FOUGHT TWENTY FAST ROUNDS. Detroit Writer Describes New St. Louis, Mo., April 16. — Hugo Kelly, of Chicago, and Mike Schreck, Points, Weak and Strong-Did Phenomenal Work.

A writer in the Detroit Free Press STAKES AT THE AQUEDUCT has the following concerning the Shamrock: But speculation and good guessing aside, if the Shamrock III. did rightfully Thursday to the Shamrock I. what the cables from Weymouth tell us-beat her over a 30-mile windward and leeward course by 17 minutes and 25 seconds—those of us who have been saying that her form was not up to expectations, will have to haul in our horns and eat humble Last week in these columns we delicately intimated that the Shamrock I. was not being sailed for all she is worth, this surmise being due to the apparent half-hearted racing shown in the meager cables. Apparently, however, the races at Weymouth were the ance of the new challenger over a tance is nothing short of phenomenal and sensational-if the Shamrock I. is can tell.

The first Weymouth race showed the Shamrock III. to be decidedly weak down the wind and in great form on the wind. The marvelous race of Thursday, however, proved her to be far superior to the trial horse in run-ning, beating her in 15 miles free by over 10 minutes. On the beat back her elapsed time was over 7 minutes faster than Shamrock I., and on this point she showed herself better than ever before. There can be no doubt that Shamrock III. is a good fresh weather boat on the wind. Her performances in this respect have been consistent.
