About 5,000 tourists visit Jerusalem each year and the two hotels afford insufficient accommodations even with the additional room supplied by a convent and a German hospice or travellers' refuge.

Sir Oliver Tressilian is betrothed to Rosamund Godolphin, but the marriage is opposed by Rosamund's brother, Peter, and her guardian, Sir John Killigrew. When Oliver's disappearance it is assumed he has fled to escape trial. Out at sea Leigh offers, for a price, to take Oliver back to England, and is about to turn back when a great Spanish ship bears down upon them, her guns in action. The that portion of his life that had been spent upon the seas, and many an awkward little circumstance which

had slipped his memory long since, which he now recalled, and which certainly was not calculated to make his sentence lighter.
Had he not been in the Barbados in such a year, and had he not there captured the galleon Maria de la Dolores? What was that but an act of villainous piracy? Had he not scuttled a Spanish carack four years ago in the bay of Funchal? Had he

not been with that pirate Hawkins in the affair at San Juan de Ulloa? And so on. Questions poured upon him and engulfed him.

He almost regretted that he had given himself the trouble to accept conversion and all that it entailed at the hands of the Brethren of St. Dominic. It began to appear to him that he had but wasted time and escaped the clerical fire to be dangled on a secular rope as an offering to the vengeful gods of out-

raged Spain.

So much however, was not done. The galleys in the Mediterranean were in urgent need of men at the time, and to this circumstance Sir Oliver, Captain Leigh, and some others of the luckless crew of the Swallow owed their lives, though it is to be doubted whether any of them found the motter. Swallow owed their fives, them found the matter one for congratulation. Chained each man to fellow, ankle to ankle, with but a short length of links between, they formed part of a considerable herd of unfortunates who were driven across Portugal into Spain and then southward to Cadiz.
