It is possible, though, that some of the me were still living when the vessel strik the ground. The captain's body we found some distance from the stricted saturdays for their greatest efforts. But a bright moon deterred any attempt since three weeks ago, when thirteen raiders came over the sea. The change from the unlucky thirteen to twelve last night brought worse instead of better luck to the German flying squadron. From the moment the first zeppelin appeared it was evident that the raiders were of the new and large types. This has been borne out by the two brought down. One of the burning zeppelins in falling crashed through a row of trees in Essex, two of which pierced the lattice work of the envelope supports. As usual, the village fire engine was quickly on the scene and began putting water on the blazing wreck. Police body ws found some distance from the ting water on the blazing wreck.
