

### Tan, Red or Freckled Skin Is Easily Shad

To free your summer-splashed skin of its oiliness, muddiness, freckles, blotches or tan, the best thing to do is to free yourself of the skin itself. This is easily accomplished by the use of ordinary mercurized wax, which can be had at any drug store. Use at night, as you use cold cream, washing it off in the morning. Immediately the offending surface skin begins to come off in fine powder-like particles. Gradually the entire cuticle is absorbed, without pain or inconvenience. The second layer of skin now in evidence presents a spotless whiteness and sparkling beauty obtainable in no other way I've ever heard of.

If the heat tends to loosen and wrinkle your skin, there's an effective and harmless remedy you can readily make at home. Just let an ounce of powdered salicylate dissolve in a half-pint of witch-hazel and bathe your face in the liquid. This at once tightens the skin and smooths out the lines, making you look years younger.—Emily Coulson in Popular Monthly.

### [DISFIGURED WITH] ERUPTIONS ON FACE

Body Covered With Running Sores. Could Not Sleep from Itching and Pain. Cross and Fretful. Tried Fifty Remedies Without Result. Cured in Nine Days by Cuticura Soap and Ointment.

30 Champagne St., Montreal, Quebec.

"I have a five-year-old boy who was suffering from what the doctor said was 'la greselle.' His body was all covered with running sores. The trouble started with pimples and opened up into sores. Of course scratching made it worse. The eruptions appeared on his face. The boy could not sleep at night from the itching and pain, and I did not know what to do with him. It made him cross and fretful. If I have tried one, I have tried fifty remedies without result. At last I got a sample of Cuticura Soap and Ointment, and after using them two days I noticed a change. I then bought a full-sized cake of Cuticura Soap and a box of Cuticura Ointment and I used to give the boy a hot bath daily using Cuticura Soap freely, and then applied the Cuticura Ointment. He had suffered three months with the horrible disease before I started to use the Cuticura Soap and Ointment, and nine days after the boy was cured and has not been troubled since." (Signed) E. Cloutier, Dec. 12, 1911.

Cuticura Soap and Cuticura Ointment are sold by druggists and dealers everywhere. A single set is often sufficient. Its liberal sample of each mailed free, with 32-p. Skin Book. Address post card Potter Drug & Chem. Corp., Dept. 40D, Boston, U. S. A.

## MOTHER HAD PREMONITION THAT SON HAD PERISHED

Former St. Thomas Man Drowned From the Steamer State of California Has a Sister Residing in London.

[Special to The Advertiser.]

St. Thomas, Aug. 19.—Among the missing and believed to have perished on the Pacific coast steamship State of California in Camburn Bay Sunday morning is a former well-known St. Thomas man, Alfred A. Dier, of Victoria, B. C. Mr. Dier was born in St. Thomas about 60 years ago. He carried on a drygoods business in this city. Later he was connected with the Mark Fisher Company, Montreal. He left St. Thomas twenty years ago for Victoria. His wife died four years ago, and he is survived by three sons, Dr. Elmore Dier, Philadelphia; Dr. Harry

Dier, Victoria, B. C.; Dr. Roy Dier, Ladysmith, B. C. and one daughter, Mrs. (Dr.) C. McEwen, Port Hammond, B. C. His aged mother and sisters, Miss F. Dier and Mrs. A. Graham, reside in St. Thomas, and one sister, Mrs. Joseph Pocock, in London.

A strange feature in connection with the matter is that only today aged Mrs. Dier was very apprehensive of bad news. She told her daughters of dreaming that she had seen her son through a large door and had later seen him pushed off a sort of platform into space and disappear. She was over the affair.

Mr. Dier's name was among the list of those drowned.

## THREE BADLY HURT WHILE HELPING AT BARN RAISING

Big Sill Fell and Crushed Two Farmers, and Another Slipped From a Timber and Sustained Big Cut in His Head.

[Special to The Advertiser.]

Aylmer, Aug. 20.—As a result of two bad accidents which occurred yesterday afternoon when a big barn was being raised at Joseph Laur's near Glencolin, John Bowen, aged 50, had his leg smashed in two places, Wm. Houghton had three ribs fractured, and George Roy had his head badly cut.

Bowen and Houghton were hurt when a big sill dropped on them as they were trying to raise a heavy timber on it. Houghton was struck in the back, and the sill fell against Bowen and knocked him over.

Later Roy, who was up on the barn, fell and struck his head against a timber. Over forty men took part in the barn raising.

## BIG PEACE ASSEMBLY WILL BE HELD AT STAG ISLAND

Leading Statesmen From All Over the World Will Be Present to Celebrate One Hundred Years of Peace—Islands May Be Dedicated Permanently.

[Special to The Advertiser.]

Sarnia, Aug. 20.—Stag Island will next week be the gathering place for the International Peace Assembly and elaborate preparations are under way for the big meeting.

The American Peace and Arbitration League, of which Theodore Roosevelt is honorary chairman, has offered to send Louis Lochner to speak on international peace, and also Prof. L. E. Hanning, of Victoria College, Toronto, and B. N. Langdon Davis, of London, England, one of the ablest speakers in the cause of international peace, who is now in Boston en route to attend the Cornell University Congress at Ithaca, N. Y.

The object of the International Peace Assembly is to dedicate Stag Island to the cause of perpetual peace, to build on the island a big auditorium seating thousands of persons, and to have an annual international peace assembly lasting for two months. It is a sort of jubilee commemorating the victories of peace between the United States and Canada for one hundred years, and to create a permanent in favor of its everlasting perpetuity.

Famous Statesmen. Not only will the world's famous statesmen come to orate on the glorious

victories of peace and the inestimable advantages of international goodwill, but famous artists will sing the glorious songs of celebrated composers, believing that music hath charms, and will inspire all who hear to good-fellowship, while every branch of education will be taught on the island. If the plan is consummated, yet the joyful, exhilarating sports will not be overlooked. Hydro-aeroplane flights will be arranged. Fireworks displays will be given, and motor-boat races will be inaugurated. The assembly is to be held from the 24th to the 31st of August.

## New Gas Line Has Reached Muirkirk

[Special to The Advertiser.]

Muirkirk, Aug. 20.—The Southern Ontario Natural Gas Company, which is laying a line of pipe from the Tilbury gas fields to Hamilton, have reached here. A large number of men are engaged on the work. They are putting in a pipe twelve inches in diameter, and burying it four feet in the ground. They have two ditching machines which do splendid work.

## Character Saved Young Bigamist

[Special to The Advertiser.]

St. Thomas, Aug. 19.—John Galbraith, the young Scotchman who was charged before Judge Colter with having a wife in Scotland and also one in St. Thomas, was let off on suspended sentence today by Judge Colter, owing to the fact that his employer, John Lytle, gave evidence as to the good character of the accused since being employed by the company three years ago, declaring that he had been the main support of a blind father, his mother and several small brothers and sisters.

## Picture in Paper Gave Thaw Away

Sherbrooke, Quebec, Aug. 19.—The arrest of Harry Thaw was directly due to the publication of his picture in a newspaper. Burleigh Kelsey, deputy sheriff of Cook County, New Hampshire, boarded a Maine Central train at Lancaster last evening and sat down in the smoker to read his paper.

As he was approaching his home a stranger in the next seat asked him the name of the county through which the train was passing. The deputy sheriff thought he had seen the man somewhere before. His eyes at the moment fell on the open newspaper in his lap. On the page before him was the picture of the man who was speaking, and it was labelled "Harry K. Thaw." There was no mistaking it. The man and the picture were one. Kelsey stared at his questioner, who suddenly remarked, "You don't know who I am, do you?" "You are Harry K. Thaw," was the reply. Thaw admitted his identity and said he was going to Canada.

## Saved His Life by Striking Matches

[Special to The Advertiser.]

Chatham, Aug. 19.—James Young, an American, aged 27 years, had a painful experience last night, as a result of which he may lose his life. Young was walking the G. T. R. tracks towards Ringold, where he had secured a position, when he was struck by a train. He received a broken leg and a fractured arm, and his head and shoulders were badly injured. The engineer of the passenger train, who was passing at the time, struck him, for the train did not stop. Young lay on the roadbed for over an hour, unable to move anything but his left arm, and with no one to give him assistance. Seeing a freight train approaching he lit a number of wax matches and flagged the train. The crew of the freight train after learning his condition brought him into Chatham, where his injuries were attended to. He is now in the hospital in a very precarious condition.

## HURT IN RUNAWAY

W. Whiting and Roy Reily, of Muirky, Hurled Off.

[Special to The Advertiser.]

Munee, Aug. 20.—When driving near Strathroy yesterday, Mr. W. C. Whiting and Mr. Roy Reily were thrown from their buggy. Mr. Whiting had two ribs broken and was otherwise injured. Mr. Reily escaped without serious injury. The accident was caused by the horse becoming frightened at some object in the field and bolting suddenly. This overturned the buggy.

## LIVE STOCK AND PRODUCE MARKETS

### PRODUCE.

TORONTO, Aug. 19.—Farmers throughout the Province are still taking their time about delivering wheat, and local business as a result continues dull. The farmers are not so enamored with present price levels that marketing becomes an urgent necessity, and it is not unlikely dealers will have to raise their bids a little. At country points 55c is being offered, but market holders are demanding 56c, and in some cases 57c. The comparative scarcity of No. 2 northern has narrowed the range to the higher grade. On Monday No. 2 was within 1 1/2c of No. 1, and yesterday local dealers quoted a cent difference. The milling demand at present is not heavy, but steady. No. 2 are small. The advance in No. 2 has had the effect of stimulating business in No. 1, and more than one contract calling for No. 2 has been filled with No. 1. Western oats are steady, with no change in prices. Flour—Ontario wheat flour, No. 2, at 90c; No. 1, at 91c; No. 3, at 89c. Flour—Ontario wheat flour, No. 2, at 90c; No. 1, at 91c; No. 3, at 89c. Flour—Ontario wheat flour, No. 2, at 90c; No. 1, at 91c; No. 3, at 89c.

## UGH! HOW CHILDREN HATE CASTOR OIL

To Clean the Little One's Stomach, Liver and Waste-Clogged Bowels Give Gentle "Syrup of Figs."

Look back at your childhood days. Remember the physic that mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. The day of harsh physic is over. We don't insist on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

Force the liver and 20 feet of bowels now; we coax them. We have no dreaded after effects. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their little stomachs and tender bowels are injured by them.

If your child is fretful, peevish, half sick, stomach sour, breath feverish and its little system full of cold, has diarrhoea, sore throat, stomach-ache; doesn't eat or rest well—remember—look at the tongue, if coated, give a teaspoonful of Syrup of Figs. Then don't worry, because you surely will have a well, smiling child in a few hours.

Syrup of Figs being composed entirely of luscious figs, senna and aromatics simply cannot be harmful. It sweetens the stomach, makes the liver active and thoroughly cleanses the little one's waste-clogged bowels. In a few hours all sour bile, undigested fermenting food and constipated waste matter gently moves on and out of the system without griping or nausea.

Directions for children of all ages, also for grown-ups, plainly printed on the package.

By all means get the genuine. Ask your druggist for the full name "Syrup of Figs and Elixir of Senna" prepared by the California Fig Syrup Company. Accept nothing else.

## LIVE STOCK.

TORONTO, Aug. 20.—The run at the Union stockyards yesterday totalled 205 cars, with 3,711 cattle, 208 calves, 671 hogs and 2,802 sheep. Yesterday's business in the character of the opening market from the close of last week was noted today.

This was perhaps due to the change to cool weather, as the run was quite large, and under the climatic conditions of the past few days there would undoubtedly have been a slump in all trades. However, in spite of the heavy run, cattle opened at about steady with last week. The grade is also improving, and an increase in prices will be recorded shortly.

Cows were steady to firm, with a slight falling off in the commoner classes. The sheep market was the only one to be materially affected by the large run. In that market prices dropped about 50c, and in some cases even \$1 less than at last week's closing was paid for offerings.

Calves were a very good trade, prices being steady with last week. Hogs were a good trade at about 10c below last week's closing. The outlook for the week is good. It is hardly probable that there will be another spell of the very hot weather of the former part of the week before the closing of the market. With congenial climatic conditions prevailing, there will not be as many cattle shipped in, while the demand will be increased, which means that prices will advance.

Another important factor in the market of this and next week is the Exhibition. A great deal of meat will be required for that event, and necessarily a large amount of buying will have to be done to adequately supply the increased consumption. The quotations were:
