MISSED EXPRESS AT CHICAGO MR. M'KINLEY AND FREE TRADE

Hiring a Special He Made Up Forty- The Late American President Said Nine Minutes and Overtook the Train at Toledo.

New York, July 30. - J. Hegeman Foster, of Foster & Lounsbury, brokers, at No. 24 Broad street, arrived asked if, at the colonial conference, short work of the clearing. ute before the market opened. To do that he performed a feat in rapid transit never before attempted-he overtook with a special train the flying Twentieth Century Limited Express. He was here when the market opened, although he narrowly escaped ed. Nothing further could be published

Mr. Foster happened to be in a city far west of Chicago early on Sunday morning, when he received a telegram which demanded his presence in his New York office early on Monday morning. He hurriedly consulted his time-table, only to find that the first train he could catch would bring him in on the west side of Chicago at 12:30 p.m., just as the Twentieth Century Limited was rolling out from the eastern side.

The idea of pursuing the flyer did not occur to Mr. Foster. From Mil-Maidstone yesterday, described Mr. Joseph Chamberlain's scheme as "an waukee he telegraphed to Assistant Superintendent Brown, of the Lake Imperial peril, which must be considered first above all other political questions until it has been defeated." Shore road: "If possible, hold the Twentieth Century leaving Chicago for New York at

12:30 p.m. regardless of cost. Must reach Wall street in time for opening Monday morning." Now, the limited doesn't wait for mere man any more than time or tide would. Mr. Brown wired to Broker Foster a polite reply to that effect.

He promptly teleand Chicago. graphed: "Please have special ready to catch Twentieth Century Limited."

Mr. Brown immediately began to scorch the wires leading out of his office with orders requiring the utmost

The western train arrived in Chicago fourteen minutes late, which made it seem impossible to catch the limited. this, said he had a private interview Before the train had quite stopped Mr. with the late President McKinley two Foster had leaped off the front steps years ago, in which the latter said: "My tariff bill has done its work. We station and plunged into a cab. The have been able to build up many great driver lashed his horses. industries in a short time, and now gradually, but inevitably, our tariff must be reduced." Within twenty minutes they had galloped across town and Mr. Foster was darting into the Lake Shore station, where Mr. Brown had a Rock Island dummy waiting for him. Dummies are no usually associated with high speed, but this one had speed to burn as it dashed out to Englewood.

With the safety valve roaring as the AFTER TWENTY-FIVE YEARS surplus steam escaped in great clouds, a big-wheeled locomotive stood by the Englewood platform, a solitary car Maxime Boucher's Kidney Disease coupled to it. The engineer was leaning far out of the cab and watching for Mr. Foster. He smiled approvingly as he saw the New Yorker run down within the Cabinet on the free trade the platform, and he gently pulled at side, is preparing to declare himself cial).—For a quarter of a century the throttle and gave her a little steam Maxime Boucher, of this place, sufbefore the solitary passenged jumped before the solitary passenged jumped

Even Barney Oldfield, in his world's record automothe latter station he was 20 minutes behind the limited.

there were 1,124 bituminous coal mines in operation in Pennsylvania, as compared with 948 in December 31, 1900.

there were 1,124 bituminous coal mines bile, must have dropped back beaten by this terrific pace. Mr. Foster sat in the rolling recking are big recking are big preferential treatment from the in the rolling, rocking car, his gaze South African customs convention and fixed on the dial of his watch, his mind revise the duties with a view to the busy with what might happen if he protection of South African industries. were not in New York when the mar-

Little stations and big stations flew past the windows. Mr. Foster comared the running time his watch howed with the schedule of the Twentieth Century Limited in the time-table and he permitted himself to smile. For very slowly but none the less surely he special was gaining in the race. Laporte found him seven minutes to the good; South Bend increased the gain o fifteen. At Elkhart the chase had asted 100 miles and the pursuers had

picked up twenty minutes. At last a long, triumphant scream of the whistle-Toledo! The engineer grinned as he stopped his special close behind the last car of a train which was that moment starting for New York. Mr. Foster ran down the platform and leaped aboard the Twentieth Century Limited. He had made up 49 minutes in a run of 244 miles. And he arrived in New York at 9:30 a.m. and reached his office before 10. There's really nothing to say about Mr. Foster told the World reporter ast evening; "even if it is true, things ke that are done every day."

BIG SALE OF TIMBER

To Facilitate Entrance of Settlers Into North Ontario.

Toronto, July 30. - The Government timber sale, which is expected to take place next December, will be the largest since 1885, and the fourth largest since Confederation. About 900 square miles, or 25 townships, will be offered. Some of the crown lands imber agents and estimaters received instructions Tuesday as to their duties in connection with the sale. They will furnish information upon which to base the Government upset price. The reason for the sale lies in the necessity of making room for the influx of settlers along the lines of the new railways now under construction or pending, viz., the Temiscaming and North-ern Ontario, the Bruce Mines and Algoma, and the Central Canada. Another reason for the sale is to prevent loss by forest fires with the incoming of settlers. Since Confederation there have been fourteen timber sales in Ontario, disposing of 10,818 square miles. The last sale was in Septem-

foam—cools the blood, and revives and refreshes the whole system. And one glass may be followed by another, and anotheryou can drink all you want, the more the better. Every glass is health-giving and delightful. The greatest of summer thirstquenchers. A package makes five gallons, Bold everywhere, or by mail for cents. Beware of imitations.

WHY Bu-Ju **CURES**

RHEUMATISM

The manufacturers of Bu-Ju, the Kidney Pill, do not claim that it will cure everything. They assert, however, with a confidence borne out by many testimonials that for all kidney troubles, of which Rheumatism is one of the consequences, there is nothing before the public that can in the least compare with its efficacy. Bu-Ju has cured so many cases of Rheumatism - not giving temporary relief alone, but effecting a radical cure of the disease-that it has more than substantiated all that was ever claimed for it. A trial box of the remedy will soon convince any sufferer that relief and cure are at hand, and druggists will refund the price if this is not proved by its use. All dealers sell Bu-Ju in boxes of 50 pills, 50 cents. Substitutus should be rejected and only Bu-Ju accepted.
