by the chairman, received an ovation at the hands of his audience. He delivered an address of some length, touching upon all the salient questions of Ontario politics, and from the attention paid to his utterances and the applause with which they were greeted at frequent intervals it was evident that they were entirely satisfactory. The reception of his address cannot have failed to be exceedingly gratifying to Ontario's Grand Old Man. Mr. Andrew Pattullo, Woodstock, president of the Western Dairyman's Association, and editor of the Sentinel-Review, closed the meeting in an eloquent and brilliant speech. Sir Oliver will have in the township the largest vote ever polled there.

MR. MEREDITH AT ST. THOMAS. W. R. Meredith and E. E. Sheppard, of Toronto, spoke at St. Thomas on Monday evening to a large audience. Mr. Sheppard spoke for over an hour. He advocated the abolition of the separate school system. Mr. Meredith was not in good health and spoke for only three-quarters of an hour. He dealt mainly with the alleged extravagance of the Government in the matter of crown lands.

A SPECIMEN OF OPPOSITION. At a meeting in South Toronto on Saturday night, while Mr. Clute was in the thick of an argument in answer to the criticisms which have been made in regard to the expenditure of money on colonization roads by the Ontario Government, a man stood up in the hall and said: "What are you going to do?" "What is he going to do?" asked Mr. Clute.

"The Government if it gets in." "The Government are going to continue the honest, economical administration that has existed in the past." "It that's all you're going to do we better have a change of Government."

NO RES. The anti-Mowat press in all its branches has not a single charge to make against the Mowat Ministry, which does not require the aid of misrepresentation. From the call to the bull, and from the cross in the Legislature ceiling to the educational laws the same rule holds good.

If the Conservatives are so anxious to encourage the manufacture of lumber in Canada, they have a Government in power at Ottawa which can reimpose the duty on sawlogs. Why shift the burden to the shoulders of the Provincial Government? Sir Oliver Mowat and Hon. Geo. W.

Ross will probably speak in Hamilton next Saturday evening.

Sir Oliver Mowat will speak in the county of Lennox on Monday, June 25. He will speak this week at the following points: June 19, Woodstock; June 20, Thamesville; June 21, Simcoe; On Friday evening Sir Oliver will be in Toronto, and will address a meeting of Mr. Lindsey's supporters in West Association Hall. On Monday evening, the eve of the day of polling, Sir Oliver will probably speak at Napanee.

## COL. LEYS EXPLAINS.

No Quarrel With the Liberal Party, and a Supporter of Mr. T. S. Hobbs.

To the Editor of the Free Press: I have sent the following letter to the Free Press.

In your issue of this date you have a squib which reads as follows: "The 'fried liver' and 'hot coffee' entertainment at Grit rooms in the sixth ward are now things of the past. The donor has secured on the party leader."

Now, sir, as I am the donor of the "fried liver" and "hot coffee" entertainment, as appeared by a paragraph in your issue some days since, I beg to say I have not deserted my party (if, as you say, I have soured on the party leader), nor do I intend to, but will endeavor by all legitimate means in my power to elect their nominee, Mr. Thos. Hobbs.

I see no reason why a private quarrel between Sir Oliver Mowat and myself should cause me to desert the party of which I have been a life-long member. Yours sincerely, F. B. LEYS.

London, June 18, 1894.

—Don't quarrel with your neighbors over the election, counsels the Canada Presbyterian. Above all things, don't quarrel with them at the bidding of some miscreant who may be earning a dirty dollar by stirring up strife among neighbors. Morally, there is no difference between the Anarchist who makes war against capital with dynamite and the man who uses the Bible to make Protestants and Catholics take each other by the throat. In fact, the Ontario Anarchist is the worst of the two, for he adds a veneer of hypocrisy to his crime. The infamous work of kindling religious strife is always easily done in a mixed community like ours. An idiot with a torch can burn down Toronto quite as easily as a sensible man. In fact, an idiot is much more likely to burn the city than any sensible man would be. The most abandoned political profligate that ever wagged his lying tongue or drew a venomous pen can stir up the most deadly sectarian strife as quickly as the ablest man in the country. Therefore we say to every reader, beware of the tramp who tries to kindle strife among neighbors. The tramp will go back to his lair on the 26th, but the neighbor remains and must be met every day. Many of them are good neighbors who have helped many a time in the past 30 or 40 years. More the shame to quarrel with them at the bidding of scamps who may be earning a few dollars a day by stirring up the worst passions of human nature.

When this nourishing and life-sustaining Food is fed to the infant in summer time it shields and protects from all the fatal complaints that cut down so many poorly-fed babies.

## HOOPER SENTENCED

To 25 Years in Prison for the Attempt to Drown His Wife.

THREE RIVERS, Que., June 18.—Hooper spoke for three hours this afternoon, claiming that the witnesses and the jury were prejudiced against him.

The judge, before passing sentence, said the prisoner had a fair trial and that his own relatives, if they had been on the jury, could not have done otherwise than give the same verdict. Hooper was then sentenced to 25 years in the penitentiary.

## Cut to Pieces!
