Imagination Rins Riot.
"But," the publisher explained, "the chief characters in your story are a man and a woman who go on making love to each other for years and years after they are married."
"Well," the young man replied, "you must remember this is a work of fiction."

The presence of moisture in tobacco, the Lancet believes, is of importance to public health, since a combustion of tobacco containing a large proportion of moisture is impeded, and the generation of vapor is increased, so are the chances of the poisonous principle being carried into the mouth.
